## SUNCREAT B08Q3FYY6G

# SUNCREAT Double Hammock with Curved Spreader Bar Instruction Manual

Model: B08Q3FYY6G | Brand: SUNCREAT

## 1. INTRODUCTION

Thank you for choosing the SUNCREAT Double Hammock. This manual provides essential information for the safe and proper setup, operation, and maintenance of your hammock. Please read all instructions carefully before use and retain this manual for future reference.

**Safety Warning:** Maximum weight capacity is 450 lbs. Securely anchor the hammock to stable supports. Be cautious of the curved spreader bar design to prevent accidental tipping. Always ensure the hammock is properly installed and stable before use.

## 2. PACKAGE CONTENTS

Verify that all components are present before proceeding with assembly:

- 1x Double Hammock (Poly-cotton Fabric with Bamboo Spreader Bars)
- 1x Drawstring Carrying Bag
- 2x Tree Straps (9.84 feet each)
- 2x Carabiners

# Product Accessories

## Storage Bag \*1

Portable drawstring bag, easy to carry!

## Tree Strap \*2

More convenient to assemble

## Carabiners \*2

Easy to use

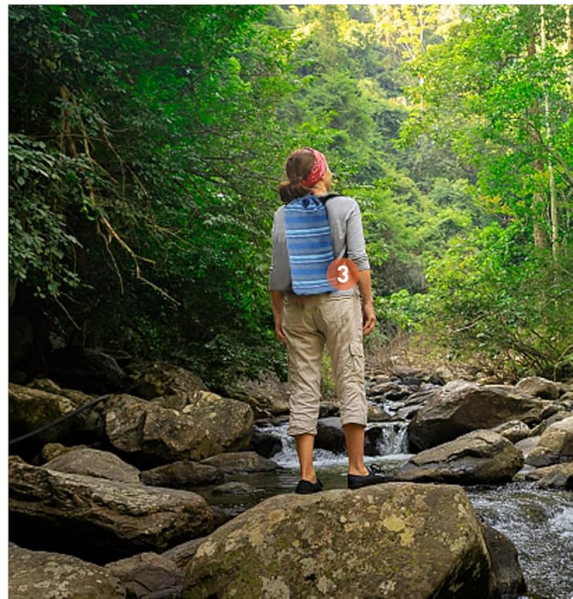

Figure 2.1: Included accessories for the SUNCREAT Double Hammock. This includes the portable drawstring bag, two tree straps, and two carabiners for easy assembly and transport.

## 3. SETUP INSTRUCTIONS

The SUNCREAT Double Hammock is designed for easy setup, whether using the included tree straps or a compatible hammock stand (not included).

### 3.1 Assembling the Spreader Bars

The curved spreader bars come in two splicing pieces for portability. To assemble:

1. Align the two halves of each bamboo spreader bar.
2. Push the metal button on one half and slide it into the other half until the button locks into place. Ensure a secure connection.
3. Repeat for the second spreader bar.

# Strong Curved Spreader Bar

Figure 3.1: Detail of the strong curved spreader bar, highlighting the connection mechanism and the countersunk holes for ropes. The curved design helps maintain hammock shape.

## 3.2 Hanging the Hammock with Tree Straps

For optimal comfort and safety, choose two sturdy trees or posts that are approximately 11.2 feet apart. The hammock's total length from loop to loop is 11.2 feet.

1. Wrap one tree strap around each chosen tree/post at your desired height. Ensure the straps are level.
2. Thread the end of the strap through one of its loops to secure it around the tree.
3. Attach a carabiner to one of the loops on each tree strap. The tree straps feature multiple loops for adjustable hanging height.
4. Hook the O-shaped steel ring of each end of the hammock onto the carabiners.
5. Ensure the hammock is taut and the curved spreader bars are facing upwards to create a comfortable, open bed.

Figure 3.2: The SUNCREAT Double Hammock installed between two trees, demonstrating the ideal setup for relaxation. Note the upward curve of the spreader bars.

### 3.3 Hanging the Hammock on a Stand

If using a hammock stand (not included), ensure it is compatible with a hammock length of 11.2 feet (loop to loop). Simply hook the O-shaped steel rings of the hammock onto the stand's hooks.

Video 3.1: A short demonstration of the SUNCREAT Double Portable Hammock being set up and used in a camping environment. This video highlights its portability and ease of installation between trees.

Video 3.2: This video showcases the SUNCREAT Portable Camping Hammock, demonstrating its features and how it can be easily transported and set up for outdoor use.

## 4. OPERATING INSTRUCTIONS

Once properly set up, your SUNCREAT Double Hammock provides a comfortable and relaxing experience.

### 4.1 Using the Hammock

1. Carefully approach the center of the hammock.

2. Sit down slowly, distributing your weight evenly.
3. Adjust your position for optimal comfort. The curved spreader bars are designed to keep the hammock open and prevent a 'cocooning' effect.
4. To exit, shift your weight towards the edge and stand up slowly.

Figure 4.1: A user enjoying the comfort of the SUNGREAT Double Hammock. The wide bed and spreader bars allow for a spacious and stable resting position.

## 4.2 Important Safety Notes

- Do not exceed the maximum weight capacity of 450 lbs.
- Always ensure the hammock is securely attached to stable anchor points.
- Avoid sudden movements when entering or exiting the hammock.
- Keep children under supervision when using the hammock.
- Do not allow pets with sharp claws on the hammock fabric to prevent damage.

## 5. MAINTENANCE

Proper care will extend the life and appearance of your hammock.

## 5.1 Cleaning

- For light cleaning, spot clean with mild soap and water.
- For deeper cleaning, hand wash the fabric with a mild detergent. Avoid harsh chemicals or bleach.
- Rinse thoroughly and allow to air dry completely before storage.

# Upgraded Poly-cotton Fabric

Figure 5.1: The upgraded poly-cotton fabric of the hammock, known for its durability and comfort. Regular cleaning helps maintain its quality.

## 5.2 Storage

- When not in use, especially during inclement weather or off-season, store the hammock in its carrying bag.
- Store in a cool, dry place away from direct sunlight and moisture to prevent mildew and fading.
- The splicing spreader bars can be disassembled for compact storage.

## 6. TROUBLESHOOTING

If you encounter any issues with your hammock, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Hammock feels unstable or too low.	Improper hanging height or distance between anchor points.	Adjust the tree straps to a higher loop or move anchor points closer together. Ensure spreader bars are facing upwards.
Spreader bar not locking securely.	Button not fully depressed or misaligned.	Ensure the metal button is fully depressed and the two halves are perfectly aligned before sliding together until the button clicks into place.
Fabric appears stretched or damaged.	Exceeding weight capacity or prolonged exposure to harsh elements.	Always adhere to the 450 lbs weight limit. Store the hammock when not in use to protect it from weather.

## 7. SPECIFICATIONS

Feature	Detail
Model Number	B08Q3FYY6G
Material	Bamboo Spreader Bar, Poly-cotton Fabric, Polyester Ropes, Steel O-ring
Color	Blue
Product Dimensions (L x W)	133.9" x 63"
