Carrera 20062532

Carrera GO Nintendo Mario Kart P-Wing Slot Car Race Track Manual

Model: 20062532 | Brand: Carrera

1. INTRODUCTION

Welcome to the exciting world of Carrera GO!!! With your new Carrera GO Nintendo Mario Kart P-Wing slot car race track set, you can experience thrilling races with Mario and Yoshi. This manual provides essential information for the safe assembly, operation, and maintenance of your racing system. Please read these instructions carefully before first use and keep them for future reference.

This product is recommended for users aged 6 years and up.

2. SAFETY INFORMATION

To ensure a safe and enjoyable experience, please observe the following safety guidelines:

- **Adult Supervision:** This product is suitable for children aged 6 and above. Adult supervision is recommended during assembly and operation.
- **Electrical Safety:** Only use the provided power adapter. Do not attempt to modify the electrical components. Keep the track and power supply away from water or damp conditions.
- **Small Parts:** The set contains small parts which could pose a choking hazard for very young children. Keep out of reach of children under 3 years.
- **Track Assembly:** Ensure all track pieces are securely connected to prevent disconnection during play.
- **Car Handling:** Avoid touching the running gears or wheels of the cars while they are in motion.
- **Storage:** Store the set in a dry place, away from extreme temperatures.

3. PACKAGE CONTENTS

Please verify that all components listed below are included in your package:

Carrera GO!!! Mario Kart™ P-Wing Set Inhalt

GO!!!

4x Gerade 342 mm

5x Gerade 114 mm

2x Leitplanke

3x Leitplanke

1x Mario Kart™
P-Wing - Mario

1x Mario Kart™
P-Wing - Yoshi

1x Looping Set

1x Transformer

Image 3.1: Exploded view of the Carrera GO Mario Kart P-Wing set components. This image illustrates all parts included in the package, such as track pieces, cars, controllers, and power supply.

- 1x Mario Kart™ P-Wing - Mario Car
- 1x Mario Kart™ P-Wing - Yoshi Car
- 2x Speed Controllers with Turbo Boost button
- 1x Connection Track
- 1x Lap Counter Track
- 4x Straight Track (342 mm)
- 5x Straight Track (114 mm)
- 6x Curve Track (90°)
- 1x Looping Set (multiple pieces)
- 5x Guardrails (various lengths)
- 1x Decorative Element (Bowser's Castle background)
- 1x Transformer (Power Supply)

4. SETUP INSTRUCTIONS

Follow these steps to assemble your Carrera GO!!! race track:

- Choose a Location:** Select a flat, stable surface for your race track. Ensure there is enough space for the desired track layout (e.g., 158 x 68 cm for the standard layout).
- Assemble Track Pieces:** Connect the track pieces by aligning the connectors and pressing them firmly together. Start with the connection track and build outwards. Refer to the included layout diagrams for inspiration.

Image 4.1: Example of a complete Carrera GO Mario Kart P-Wing track layout. This image shows the assembled track with cars, controllers, and decorative elements.

- Install Looping Set:** Assemble the looping track sections according to the separate instructions provided with the looping set. Ensure it is securely integrated into the main track.
- Attach Guardrails:** Clip the guardrails onto the outer edges of curves and other designated areas to prevent cars from flying off the track.
- Place Decorative Elements:** Position the decorative elements around the track as desired.
- Connect Speed Controllers:** Plug the two speed controllers into the designated ports on the connection

track.

7. **Connect Power Supply:** Plug the transformer into the connection track and then into a suitable wall outlet.
8. **Place Cars:** Carefully place the Mario and Yoshi P-Wing cars onto the track, ensuring the guide pins are correctly inserted into the track slot and the contact brushes are flat against the track rails.

Image 4.2: Close-up view of the Mario and Yoshi P-Wing slot cars. These are the two racing vehicles included in the set.

5. OPERATING INSTRUCTIONS

Once the track is assembled and powered, you are ready to race!

- **Start Racing:** Gently press the trigger on your speed controller to make your car move. The further you press, the faster the car will go.
- **Turbo Boost:** For an extra burst of speed, press the red "TURBO BOOST" button on your speed controller. Use this strategically to overtake opponents or navigate challenging sections.
- **Lap Counter:** The integrated lap counter will automatically register each completed lap for both cars.
- **Cornering:** Reduce speed slightly when entering curves to prevent your car from derailing. Practice makes perfect!
- **Derailment:** If a car derails, simply place it back on the track, ensuring the guide pin is in the slot and brushes

are correctly positioned.

6. MAINTENANCE

Regular maintenance will help prolong the life and performance of your Carrera GO!!! set:

- **Cleaning Track:** Periodically wipe the metal contact rails of the track with a clean, dry, lint-free cloth to remove dust and dirt. Do not use water or cleaning agents.
- **Cleaning Cars:** Keep the car bodies clean. Check the guide pins and contact brushes for wear. Replace worn brushes as needed (replacement brushes are typically sold separately).
- **Brush Maintenance:** Ensure the contact brushes on the underside of the cars are clean and positioned flat against the track rails for optimal electrical contact.
- **Storage:** When not in use, disassemble the track and store all components in their original packaging or a suitable container to protect them from dust and damage.

7. TROUBLESHOOTING

If you encounter issues with your Carrera GO!!! set, consult the following table:

Problem	Possible Cause	Solution
Car does not move or moves intermittently.	Loose track connection, dirty track rails, worn contact brushes, car not properly seated.	Check all track connections. Clean track rails. Inspect and adjust/replace contact brushes. Ensure car's guide pin is fully in the slot.
No power to the track.	Power adapter not connected, wall outlet issue, connection track not properly connected.	Ensure transformer is securely plugged into the connection track and wall outlet. Test wall outlet with another device. Check connection track for secure fit.
Car derails frequently.	Excessive speed in curves, guardrails missing or loose, track uneven.	Reduce speed before entering curves. Ensure all guardrails are properly installed. Check track for flat and stable assembly.

8. SPECIFICATIONS

Key technical details for the Carrera GO Nintendo Mario Kart P-Wing set:

Feature	Detail
Model Number	20062532
Product Dimensions (L x W x H)	58 x 10 x 40 cm (packaged); 2.12 kg
Recommended Age	6 years and up
Number of Game Players	1 (designed for 2 players with included controllers)
Assembly Required	Yes
Remote Control Type	Infrared (wired controllers)
Scale	1:43 (cars)

Feature	Detail
Track Length	4.9 meters / 16.07 feet (as per image 81x5RWJUrPL)
