LKPower AC Power Adapter

LKPower AC Power Adapter Instruction Manual

Model: AC Power Adapter

Compatible with ZMOD0 ZP-KB1I04-W, ZP-IBI13-W Wireless Security IP Cameras

INTRODUCTION

This manual provides essential information for the safe and effective use of your LKPower AC Power Adapter. This adapter is designed to provide reliable power to compatible ZMOD0 Wireless Security IP Cameras.

SAFETY INFORMATION

- Use only with compatible devices.
- Do not expose to water or excessive moisture.
- Do not disassemble or attempt to repair the adapter.
- Ensure proper ventilation; do not cover the adapter during use.
- Keep out of reach of children.
- Unplug from the power outlet when not in use for extended periods.

PACKAGE CONTENTS

- 1 x LKPower AC Power Adapter

SETUP INSTRUCTIONS

1. **Inspect the Adapter:** Before use, visually inspect the AC power adapter for any signs of damage to the casing or cable.
2. **Connect to Device:** Plug the DC output connector of the adapter into the power input port of your compatible ZMOD0 ZP-KB1I04-W or ZP-IBI13-W Wireless Security IP Camera.
3. **Connect to Power Outlet:** Insert the AC input prongs of the adapter into a standard AC 100-240V 50/61Hz electrical wall outlet.
4. **Verify Power:** Once connected, your camera should receive power and begin its normal operation.

This image shows the LKPower AC Power Adapter from two angles: the front with the input specifications and the side with the prongs.

OPERATING INSTRUCTIONS

The LKPower AC Power Adapter is designed for continuous operation. Once connected, it will supply the necessary DC power to your compatible device.

- **Power On/Off:** The adapter does not have a separate power switch. Power is supplied when plugged into an active outlet and connected to the device. To power off, disconnect from the wall outlet.
- **Compatibility:** This adapter is specifically designed for ZMOD0 ZP-KB1I04-W and ZP-IBI13-W Wireless Security IP Cameras. Using it with incompatible devices may cause damage.

The image displays the LKPower AC Power Adapter plugged into a white power strip on a desk, illustrating a typical usage scenario.

MAINTENANCE

- **Cleaning:** Disconnect the adapter from both the power outlet and the device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners.
- **Storage:** When not in use, store the adapter in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid wrapping the cable too tightly.

TROUBLESHOOTING

No Power to Device

- **Check Connections:** Ensure the adapter is securely plugged into both the wall outlet and the camera.
- **Verify Outlet:** Test the wall outlet with another device to confirm it is functional.
- **Inspect Cable:** Check the adapter's cable for any visible damage or kinks. If damaged, discontinue use.
- **Device Compatibility:** Confirm that your camera model is listed as compatible with this adapter.

Adapter Overheating

- **Ventilation:** Ensure the adapter is not covered and has adequate airflow around it.
- **Load:** Confirm the connected device is compatible and not drawing excessive power. If overheating persists, discontinue use and contact support.

SPECIFICATIONS

Feature	Detail
Brand	LKPower
Input	AC 100-240V, 50/61Hz, Auto (Worldwide AC Input)
Output	DC Power (Specific voltage/amperage not provided)
Protection	Over Voltage Protection, Over Heat Protection
