MAINTENANCE

Cleaning

- Wipe the watch and strap with a soft, dry cloth.
- For stubborn dirt, slightly dampen the cloth with water. Do not use harsh chemicals or abrasive cleaners.
- Ensure the USB port cover is securely closed to prevent dust or moisture ingress.

Battery Care

- Charge the battery regularly, even if the watch is not in frequent use, to maintain battery health.
- Avoid exposing the watch to extreme temperatures, as this can affect battery life.
- Do not attempt to replace the built-in battery yourself. Contact customer support if battery issues arise.

TROUBLESHOOTING

Problem	Solution
Watch does not turn on.	Ensure the watch is fully charged. Connect to a power source for at least 2 hours. Try pressing and holding the power button for 10-15 seconds.
Screen is unresponsive.	Restart the watch by holding the power button until it powers off, then power it back on. Ensure the screen is clean and dry.
Battery drains quickly.	Reduce screen brightness. Limit continuous use of power-intensive features like video recording. Ensure the watch is fully charged before use.
Cannot record video/take photos.	Check if the watch's internal storage is full. Delete old photos or videos to free up space.
Games are slow or lag.	Restart the watch. Ensure no other applications are running in the background if applicable.
