vidaXL 323879

vidaXL Floating Wall Display Shelves Instruction Manual

Model: 323879

1. INTRODUCTION

Thank you for choosing the vidaXL Floating Wall Display Shelves. This set of four modern oak finish shelves is designed to provide a stylish and functional display solution for your home. Crafted from honeycomb MDF and featuring an invisible metal frame mounting system, these shelves offer a clean aesthetic while providing sturdy support for your items. Please read this manual carefully before installation and use to ensure proper setup and safe operation.

2. SAFETY INFORMATION

- **California Proposition 65 Warning:** This product may expose you to chemicals known to the State of California to cause cancer and reproductive harm. For more information, go to www.P65Warnings.ca.gov.
- Ensure the wall material is suitable for mounting and can support the weight of the shelves and their contents.
- Use appropriate wall anchors for your specific wall type (e.g., drywall, concrete, wood studs). Wall anchors are not included with this product.
- Do not exceed the maximum weight limit of 22 pounds (10 kg) per shelf.
- Keep small parts and packaging materials away from children to prevent choking hazards.

3. PACKAGE CONTENTS

Please verify that all components are present before beginning assembly:

- 4 x Floating Shelves (Oak Finish)

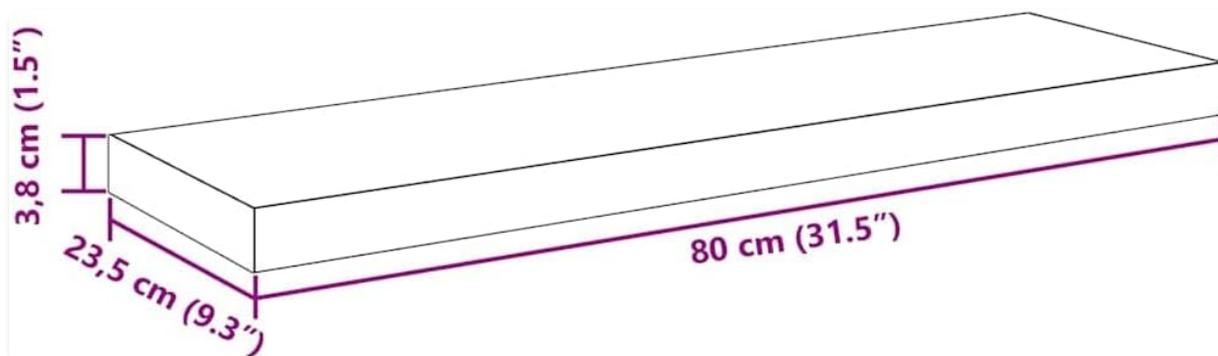

- 4 x Hidden Metal Mounting Brackets
- Assembly Instructions (this manual)

Note: Wall mounting hardware (screws, anchors) suitable for your wall type is not included and must be purchased separately.

4. PRODUCT DIMENSIONS

Each shelf in the set has the following dimensions:

- **Length (Width):** 31.5 inches (80 cm)
- **Depth:** 9.3 inches (23.5 cm)
- **Thickness (Height):** 1.5 inches (3.8 cm)

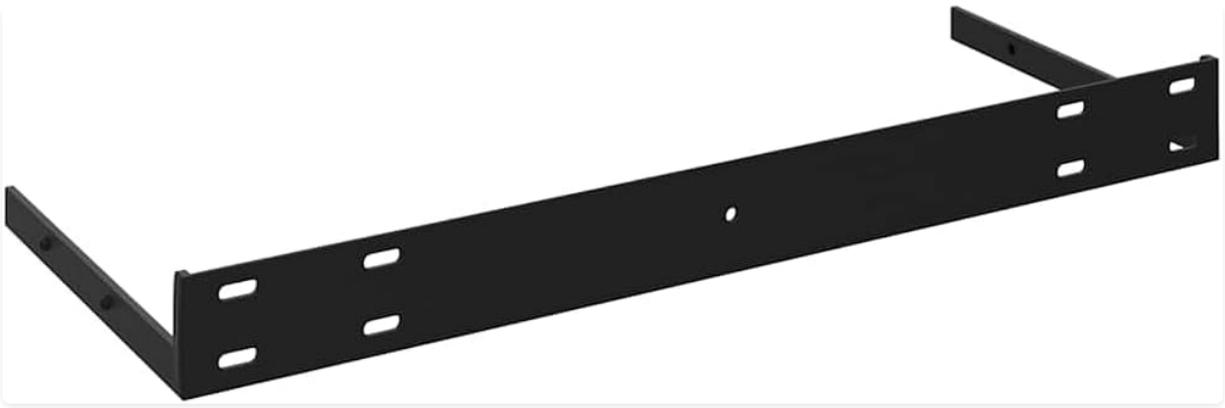

Detailed dimensions of the floating shelf, indicating length, depth, and thickness in both centimeters and inches.

5. SETUP & INSTALLATION

Follow these steps to properly install your floating shelves:

1. **Prepare Your Tools:** You will need a drill, drill bits appropriate for your wall anchors, a level, a measuring tape, a pencil, and a screwdriver. Remember to acquire suitable wall anchors and screws for your wall type.
2. **Mark Mounting Position:** Choose the desired location for your first shelf. Use a level and pencil to mark the horizontal line where the top of the mounting bracket will sit. Mark the positions for the screw holes on the wall, aligning them with the holes on the metal bracket.
3. **Drill Pilot Holes:** Drill pilot holes at the marked positions. Ensure the drill bit size matches the recommended size for your chosen wall anchors.
4. **Insert Wall Anchors:** Insert the appropriate wall anchors into the drilled holes. Ensure they are flush with the wall surface.
5. **Mount the Bracket:** Align the metal mounting bracket with the installed wall anchors and secure it to the wall using screws. Use a level to confirm the bracket is perfectly horizontal before tightening all screws.

The robust metal bracket designed for invisible mounting, featuring pre-drilled holes for secure attachment to the wall.

- 6. Slide Shelf onto Bracket:** Carefully slide the floating shelf onto the mounted bracket. The internal cavity of the shelf is designed to fit snugly over the bracket, creating an invisible mounting effect.

This image demonstrates how the floating shelf slides onto the wall-mounted bracket for a seamless, invisible installation.

This image shows the internal structure of the shelf and how the mounting bracket fits inside, illustrating the invisible mounting system.

- 7. Repeat for Remaining Shelves:** Follow the same steps for the other three shelves in the set, ensuring consistent spacing and alignment as desired.

6. OPERATING INSTRUCTIONS

Once installed, your vidaXL floating shelves are ready for use. They are ideal for displaying awards, books, collectibles, ornaments, and other decorative items.

- **Weight Limit:** Each shelf has a maximum weight capacity of 22 pounds (10 kg). Distribute weight evenly across the shelf surface.

- **Placement:** Avoid placing excessively heavy or fragile items near the edges of the shelf.
- **Stability Check:** Periodically check the stability of the shelves and the tightness of the mounting screws.

7. MAINTENANCE

To maintain the appearance and longevity of your shelves:

- **Cleaning:** Wipe the shelves with a dry, soft cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Spills:** Clean up any spills immediately to prevent staining or damage to the MDF material.
- **Environmental Conditions:** Avoid exposing the shelves to extreme humidity or direct sunlight for prolonged periods, as this may affect the material and finish.

8. TROUBLESHOOTING

If you encounter issues during or after installation, consider the following:

- **Shelf Tilting/Not Holding Weight:**
 - Ensure the correct wall anchors were used for your wall type and installed properly.
 - Verify that the mounting bracket is securely fastened to the wall and all screws are tightened.
 - Check that the shelf is fully seated onto the bracket.
 - Confirm that the weight on the shelf does not exceed the 22-pound limit.
- **Difficulty Sliding Shelf onto Bracket:**
 - Ensure the bracket is perfectly level and not twisted.
 - Check for any obstructions inside the shelf's cavity or on the bracket.
 - Apply gentle, even pressure when sliding the shelf. Do not force it, as this can damage the shelf or pull out anchors.
- **Damaged Wall During Installation:**
 - This often occurs if anchors are pulled out due to improper installation or excessive force. Ensure pilot holes are the correct size and anchors are suitable for the wall material.
 - If significant damage occurs, consult a professional for wall repair.

9. SPECIFICATIONS

Brand	vidaXL
Model Name	Wall Shelf Set of 4 Oak Honeycomb MDF, metal Medium vidaXL
Model Number	323879
Color	Oak
Material	Honeycomb MDF, Metal Frame
Number of Shelves	4
