

## XBrand GE2612FTGN

# Xbrand Modern Stone Textured Round Sphere Water Fountain User Manual

Brand: **XBrand**

Model: **GE2612FTGN**

## INTRODUCTION

This manual provides essential information for the safe and efficient operation, setup, and maintenance of your Xbrand Modern Stone Textured Round Sphere Water Fountain. Designed for both indoor and outdoor use, this fountain features a modern stone textured finish and integrated LED lights to enhance any space with a tranquil ambiance.

Key features include:

- Stone Textured Design:** A modern aesthetic with a durable fiber stone construction.
- Integrated LED Lights:** Enhances visual appeal, especially in low-light conditions.
- Relaxing Water Sounds:** Creates a soothing atmosphere with continuous water flow.
- Auto Shut-Off Pump:** Features a safety sensor that automatically shuts off the pump if the temperature reaches 185°F (85°C) to prevent damage.
- Versatile Placement:** Suitable for gardens, patios, porches, decks, or indoor spaces.

Figure 1: The Xbrand Modern Stone Textured Round Sphere Water Fountain in an outdoor environment.

## SETUP INSTRUCTIONS

---

- Unboxing:** Carefully remove all components from the packaging. Inspect for any damage. Retain packaging for future storage or transport.
- Placement:** Choose a level surface for the fountain, ensuring it is stable and can support the fountain's weight when filled with water. Consider proximity to a power outlet and potential splashing.
- Assembly:**
  - Connect the pump to the water tube located inside the fountain. Ensure a secure connection to prevent leaks.
  - Place the sphere component onto the base, aligning it properly so the water tube extends into the sphere's opening.
  - Ensure the LED light cable is properly routed and connected, if applicable.
- Filling with Water:** Fill the fountain reservoir with distilled water until the pump is fully submerged and the water level is adequate for circulation. Avoid overfilling. Using distilled water helps prevent mineral buildup.
- Power Connection:** Plug the power cord into a grounded electrical outlet. Ensure the cord is routed safely to avoid tripping hazards and is protected from water.

## XBrand Modern Stone Textured Round Sphere Water Fountain

Revitalize after a long day by immersing yourself in the soothing sounds of water cascading from this round water fountain. Meticulously designed using sturdy fiber stone, this water fountain is certain to breathe fresh, modern life into your home decor while creating a serene atmosphere.

Figure 2: Proper placement of the fountain on a stable, level surface.

## OPERATING INSTRUCTIONS

Once the fountain is set up and filled with water, operation is straightforward:

- Turning On:** Plug the power cord into the electrical outlet. The pump will immediately begin circulating water, and the LED lights will illuminate.
- Water Flow:** Water will flow from the top of the sphere, cascading down its textured surface into the reservoir below.
- LED Lights:** The integrated LED lights are designed to operate automatically when the fountain is powered on, providing illumination to the water flow.
- Water Level:** Regularly check the water level. Due to evaporation, especially in outdoor or dry environments, the

water level will decrease over time. Refill as needed to ensure the pump remains fully submerged. Operating the pump without sufficient water can cause damage.

- **Turning Off:** To turn off the fountain, simply unplug the power cord from the electrical outlet.

## MAINTENANCE

Regular maintenance is crucial for the longevity and optimal performance of your water fountain.

- **Cleaning:**

- The fountain should be wiped down periodically with a soft cloth to remove dust and debris.
- The water tank should be emptied, cleaned, and refilled at least once a month, or more frequently depending on usage and water quality, to prevent algae and mineral buildup.
- For stubborn mineral deposits, use a non-abrasive cleaner specifically designed for fountain or hard water stains.

- **Water Quality:** Using distilled water is highly recommended to minimize mineral buildup and prolong the life of the pump and fountain components.

- **Pump Care:**

- Periodically clean the pump to remove any accumulated debris, such as leaves or sediment, which can obstruct water flow and reduce pump efficiency.
- The pump features an auto shut-off sensor to protect it from overheating if water levels become too low. However, consistent low water levels should be avoided.

- **Winterization (for Outdoor Use):** In regions with freezing temperatures, it is essential to drain all water from the

### Sleek and Modern Design

Crafted from durable fiber stone, this round water fountain with LED lights and a stone-textured finish not only sets a warm and tranquil atmosphere but also ensures a lasting and enduring display.

fountain and pump before the first frost. Store the fountain indoors in a dry, protected area to prevent damage from freezing and thawing cycles.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Fountain not running / Pump not working	<ul style="list-style-type: none"><li>Not plugged in</li><li>Low water level</li><li>Pump clogged or dirty</li><li>Power outage</li></ul>	<ul style="list-style-type: none"><li>Ensure power cord is securely plugged into a working outlet.</li><li>Check water level and refill if necessary.</li><li>Unplug pump, remove from fountain, and clean thoroughly.</li><li>Check household circuit breaker.</li></ul>
Water flow is weak or inconsistent	<ul style="list-style-type: none"><li>Low water level</li><li>Pump or tubing clogged</li><li>Kink in tubing</li></ul>	<ul style="list-style-type: none"><li>Add water to the reservoir.</li><li>Clean the pump and check tubing for blockages.</li><li>Straighten any kinks in the water tubing.</li></ul>
Excessive splashing	<ul style="list-style-type: none"><li>Water level too high</li><li>Fountain not level</li></ul>	<ul style="list-style-type: none"><li>Remove some water from the reservoir.</li><li>Adjust fountain placement to ensure it is on a perfectly level surface.</li></ul>
LED lights not working	<ul style="list-style-type: none"><li>Loose connection</li><li>LED failure</li></ul>	<ul style="list-style-type: none"><li>Check all electrical connections for the LED lights.</li><li>If individual LEDs fail, contact customer support for replacement options.</li></ul>
