

Smoby 810910

Smoby Portable Solar Lamp Home Accessory

MODEL: 810910

Instruction Manual

1. Introduction

This manual provides essential information for the safe and effective use of your Smoby Portable Solar Lamp Home Accessory. This solar-powered lamp is designed to provide outdoor lighting for compatible Smoby playhouses or to be used as a portable light source. It features an integrated solar panel for recharging and includes mounting strips for easy installation.

2. Safety Information

- **ATTENTION:** Not suitable for children under 2 years of age. Minimum age for use is 24 months.
- Ensure the product is used under adult supervision.
- Do not attempt to open or modify the lamp's internal components.
- Keep the solar panel clean to ensure optimal charging.

3. Package Contents

Verify that all components are present in the package:

- 1 x Smoby Portable Solar Lamp
- 2 x Mounting Strips

4. Setup

The Smoby Portable Solar Lamp offers versatile placement options:

4.1. Portable Use

The lamp is equipped with a handle, allowing it to be easily carried and placed wherever light is needed.

Simply ensure the solar panel receives adequate sunlight for charging.

5. Operating Instructions

5.1. Charging the Lamp

The lamp is powered by an integrated solar panel. For optimal performance, place the lamp in a location where the solar panel receives direct sunlight for several hours each day. The lamp contains a rechargeable lithium battery (1 A battery included).

5.2. Turning the Lamp On/Off

The lamp features a push-button switch for operation. It supports both manual and automatic modes.

- **Manual Mode:** Press the push button to turn the light ON or OFF as desired.
- **Automatic Mode:** In this mode, the lamp will automatically turn on at dusk and turn off at dawn, provided it has been sufficiently charged during the day.

Image 7: Lamp in illuminated state.

6. Maintenance

- **Cleaning:** Regularly wipe the solar panel and the lamp's surface with a soft, damp cloth to remove dust and debris. Avoid abrasive cleaners.
- **Water Resistance:** The lamp is water-resistant, making it suitable for outdoor use. However, do not submerge the lamp in water.
- **Storage:** If storing the lamp for an extended period, ensure it is fully charged and store it in a cool, dry place.

7. Troubleshooting

- **Lamp not turning on:**
 - Ensure the solar panel has received sufficient direct sunlight for charging (at least 6-8 hours).
 - Check the position of the manual/automatic switch.
 - Verify that the lamp is not placed in an area with strong ambient light at night, which might prevent the automatic sensor from activating.
- **Light is dim or short-lived:**

- The battery may not be fully charged. Allow more time for solar charging, especially after cloudy days.
- Clean the solar panel to ensure maximum light absorption.

8. Specifications

Model Name	Lampe Solaire Nomade
Part Number	810910
Brand	Smoby
Product Dimensions	5.91 x 1.97 x 1.97 inches (15 x 5 x 5 cm)
