KESOTO a0282c8709027415f61581ecb1088da5

User Manual for KESOTO BT009 Wireless Bluetooth 5.0 Media Remote Control

Enhance your control over music and calls on the go.

PRODUCT OVERVIEW

The KESOTO BT009 is a compact and versatile wireless Bluetooth 5.0 media remote control designed for convenient operation of your smartphone's music and call functions. It can be easily mounted on a car steering wheel, bicycle, or motorcycle handlebars, providing safe and accessible control without diverting your attention from the road or path.

KEY FEATURES

- **Multi-functional Control:** Answer/hang up calls, play/pause music, skip to previous/next track, and adjust volume directly from the remote.
- **Versatile Application:** Ideal for use in cars, on bicycles, motorcycles, and even during skiing, offering hands-free control in various scenarios.
- **Bluetooth 5.0 Connectivity:** Ensures stable and efficient wireless connection with your mobile device.
- **Non-Occupying Bluetooth Channel:** This product does not occupy a dedicated Bluetooth channel, allowing your phone to pair with other Bluetooth devices (e.g., headsets, speakers) simultaneously.
- **IPX4 Waterproof Rating:** Designed to withstand splashes and light rain, making it suitable for outdoor use.
- **Compact and Portable:** Small and exquisite design allows for easy carrying and discreet mounting.
- **Long Standby Time:** Built-in 200mAh rechargeable lithium battery provides up to 7 days of standby.

time.

PACKAGE CONTENTS

Upon opening the package, please ensure all the following items are present:

- 1x KESOTO BT009 Bluetooth Remote Control

- 1x Mounting Bracket

SPECIFICATIONS

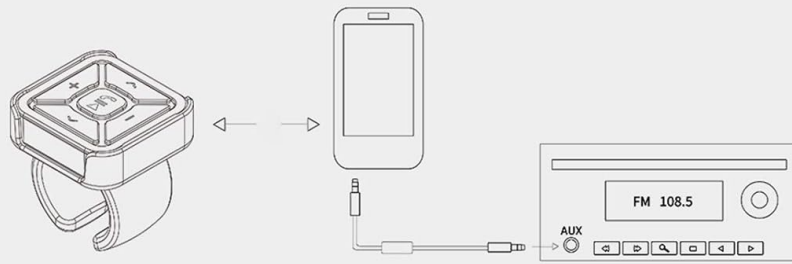

Type	Bluetooth Remote Control
Waterproof Level	IPX4 Waterproof
Bluetooth Version	Bluetooth 5.0
Battery Capacity	200mAh
Standby Time	Up to 7 days
Color	Black
Material	ABS
Dimensions (Approx.)	3.8 x 3.8 x 1.2 cm (1.5 x 1.5 x 0.5 inches)
Compatibility	iOS with Bluetooth, Android 4.0 and above

SETUP

Follow these steps to set up your KESOTO BT009 remote control:

1. **Charge the Device:** Before first use, ensure the remote control is fully charged. Connect a micro USB cable (not included) to the Micro USB Port on the back of the remote.
2. **Power On:** Press and hold the Play/Pause button until the green LED indicator starts flashing, indicating it's in pairing mode.
3. **Bluetooth Pairing:**
 - On your mobile phone, go to Bluetooth settings.
 - Search for available devices.
 - Select "BT009" (or similar name) from the list to pair.
 - Once paired, the green LED will stop flashing and remain solid or turn off, depending on the device status.
4. **Install the Remote:** Use the provided bracket to securely mount the remote control to your car steering wheel, bicycle, or motorcycle handlebars. The humanized design ensures a stable and convenient placement.

How to use it

① - Remote control is installed on steering wheel

② Bluetooth pairing with mobile phone and remote control

③ The phone is connected to the AUX port on the car with audio cable

OPERATING INSTRUCTIONS

Button Functions

Product description

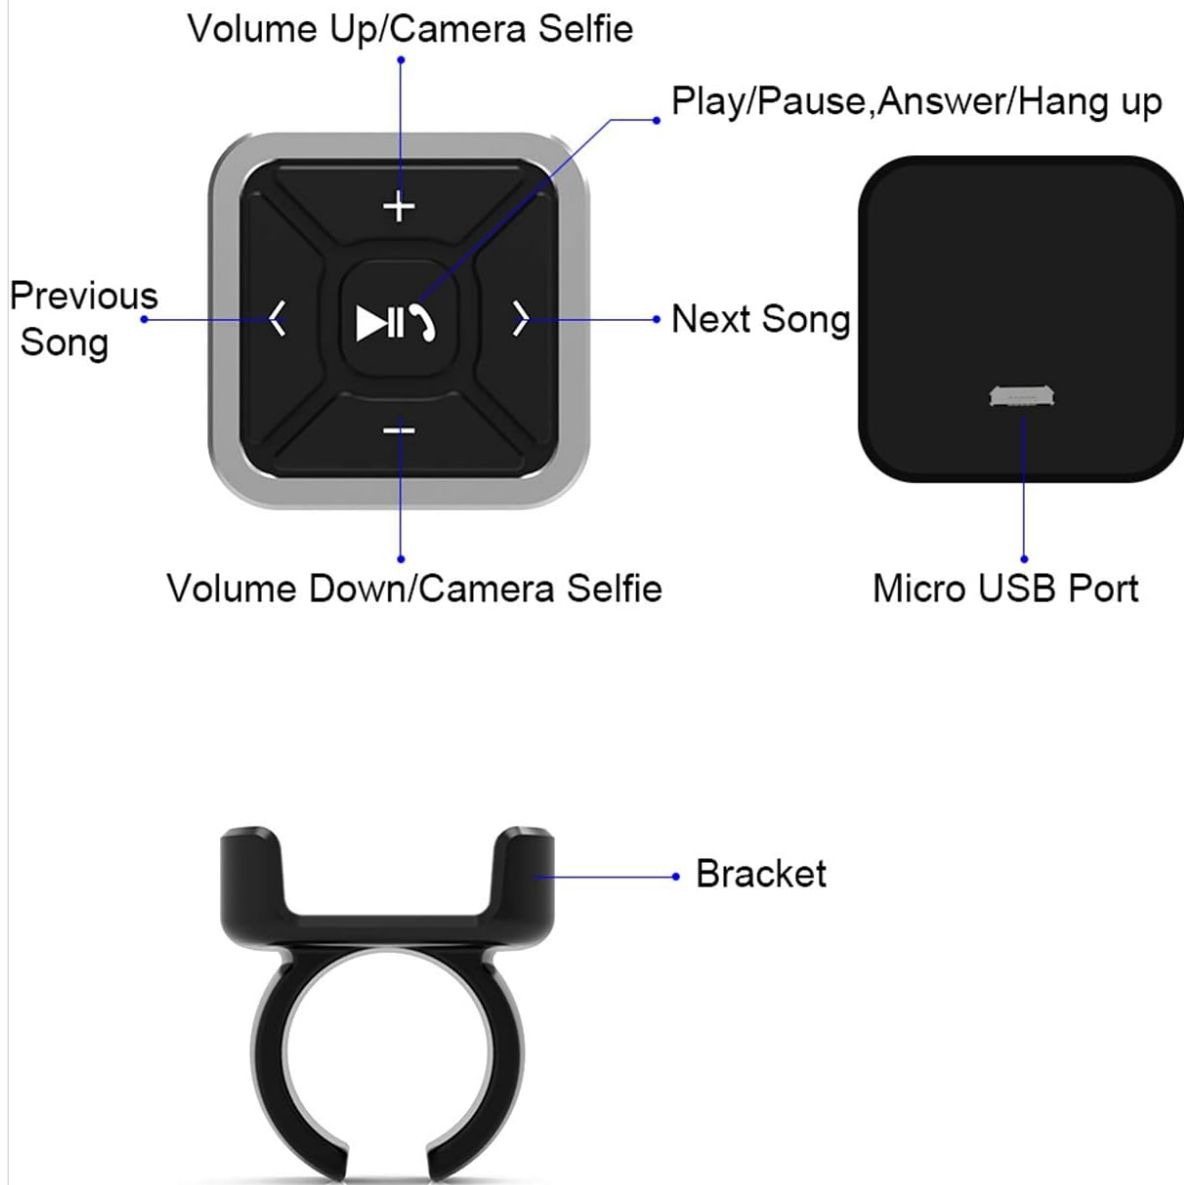

Image: A detailed view of the remote control's buttons and their corresponding functions, including the Micro USB Port and Bracket.

- **Play/Pause Button (Center):** Press to play or pause music. During a call, press to answer or hang up.
- **Volume Up (+) / Camera Selfie Button:** Press to increase the volume. In some applications, this button may also function as a camera shutter for selfies.
- **Volume Down (-) / Camera Selfie Button:** Press to decrease the volume. In some applications, this button may also function as a camera shutter for selfies.
- **Previous Song Button (<):** Press to go to the previous track.
- **Next Song Button (>):** Press to go to the next track.
- **Micro USB Port:** Located on the side/back for charging the device.

Basic Operations

- **Playing Music:** Ensure your phone is paired and a music application is open. Press the Play/Pause

button to start or pause playback.

- **Adjusting Volume:** Use the '+' and '-' buttons to increase or decrease the audio volume.
- **Changing Tracks:** Press the '<' button for the previous song and the '>' button for the next song.
- **Handling Calls:** When a call comes in, press the Play/Pause button to answer. Press it again to hang up.

MAINTENANCE

To ensure the longevity and optimal performance of your KESOTO BT009 remote control, please follow these maintenance guidelines:

- **Cleaning:** Wipe the device with a soft, dry cloth. Avoid using abrasive cleaners or solvents that may damage the surface.
- **Storage:** Store the remote control in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To preserve battery life, avoid fully discharging the battery frequently. Recharge the device when the battery is low. If storing for an extended period, charge it periodically.
- **Water Exposure:** While IPX4 waterproof, avoid submerging the device in water. Dry it thoroughly if it gets wet.

TROUBLESHOOTING

If you encounter any issues with your KESOTO BT009 remote control, please refer to the following solutions:

- **1. Reconnecting after Disconnection:**
 - If Bluetooth is disconnected, long-press the button, and the green LED will start flashing, indicating it's attempting to reconnect or enter pairing mode.
- **2. Cannot Control Buttons:**
 - a. Ensure that the media application you are using has playback initiated. Manually press 'Play' in the application, then try the button functions on the remote again.
 - b. If the issue persists, try deleting the BT009 device from your phone's Bluetooth settings and then re-pairing it as described in the Setup section.
- **3. Cannot Pair:**
 - a. Verify that the product is not powered off. Ensure it is powered on and has sufficient battery charge.
 - b. Make sure Bluetooth is enabled on your mobile phone and the remote is within range.
 - c. Try restarting both your mobile phone and the remote control.

WARRANTY AND SUPPORT

For warranty information and customer support, please refer to the product packaging or contact the retailer from whom you purchased the KESOTO BT009 remote control. Keep your proof of purchase for any warranty claims.
