

## Hatch Baby Hatch Rest 2nd Gen (Model: REST, Part No: HBR4400)

# Hatch Rest 2nd Gen Wi-Fi Sound Machine and Night Light User Manual

Model: REST (Part No: HBR4400)

Brand: Hatch Baby

## INTRODUCTION

The Hatch Rest 2nd Gen is an all-in-one sleep device designed to help build healthy sleep habits and routines for babies and children of all ages. It combines a sound machine, night light, and time-to-rise alarm clock, all controllable via a Wi-Fi enabled app. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your Hatch Rest device.

## IMPORTANT SAFETY INFORMATION

### CAUTION:

- This device is intended for use in a child's bedroom and should be kept out of reach of young children.
- Do not expose the device to excessive moisture or liquids.
- To protect your privacy and the functionality of this device, always use the latest software updates and follow best practices for securing your Wi-Fi network.
- Do not attempt to open or repair the device yourself. In case of any issues, contact the manufacturer for assistance.
- Always follow the instructions provided with the device to ensure safe and proper use.
- The device operates on 240 volts.

## SETUP

Follow these steps to set up your Hatch Rest 2nd Gen device:

1. **Unpack the Device:** Carefully remove the Hatch Rest from its packaging. Ensure all components, including the power cable, are present.
2. **Power Connection:** Plug the power cable into the Hatch Rest and then into a standard 240V electrical outlet. The device will power on automatically.
3. **Download the App:** Download the "Hatch Sleep" app from your smartphone's app store (available for iOS and Android).
4. **Connect to Wi-Fi:** Open the Hatch Sleep app and follow the on-screen instructions to connect your Hatch Rest to your home Wi-Fi network. This will enable remote control and access to all features.

5. **Personalize Settings:** Once connected, use the app to customize soundscapes, light colors, brightness levels, and set up sleep schedules and Time-to-Rise alarms.

## Control from down the hall

Figure 2: The intuitive Hatch Sleep app allows for remote control of the device's volume, brightness, and color settings from anywhere.

## OPERATING THE HATCH REST

The Hatch Rest offers versatile control options, both through the mobile app and directly on the device.

### App Control:

- **Sound Library:** Choose from a variety of soothing sounds, white noise, lullabies, and stories. Adjust volume levels precisely.
- **Night Light:** Select from a spectrum of colors and adjust brightness to create the perfect ambiance.
- **Custom Routines:** Create personalized sleep and wake-up routines by scheduling specific sounds, lights, and durations.
- **Time-to-Rise:** Program the light to change color at a set time, signaling to your child when it's okay to get out of bed.

### Physical Controls:

For quick adjustments without your phone, the Hatch Rest features a touch ring on top and a button on the back:

- **Touch Ring:** Tap the metallic ring on top to cycle through your favorite pre-set sound and light combinations. A long press can turn the device off.
- **Volume Buttons:** Located on the back of the device, these buttons allow you to adjust the sound volume directly.
- **Power Button:** Also on the back, this button can turn the device on or off.

Figure 3: The Hatch Rest integrates a sound machine, night light, and routine builder to simplify bedtime routines.

# Help babies & kids get to sleep and stay asleep

Use sound & light to help your child wind down and know when it's okay to get up

Figure 4: Visual cues from the night light, such as color changes, help children understand when it's time to sleep and when it's time to wake up.

## MAINTENANCE

To ensure the longevity and optimal performance of your Hatch Rest 2nd Gen, follow these simple maintenance guidelines:

- **Cleaning:** Unplug the device before cleaning. Use a soft, dry, or slightly damp cloth to wipe the exterior. Do not use abrasive cleaners, solvents, or immerse the device in water.
- **Dust:** Regularly dust the speaker grille on top of the device to prevent accumulation that could affect sound quality.
- **Storage:** If storing the device for an extended period, unplug it and keep it in a cool, dry place away from direct sunlight.

## TROUBLESHOOTING

If you encounter issues with your Hatch Rest, try the following solutions:

Problem	Possible Cause / Solution
Device not powering on.	Ensure the power cable is securely plugged into both the device and a working electrical outlet. Verify the outlet has power.
Cannot connect to Wi-Fi.	Check your Wi-Fi network name and password. Ensure the device is within range of your Wi-Fi router. Restart your Wi-Fi router and the Hatch Rest device. Confirm your Wi-Fi network is 2.4GHz, as the device may not support 5GHz networks.
App not controlling the device.	Ensure both your phone and the Hatch Rest are connected to the same Wi-Fi network. Close and reopen the Hatch Sleep app. Check for app updates in your app store.
Sound or light not working.	Check volume and brightness settings in the app or using physical controls. Ensure no routine is overriding your manual settings.

If problems persist, please refer to the support section or contact Hatch Baby customer service.

## SPECIFICATIONS

Feature	Detail
Manufacturer	Hatch Baby
Part Number	HBR4400
Item Model Number	REST
Item Weight	13.6 ounces
Product Dimensions	4.2 x 4.2 x 6.61 inches
Country of Origin	China
Color	White
Style	Wi fi
Material	Plastic
Power Source	Corded Electric
Voltage	240 Volts
Type of Bulb	Neon
Mounting Type	Tabletop
Special Features	Portable, Dimmable
Included Components	Power Cable

## WARRANTY INFORMATION

---

The Hatch Rest 2nd Gen comes with a **1-year limited warranty**. Please retain your proof of purchase for warranty claims. For detailed terms and conditions, refer to the official Hatch Baby website or contact customer support.
