### COMPATIBILITY

The HURI air filter is compatible with a wide range of Lawn Boy lawn mower models. Please verify your model number against the list below to ensure proper fitment.

#### Compatible Lawn Boy Models:

- 10367 (240000001-240999999)(2004) Silver Series Lawnmower
- 10670C (280000001-280999999)(2008) Insight Lawn Mower
- 10670C (270000001-270999999)(2007) Insight Lawn Mower
- 10671 (290000001-290999999)(2009) Insight Lawn Mower
- 10671 (280000001-280999999)(2008) Insight Lawn Mower
- 10671 (270000001-270004299)(2007) Insight Lawn Mower

- 10671 (270004300-270999999)(2007) Insight Lawn Mower
- 10671 (260000001-260999999)(2006) Insight Lawn Mower
- 10671 (250000001-250999999)(2005) Insight Lawn Mower
- 10673 (280000001-280999999)(2008) Insight Gold Lawn Mower
- 10673 (270000001-270999999)(2007) Insight Gold Lawn Mower
- 10673 (260000001-260999999)(2006) Insight Gold Lawn Mower
- 10780 (270000001-270999999)(2007) Insight Platinum Lawn Mower
- 10785 (270000001-270999999)(2007) Insight Platinum Lawn Mower
- 10682
- 10683
- 10684
- 10684C
- 10685
- 10686
- 10686C
- 10687
- 10995
- 10997
- 10272
- 10272C
- 10273C
- 10356
- 10357
- 10358
- 10359C

**Important Note:** Some users have reported fitment issues with model 10682, stating the filter may be slightly too long. Ensure the filter cage seats properly after installation.

## INSTALLATION INSTRUCTIONS

1. **Safety First:** Before beginning any maintenance, ensure the lawn mower engine is off and cool. Disconnect the spark plug wire to prevent accidental starting.
2. **Locate the Air Filter Housing:** The air filter housing is typically a plastic cover located on the side of the engine.
3. **Remove the Cover:** Unclip or unscrew the fasteners holding the air filter housing cover in place and carefully remove it.
4. **Remove the Old Filter:** Take out the old air filter. Note its orientation for correct installation of the new filter.

Image: Side view of the HURI replacement air filter, showing the pleated filter material and the black rubber ends.

5. **Clean the Housing:** Wipe away any dust or debris from inside the air filter housing and cover using a clean cloth.
6. **Install the New Filter:** Insert the new HURI air filter into the housing, ensuring it seats correctly and snugly. The rubber ends should align with the housing.

7. **Reattach the Cover:** Place the air filter housing cover back on and secure it with the clips or screws.
8. **Reconnect Spark Plug:** Reconnect the spark plug wire.

## MAINTENANCE

Regular inspection and replacement of your air filter are crucial for maintaining engine health and performance. A dirty air filter can restrict airflow, leading to reduced engine power and increased fuel consumption.

- **Inspection:** Inspect the air filter every 25 hours of operation or once per mowing season, whichever comes first.
- **Replacement:** Replace the air filter annually or more frequently if operating in dusty conditions. A visibly dirty or damaged filter should be replaced immediately.
- **Cleaning:** Do not attempt to clean paper air filters with compressed air or water, as this can damage the filter media and reduce its effectiveness. Always replace with a new filter.

## TROUBLESHOOTING

- **Filter Does Not Fit:** Double-check your lawn mower's model number against the compatibility list. Ensure the filter is oriented correctly. If the filter is slightly too long for models like the 10682, ensure the filter cage can still properly seat and secure the filter without excessive force.
- **Engine Performance Issues After Replacement:** Ensure the air filter housing cover is securely fastened and there are no gaps allowing unfiltered air into the engine. Verify the spark plug wire is properly reconnected.

## SPECIFICATIONS

- **Brand:** HURI
- **Product Type:** Replacement Air Filter
- **Product Grade:** Replacement Part
- **Fit Type:** Vehicle Specific Fit (Lawn Boy Lawn Mowers)
- **Shape:** Rectangular (Oval top/bottom)
- **Quantity:** 2 filters per package
- **Manufacturer Part Number:** HURI\*
