OUTON B08R87V15T

OUTON Floor Lamp with Shelves (Model B08R87V15T) User Manual

LED Shelf Floor Lamp with USB & Type-C Ports, AC Outlet, and 3 Color Temperatures

1. INTRODUCTION

Thank you for purchasing the OUTON Floor Lamp with Shelves. This product combines ambient lighting with practical storage and charging capabilities, designed to enhance your living space. This manual provides essential information for safe operation, assembly, and maintenance of your new floor lamp.

2. SAFETY INSTRUCTIONS

- Read all instructions before assembly and use.
- Do not connect the power until the lamp is fully assembled.
- Ensure the power cord is not pinched or damaged during assembly or placement.
- Use only bulbs with an E26 base and a maximum wattage of 150W. The included LED bulb is 9W.
- Keep the lamp away from water and moisture. This product is for indoor use only.

- Do not exceed the maximum weight capacity of 30 lbs per shelf.
- Unplug the lamp from the power outlet before cleaning or replacing the bulb.
- If any part is damaged or missing, contact customer support immediately. Do not attempt to repair the product yourself.

3. PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with assembly.

- Floor Lamp Frame (Disassembled)
- Lampshade
- 9W LED Bulb
- Charging Station Module (Integrated)
- User Manual
- Plastic Cable Clips

4. ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 5 minutes and requires no additional tools. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble the Base:** Connect the lowest shelf section to the base frame. Ensure all connections are secure.
3. **Stack Shelf Sections:** Continue to stack and connect the remaining shelf sections, ensuring the charging station module is correctly oriented on the designated shelf.
4. **Install the Lampshade:** Secure the lampshade to the top section of the lamp frame.
5. **Insert the LED Bulb:** Screw the provided 9W LED bulb into the E26 bulb base.
6. **Cable Management:** Use the included plastic clips to neatly secure the power cord along one of the lamp's vertical supports, reducing clutter.
7. **Final Placement:** Position the assembled lamp in your desired location.

Easy to Assemble

Clear illustrated instruction, without any hassle

Sturdy Wood Construction

Each shelf has a capacity up to 30 lbs

Soft & Bright

White linen shade, soft for your eyes, bright for reading

E26 Standard Base

Compatible with any light bulbs (Max 60W)

5. OPERATING INSTRUCTIONS

5.1. Lighting Control

The lamp features a pull chain switch for easy operation and offers three distinct color temperatures.

- **Power On/Off:** Pull the chain once to turn the lamp on or off.
- **Change Color Temperature:** When the lamp is on, pull the chain repeatedly to cycle through the three color temperature settings: Warm White, Cool White, and Daylight.
- **Memory Function:** The lamp will remember your last selected color temperature setting when turned off and will resume that setting when turned back on.

Customize Your Color of Light

Meet your light demand in different scenarios

Warm White

Natural White

Daylight

5.2. Charging Station

The integrated charging station allows you to power multiple devices simultaneously.

- **USB-A Port:** Provides 5V/2A output for standard USB charging.
- **Type-C Port:** Offers fast charging capabilities for compatible devices.
- **AC Outlet:** A standard 110V AC outlet for powering small appliances or charging adapters.
- **Independent Operation:** The charging ports and AC outlet function independently of the lamp's light, allowing you to charge devices whether the light is on or off.

3-in-1 Charging Station

Quickly charge your 3 devices simultaneously whether the lamp is on or off.

6. MAINTENANCE

- **Cleaning:** Unplug the lamp before cleaning. Wipe the lamp frame and shelves with a soft, dry cloth. For the lampshade, use a lint-free cloth to gently dust. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure the lamp is unplugged and the bulb has cooled before attempting to replace it. Screw out the old E26 bulb and screw in a new one (max 150W).
- **Cord Care:** Periodically check the power cord for any signs of damage. If damaged, discontinue use and contact customer support.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on.	1. Power cord not plugged in. 2. Bulb is loose or faulty. 3. Power outlet is not working.	1. Ensure the power cord is securely plugged into a working outlet. 2. Tighten the bulb or replace it with a new one. 3. Test the outlet with another device.
Charging ports are not working.	1. Lamp not plugged in. 2. Device cable is faulty. 3. Device is not compatible.	1. Ensure the lamp is plugged into a working power outlet. 2. Try a different charging cable. 3. Verify device compatibility with standard USB-A/Type-C charging.
Light flickers or dims unexpectedly.	1. Loose bulb connection. 2. Incompatible bulb. 3. Power fluctuations.	1. Tighten the bulb. 2. Ensure the bulb is an E26 base and within the 150W maximum. 3. Try plugging the lamp into a different outlet.
