DORTALA Twin Loft Bed with Slide User Manual

Model: AU-64315WHHW | Brand: DORTALA

1. PRODUCT OVERVIEW

The DORTALA Twin Loft Bed with Slide is designed to maximize space in children's bedrooms, offering an elevated sleeping area and versatile under-bed space. This low loft bed includes a built-in ladder and an exciting slide, providing both functionality and fun. Constructed from high-quality solid wood, it ensures durability and stability for a safe sleeping environment.

2. SAFETY INFORMATION

Your child's safety is paramount. Please adhere to all safety guidelines to prevent injury.

- **Maximum Weight Capacity:** This product is designed for children and has a maximum weight recommendation of 175 pounds. Do not exceed this limit.
- **Proper Assembly:** Proper assembly is crucial for safety. It is highly recommended that two people assemble the bed to ensure stability and correct installation of all components.
- **Guard Rails:** The bed includes high guardrails to prevent falls. Ensure they are securely installed and remain intact during use.
- **Low Height Design:** The low height design of this loft bed makes it safer and easier to access compared to higher loft beds.
- **Stability Check:** Always check the bed's stability before use. Periodically inspect all bolts and connections to ensure they are tight.

- **Anti-Tipping Kit:** Utilize the provided metal brackets to attach the bed to the wall for additional security and to prevent tipping.
- **Mattress Thickness:** The recommended thickness of the mattress is 6 inches or less to ensure the effectiveness of the guardrails.

Figure 3: Key safety features: 8 solid bed slats for support, elevated handrails, and anti-tipping kits for wall attachment.

3. COMPONENTS LIST

Before assembly, verify that all components are present and undamaged. The package includes:

- 1 x Twin Loft Bed Frame (all wooden parts, including bed frame, ladder, and slide)
- 1 x Instruction Manual
- Hardware Kit (bolts, screws, nuts, and two metal brackets for wall attachment)
- 8 x Thick Bed Slats

Note: If any parts are missing or damaged, please contact DORTALA customer support immediately.

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the DORTALA Twin Loft Bed requires attention to detail. Follow these steps carefully:

1. **Preparation:** Unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify all numbered parts and hardware.
2. **Team Assembly:** It is strongly recommended that two people work together for assembly to ensure ease and safety.
3. **Follow Instructions:** Refer to the detailed instruction manual included in the package. Each step is illustrated and parts are numbered to guide you through the process.
4. **Frame Assembly:** Begin by assembling the main bed frame structure, ensuring all connections are secure but not overtightened until the frame is fully aligned.
5. **Install Slats:** Once the frame is stable, install the 8 thick bed slats evenly across the bed base. These provide crucial mattress support.
6. **Attach Ladder and Slide:** Securely attach the built-in ladder and the slide according to the manual's diagrams. Ensure all bolts are tightened for these components as they will bear weight.
7. **Wall Attachment:** For additional security, use the two metal brackets provided to firmly attach the loft bed to a wall. This prevents accidental tipping.
8. **Final Check:** After assembly, double-check all bolts and connections to ensure they are tight and secure. Verify the bed is stable and does not wobble.

Figure 4: The integrated ladder and slide provide easy access and fun.

5. OPERATING (USAGE) INSTRUCTIONS

The DORTALA Twin Loft Bed is designed for versatile use in a child's room.

- **Sleeping Area:** Place a twin-sized mattress (recommended thickness ≤ 6 inches) on the bed slats. Ensure the mattress fits snugly within the frame.
- **Under-Bed Space:** The 29.5-inch height under the bed provides ample space for various activities:
 - **Study Space:** Place a small desk and chair for homework or creative activities.
 - **Playing Space:** Create a cozy play area, a fort, or store toys.
 - **Storage Space:** Utilize bins or drawers for organized storage of belongings.

- **Ladder Use:** Use the built-in ladder for safe and easy access to the elevated bed. Always face the ladder when climbing up or down.
- **Slide Use:** The slide provides an enjoyable way to descend from the bed. Ensure the area around the slide is clear before use. Supervise young children during slide use.

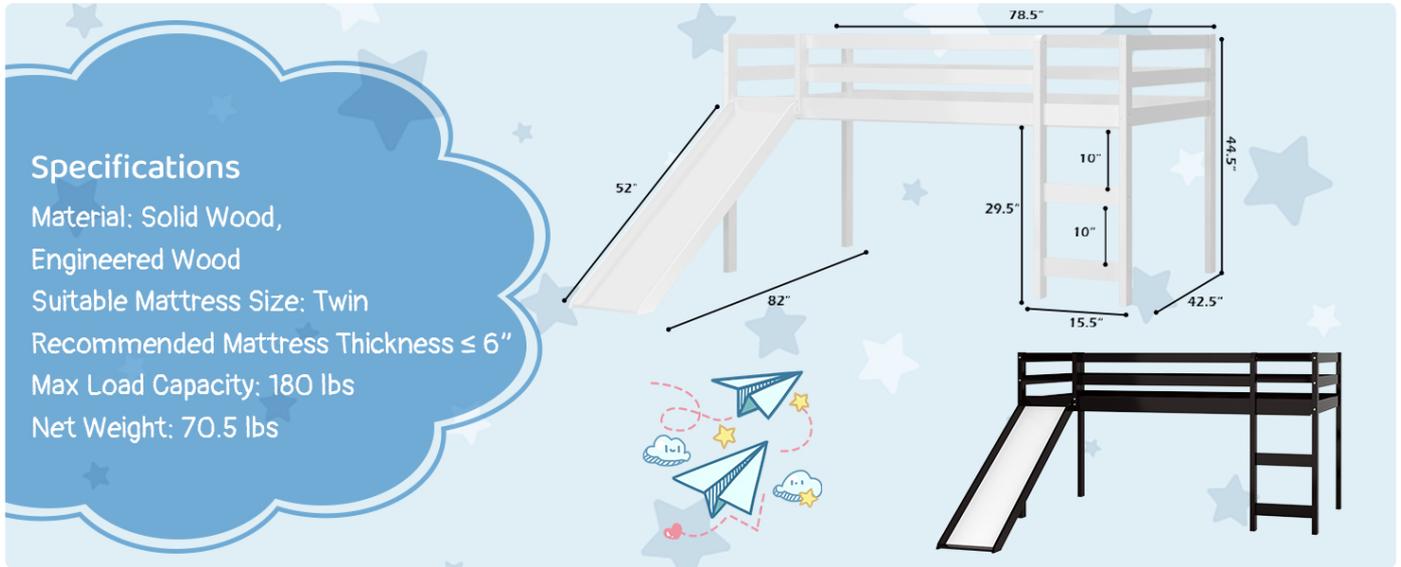

Figure 5: The versatile 29.5-inch under-bed space can be used for study, play, or storage.

6. MAINTENANCE

Regular maintenance will help prolong the life and safety of your DORTALA Twin Loft Bed.

- **Cleaning:** Wipe down the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Hardware Check:** Periodically (e.g., every 3-6 months) check all bolts, screws, and connections to ensure they are tight. Retighten if necessary. Loose hardware can compromise stability and safety.
- **Wood Care:** As the bed is made of solid wood, avoid exposing it to extreme temperature changes or excessive moisture, which can cause warping or cracking.
- **Slide Inspection:** Regularly inspect the slide for any signs of wear or damage. Ensure its surface remains smooth and free of splinters.

7. TROUBLESHOOTING

If you encounter any issues with your loft bed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware; improper assembly; not attached to wall.	Ensure all bolts and screws are fully tightened. Re-check assembly steps. Attach the bed to the wall using the provided anti-tipping kit.
Squeaking noises.	Loose connections; friction between wood parts.	Tighten all hardware. If squeaking persists, disassemble and reassemble, ensuring all parts are aligned correctly. A small amount of wax or lubricant on contact points can help.

Problem	Possible Cause	Solution
Slide feels too fast/slippery.	Surface material; clothing friction.	Ensure proper supervision during slide use. Consider placing a soft mat at the bottom of the slide.

If the problem persists or is not listed here, please contact DORTALA customer support.

8. SPECIFICATIONS

Feature	Detail
Model Number	AU-64315WHHW
Brand	DORTALA
Size	Twin
Product Dimensions (L x W x H)	79"L x 43"W x 44"H
Under-Bed Clearance	29.5 Inches
Material	Solid Wood, Engineered Wood
Color	White
Finish Type	Wood
Recommended Mattress Thickness	≤ 6 inches
Maximum Load Capacity	175 pounds
Assembly Required	Yes
Item Weight	66 pounds
