

## Horevo B028

# Horevo B028 Reversible Ceiling Fan with LED Light and Bluetooth Speaker User Manual

Model: B028

## 1. INTRODUCTION

---

Thank you for choosing the Horevo B028 Reversible Ceiling Fan. This product combines a modern ceiling fan with an integrated LED light and a high-quality Bluetooth speaker, designed to enhance comfort and ambiance in your living space. This manual provides essential information for safe installation, operation, and maintenance of your new ceiling fan.

## 2. SAFETY INSTRUCTIONS

---

Please read all safety instructions carefully before installation and use. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- Ensure the power supply is disconnected before installation or maintenance.
- Installation must be performed by a qualified electrician.
- The mounting structure must be capable of supporting the weight of the fan.
- Do not insert objects into the fan blades while the fan is operating.
- Keep children away from the fan during operation.
- This appliance is for indoor use only.
- Use only the remote control provided with the fan.

## 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before beginning installation.

Image: Overview of the Horevo B028 ceiling fan components, including the main fan unit, remote control, mounting bracket, screws, and wiring connectors. Dimensions are also indicated.

- Ceiling Fan Unit with Retractable Blades
- LED Light Panel
- Remote Control
- Mounting Bracket
- Screws and Expansion Bolts
- Wiring Connectors
- User Manual (this document)

## 4. SETUP AND INSTALLATION

The Horevo B028 ceiling fan is designed for straightforward installation. Follow these general steps. For detailed electrical wiring, consult a qualified professional.

1. **Prepare the Mounting Location:** Ensure the ceiling junction box is securely mounted and can support the fan's weight. Disconnect power at the circuit breaker.
2. **Install the Mounting Bracket:** Attach the mounting bracket to the ceiling junction box using the

provided screws. Ensure it is firmly secured.

3. **Wire the Fan:** Connect the fan's electrical wires to your household wiring. The fan includes a receiver box for the remote control; ensure this box is positioned carefully within the canopy, as space can be limited. Connect the live, neutral, and ground wires according to local electrical codes.
4. **Attach the Fan Unit:** Lift the fan unit and hook it onto the mounting bracket. Secure the fan unit to the bracket with the designated screws.
5. **Install the Lampshade:** Rotate and secure the lampshade onto the fan unit.
6. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

## 5. OPERATING INSTRUCTIONS

---

Your Horevo B028 ceiling fan is controlled via the included remote. The light, fan, and Bluetooth speaker functions can be operated independently.

### 5.1 Remote Control Overview

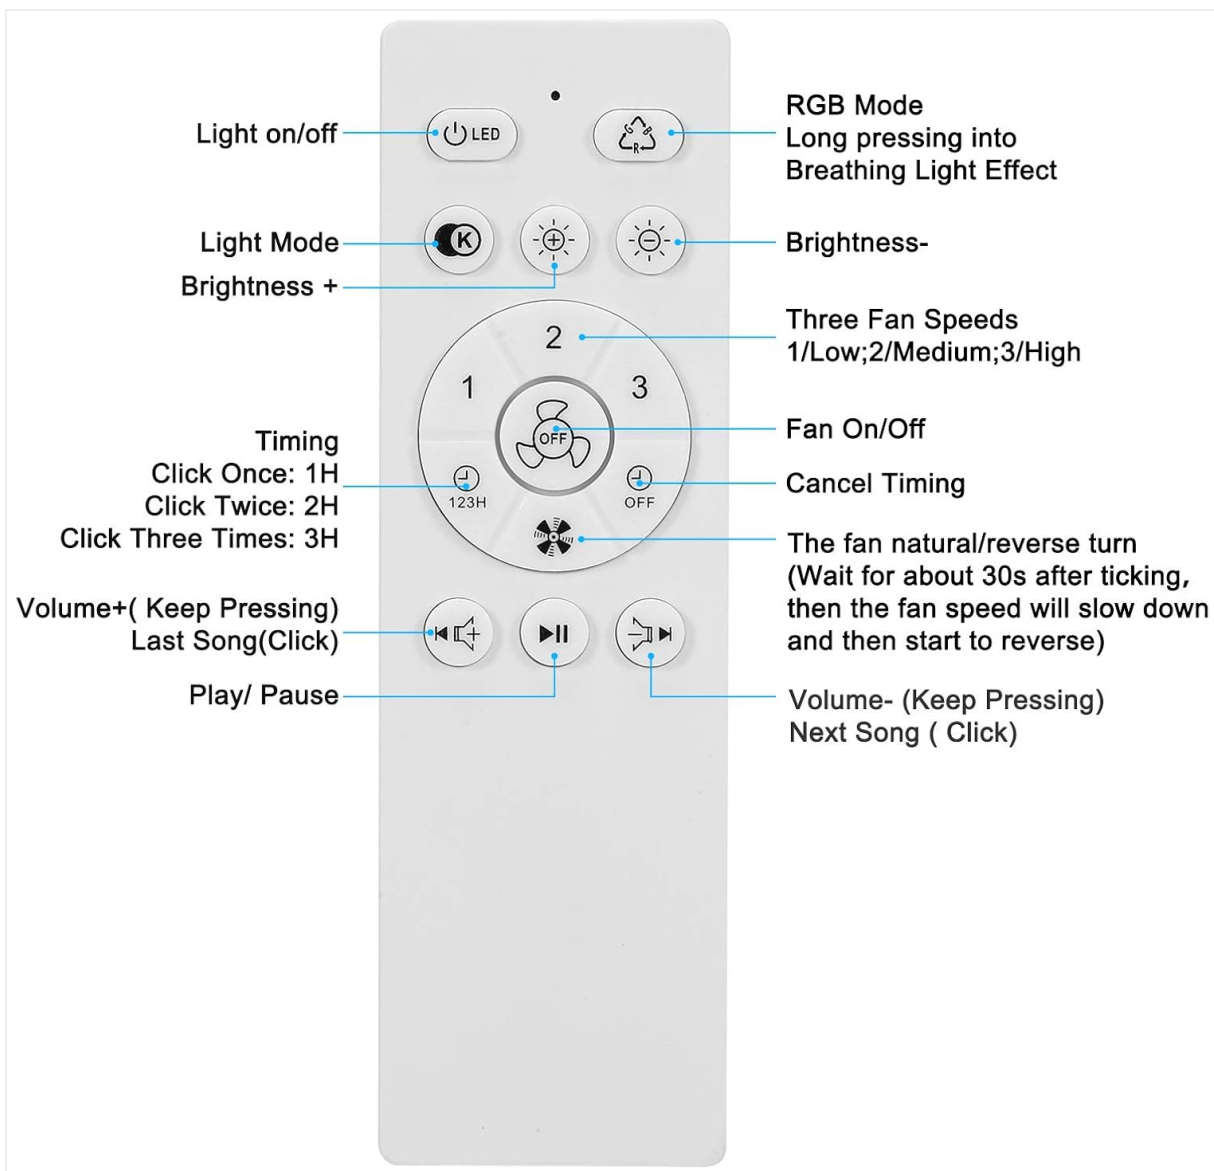

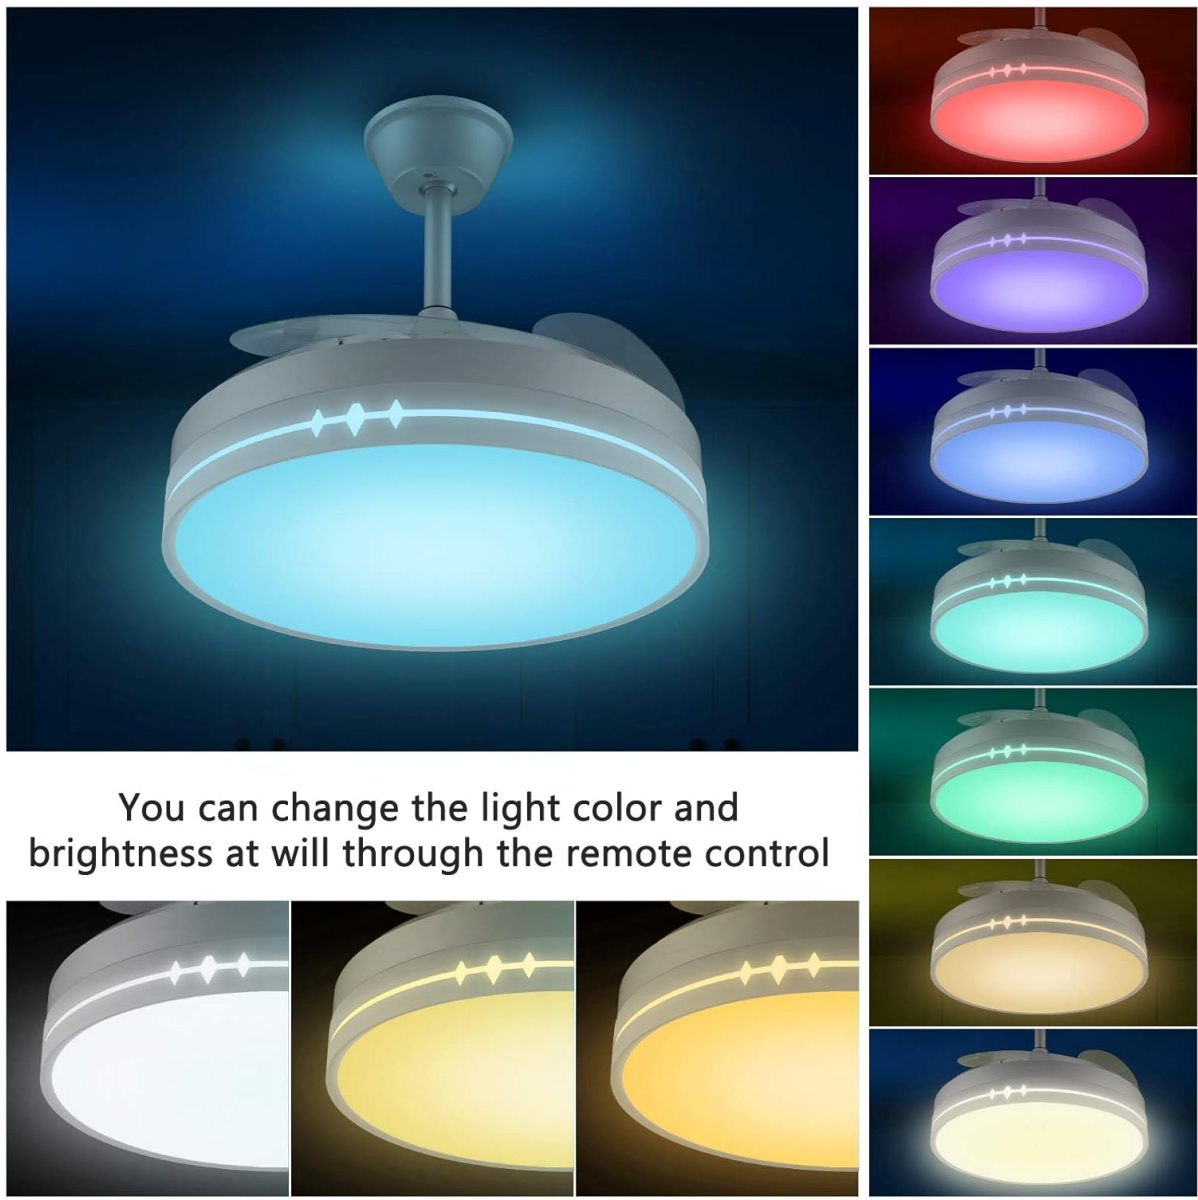

Image: Detailed diagram of the remote control, showing buttons for light on/off, RGB mode, brightness adjustment, fan on/off, fan speeds (1, 2, 3), fan natural/reverse turn, timer (1H, 2H, 3H), cancel timing, Bluetooth volume control, and music track navigation.

## 5.2 Light Functions

- **Light On/Off:** Press the **LED** button to turn the light on or off.
- **Brightness Adjustment:** Use the **Brightness +** and **Brightness -** buttons to adjust the light intensity.
- **Color Temperature:** Press the **K** button to cycle through color temperatures (e.g., warm white, neutral white, cool white) from 2700K to 6500K.
- **RGB Mode:** Press the **RGB Mode** button to activate color-changing light effects. Long press for a breathing light effect.

You can change the light color and brightness at will through the remote control

Image: The Horevo B028 ceiling fan light displaying various color temperatures and RGB color options, demonstrating the adjustable lighting features.

### 5.3 Fan Functions

- **Fan On/Off:** Press the **Fan On/Off** button to start or stop the fan.
- **Speed Adjustment:** Select fan speed using buttons **1** (Low), **2** (Medium), or **3** (High).
- **Reversible Turn:** Press the **Natural/Reverse Turn** button to change the blade rotation direction.
  - **Natural Turn (Summer Mode):** Creates a downward airflow for a cooling effect.
  - **Reverse Turn (Winter Mode):** Creates an upward airflow to circulate warm air trapped near the ceiling.

*Note:* The fan will slow down and then reverse direction after approximately 30 seconds.

## Natura & Reserve turn

## Suitable for use all year round

Image: Illustration showing the two modes of fan operation: "Natural turn" for summer cooling and "Reserve turn" for winter air circulation, demonstrating the reversible function.

### 5.4 Bluetooth Speaker Functions

- **Pairing:** Activate Bluetooth on your mobile device and search for "Horevo Fan" or a similar device name. Select to pair.
- **Play/Pause:** Press the **Play/Pause** button to start or pause music playback.
- **Volume Control:** Use **Volume +** (long press) and **Volume -** (long press) to adjust the speaker volume.
- **Track Navigation:** Press **Last Song** (click) or **Next Song** (click) to skip tracks.

Image: A person sleeping peacefully under the Horevo B028 ceiling fan, with musical notes emanating from the fan, highlighting the silent motor and integrated Bluetooth speaker for music playback.

## 5.5 Timer Function

- Press the **Timing** button once for 1-hour auto-off.
- Press twice for 2-hour auto-off.
- Press three times for 3-hour auto-off.
- Press **Cancel Timing** to deactivate the timer.

## 6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Disconnect power before cleaning. Use a soft, damp cloth to wipe down the fan blades and light fixture. Do not use abrasive cleaners or solvents.
- **Blade Inspection:** Periodically check the retractable blades for any signs of damage or obstruction.
- **Tighten Screws:** Over time, some screws may loosen. Periodically check and tighten all screws on the mounting bracket and fan housing.

## 7. TROUBLESHOOTING

If you encounter issues with your Horevo B028 ceiling fan, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Fan does not operate.	No power supply; loose wiring; remote control battery low.	Check circuit breaker. Ensure all wires are securely connected. Replace remote control batteries.
Light does not turn on.	No power; LED panel issue; remote control battery low.	Verify power. Check connections. Replace remote control batteries.
Bluetooth speaker not connecting.	Not in pairing mode; device too far; interference.	Ensure Bluetooth is enabled on your device. Move closer to the fan. Restart both devices.
Fan makes excessive noise.	Loose screws; unbalanced blades.	Check and tighten all mounting screws. Ensure blades are properly installed and balanced.
Fan emits a beeping sound upon startup.	Normal operational feedback.	This is a standard feature and cannot be disabled.

## 8. SPECIFICATIONS

Feature	Detail
Brand	Horevo
Model Number	B028
Color	White
Material	Acrylic
Power Source	Corded Electric
Voltage	220 Volts
Wattage	36 Watts
