

Radiant RAS20402

Radiant RAS20402 Smartwatch User Manual

Model: RAS20402

INTRODUCTION

This manual provides comprehensive instructions for the setup, operation, maintenance, and troubleshooting of your Radiant RAS20402 Smartwatch. Please read this manual carefully to ensure proper use and to maximize the performance of your device. Keep this manual for future reference.

1. GETTING STARTED

1.1 Package Contents

Verify that all items are present in your product package:

- Radiant RAS20402 Smartwatch
- Charging Cable
- Additional Strap (may vary by package)
- User Manual (this document)

1.2 Initial Charging

Before first use, fully charge your smartwatch. Connect the charging cable to the charging port on the back of the watch and to a standard USB power adapter (not included). The watch display will indicate charging status.

A close-up view of the Radiant RAS20402 Smartwatch, featuring a circular black digital display. The screen shows the time, date, heart rate, and step count. The watch is fitted with a silver metal link strap.

1.3 App Installation (AdorHealth)

To unlock the full functionality of your smartwatch, download and install the **AdorHealth** application on your smartphone. The app is compatible with iOS 10.1 or higher and Android 5.0 or higher, and requires Bluetooth 4.0 or higher.

1. Scan the QR code provided in the quick start guide (if available) or search for "AdorHealth" in your smartphone's app store (Apple App Store for iOS, Google Play Store for Android).
2. Download and install the application.
3. Open the AdorHealth app and follow the on-screen instructions to create an account or log in.

2. OPERATING YOUR SMARTWATCH

2.1 Basic Navigation

The Radiant RAS20402 Smartwatch features a full touchscreen display for intuitive navigation:

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick-view widgets or different feature screens.
- **Tap:** Select an item or confirm an action.
- **Press Side Button:** Return to the home screen or power on/off the device.

2.2 Key Features

Your smartwatch offers a range of features to support your daily activities and health monitoring:

- **Heart Rate Monitoring:** Continuously track your heart rate throughout the day.
- **Sleep Monitoring:** Analyze your sleep patterns, including deep and light sleep stages.
- **Message Notifications:** Receive alerts for incoming calls, SMS, and app notifications directly on your wrist.

- **Exercise Tracking:** Monitor steps, distance, and calories burned for various activities like running, walking, cycling, and swimming.
- **Music Control:** Control music playback on your connected smartphone.
- **Alarms:** Set vibration alarms for reminders.
- **Remote Camera Control:** Use your watch as a remote shutter for your smartphone camera.
- **Find My Phone/Watch:** Locate your paired smartphone or smartwatch.
- **Blood Pressure Monitor:** (Requires compatible app functionality) Monitor blood pressure readings.
- **Integrated GPS:** Track your routes and location during outdoor activities.

2.3 Exercise Tracking

The smartwatch automatically tracks your daily activity and provides detailed reports through the AdorHealth app:

- **Steps:** Get a quick overview of all the steps you've taken throughout the day, month, or year.
- **Distance:** Receive an estimate of the distance you cover each day.
- **Calories:** Calculate how many calories you burn daily based on your activity.

Seguimiento de ejercicio

Pasos: Consigue una rápida visión de todos los pasos que has realizado durante todo el día, mes o año.

Distancia: Ten una estimación de cuánta distancia recorres cada día.

Consumo: Calcula cuántas calorías quemas cada día.

The Radiant RAS20402 Smartwatch screen showing exercise tracking features, including step count, distance, and calorie estimation. The background depicts people running on a beach, illustrating the watch's fitness capabilities.

2.4 Sleep Monitoring

Wear your smartwatch to bed to automatically track your sleep. The AdorHealth app will provide a detailed history of your sleep, distinguishing between deep and light sleep stages.

Monitorización del sueño

Este reloj es capaz de analizar de manera automática tus etapas del sueño profundo y ligero. Vas a poder ver tu historial de sueño directamente en la app (AdorHealth).

The Radiant RAS20402 Smartwatch screen showing the sleep tracking interface, indicating deep and light sleep stages. A person stretching in bed is visible in the background, emphasizing the watch's sleep monitoring function.

2.5 Notifications

Once paired with your smartphone, the smartwatch will display notifications for calls, messages, and other app alerts. Ensure notification permissions are enabled in both your phone's settings and the AdorHealth app.

3. CARE AND MAINTENANCE

3.1 Cleaning

To maintain the appearance and functionality of your smartwatch:

- Wipe the watch screen and body with a soft, damp, lint-free cloth.
- For the stainless steel case and metal strap, a mild soap solution can be used, followed by thorough rinsing and drying.
- For the leather strap, avoid excessive moisture and harsh chemicals. Clean with a dry or slightly damp cloth and allow to air dry.
- Do not use abrasive cleaners or solvents.

3.2 Water Resistance

The Radiant RAS20402 Smartwatch is waterproof up to 3 meters. This means it is suitable for daily use and can withstand splashes, rain, and brief immersion in shallow water. However, it is not recommended for diving, high-pressure water activities, or prolonged submersion.

3.3 Strap Care

The watch comes with interchangeable straps (leather and metal). Ensure straps are securely attached before wearing. Regularly inspect straps for wear and tear. Replace damaged straps to prevent accidental loss of the device.

4. TROUBLESHOOTING

If you encounter issues with your Radiant RAS20402 Smartwatch, refer to the following common solutions:

4.1 Common Issues

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charging cable and a

power source for at least 30 minutes.

- **Cannot pair with smartphone:**

- Ensure Bluetooth is enabled on your phone and the watch.
- Make sure the watch is within Bluetooth range of your phone.
- Restart both your phone and the smartwatch.
- Clear the Bluetooth cache on your phone (if applicable).
- Try unpairing and re-pairing the device through the AdorHealth app.

- **Inaccurate health data:**

- Ensure the watch is worn snugly on your wrist, not too tight or too loose.
- Clean the sensors on the back of the watch.
- Update the AdorHealth app to the latest version.

- **Notifications not appearing:**

- Check notification permissions in your phone's settings for the AdorHealth app.
- Ensure notifications are enabled within the AdorHealth app settings for specific applications.
- Verify that the watch is connected to your phone via Bluetooth.

4.2 Factory Reset

If issues persist, a factory reset may resolve them. This will erase all data on your smartwatch and restore it to its original factory settings. Consult the AdorHealth app or the watch's settings menu for the factory reset option.

5. SPECIFICATIONS

Feature	Specification
Model Number	RAS20402
