V-Moda M-200 ANC

V-Moda M-200 ANC Professional Studio Headphones User Manual

Model: M-200 ANC (M200BTA-BK)

INTRODUCTION

The V-Moda M-200 ANC headphones are designed to provide a premium wireless audio experience with hybrid active noise cancellation. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your headphones to ensure optimal performance.

Image: The V-Moda M-200 ANC headphones, showcasing their design and matte black finish.

Key features include customizable audio via the V-MODA app's EQ tool, 10 levels of hybrid active noise cancellation, a durable metal build with a flexible headband, and a "Voice In" smart feature for momentary volume reduction and ANC pause.

WHAT'S INCLUDED

Verify that all items are present in your package:

- V-Moda M-200 ANC Headphones
- Exoskeleton Carry Case
- Carabiner Clip
- Audio Only 3.5mm Cable
- USB-C Charging Cable
- Flight Adapter

Image: All components included with the V-Moda M-200 ANC headphones, neatly arranged.

SETUP

1. Charging the Headphones

Before first use, fully charge your M-200 ANC headphones. Use the provided USB-C charging cable.

- Connect the USB-C end of the cable to the headphone's charging port.
- Connect the USB-A end to a compatible power source (e.g., computer USB port, wall adapter).
- A full charge provides approximately 20 hours of ANC-activated playback.
- For quick charging, 10 minutes of charge can provide about 1.5 hours of playback.

2. Bluetooth Pairing

To connect your headphones wirelessly to a device:

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes blue, indicating pairing mode.
3. On your device, navigate to Bluetooth settings and select "V-Moda M-200 ANC" from the list of available devices.
4. Once connected, the LED indicator will turn solid blue.

OPERATING INSTRUCTIONS

Controls and Voice Assistant

The M-200 ANC features intuitive controls for managing audio playback, volume, calls, and voice assistants. Refer to the headphone's physical buttons for specific functions (e.g., play/pause, track skip, volume up/down, answer/end call).

Activate your preferred voice assistant (e.g., Google Assistant) through the built-in microphone in the earcup.

Hey Google

Voice in

Need to let the outside world in for just a second but don't want to break your rhythm? M-200 ANC's "Voice In" smart feature was made for that: cover the left ear cup to lower the volume of whatever you're listening to and pause the ANC for moments that require your attention.

Active Noise Cancellation (ANC)

The hybrid active noise cancellation can be adjusted to 10 different levels. This feature intelligently neutralizes outside distractions, allowing for an immersive listening experience.

Video: An overview of the V-Moda M-200 ANC headphones, highlighting features like hybrid active noise cancellation, 20-hour battery life, easy controls, Voice-In function, and app-based EQ adjustments. It also shows the headphones being folded into their exoskeleton case.

The image is a promotional graphic for the V-Moda M-200 ANC headphones. It features a black background with a pair of headphones in the center. The text 'Studio quality. Wireless. Active noise canceling.' is overlaid in large, white, sans-serif font. In the top left corner is the V-Moda logo, and in the top right corner is the product name 'M-200 ANC Hybrid Active Noise-Canceling Wireless Headphones'. At the bottom left, there are two icons: a lightning bolt for 'Up to 20 hours battery life' and a circular arrow for 'Immortal life program'.

Voice In Feature

To momentarily lower the volume of your audio and pause ANC, cover the left earcup. This allows you to hear your surroundings or engage in conversations without removing the headphones.

V-MODA App Integration

Download the V-MODA app to customize your audio experience. The app allows you to:

- Adjust the level of active noise cancellation (10 levels available).
- Customize EQ settings to create your personal sound signature.

MAINTENANCE

To ensure the longevity and optimal performance of your V-Moda M-200 ANC headphones:

- **Cleaning:** Use a soft, dry cloth to wipe the headphones. Avoid using harsh chemicals or abrasive materials.
- **Storage:** When not in use, store the headphones in their Exoskeleton Carry Case to protect them from dust, scratches, and impacts.
- **Cables:** Handle cables gently to prevent damage. Avoid sharp bends or excessive pulling.
- **Ear Cushions:** The replaceable magnetic memory foam cushions can be removed for cleaning or replacement if needed.
- **Environmental Conditions:** Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.

TROUBLESHOOTING

If you encounter issues with your V-Moda M-200 ANC headphones, try the following steps:

- **No Power:** Ensure the headphones are fully charged. Connect them to a power source using the USB-C cable.
- **No Sound:**
 - Check if the headphones are properly paired via Bluetooth.
 - Verify the volume level on both the headphones and your connected device.
 - If using the audio cable, ensure it is securely connected to both the headphones and the audio source.
- **Bluetooth Connection Issues:**
 - Turn off and on the headphones and your device's Bluetooth.
 - Delete the headphones from your device's Bluetooth list and re-pair them.
 - Ensure no other devices are interfering with the Bluetooth signal.
- **ANC Not Working Effectively:**
 - Adjust the ANC level via the V-MODA app.
 - Ensure the earcups form a good seal around your ears.
- **Voice In Feature Not Responding:** Ensure you are covering the entire left earcup surface.

If problems persist, consult the V-Moda support website for further assistance.
