Maintenance and Care

Proper care will ensure the longevity and clarity of your mirror.

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping behind the frame. Wipe gently until clean and streak-free.
- **Cleaning the Frame:** Wipe the metal frame with a soft, dry cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Handling:** Always handle the mirror by its frame, not the glass surface, to avoid fingerprints and potential damage.
- **Placement:** Avoid placing the mirror in areas with extreme temperature fluctuations or high humidity, which can affect the mirror's backing and frame over time.
