Igloo Profile II 30 Quart Cooler Instruction Manual

Model: Igloo Profile II 30 Quart Bail

Brand: Igloo

INTRODUCTION

The Igloo Profile II 30 Quart Cooler is designed for efficient cooling and easy portability, making it ideal for various outdoor activities. Its robust construction and thoughtful features ensure your beverages and food remain cold for extended periods.

Front view of the Igloo Profile II 30 Quart Cooler, showcasing its vibrant blue exterior, white lid, and integrated bail handle. Product labels highlight its 30-quart capacity, ability to hold 41 cans, and up to 3 days of ice retention.

KEY FEATURES

- **Cool Riser Technology:** Elevated design improves cooling performance by keeping the cooler away from hot surfaces.
- **Versatile Capacity:** Fits all popular beverage sizes, including 2L bottles upright, and has a capacity for up to 41 cans.
- **Integrated Pouring Channels:** Liner features built-in channels for easy purging of melted ice, simplifying cleanup.

- **Slotted Lid:** Designed for easy stacking of multiple coolers, optimizing storage space.
- **NEW THERMECOOL Foam:** Utilizes a cleaner, eco-friendly insulation solution for superior cooling.

The Igloo Profile II 30 Quart Cooler with its lid open, revealing the clean, spacious white interior. This design allows for upright storage of 2-liter bottles and features integrated pouring channels for easy drainage.

SETUP AND FIRST USE

1. **Initial Cleaning:** Before first use, wash the interior and exterior of the cooler with mild soap and warm water. Rinse thoroughly and dry completely.

- 2. **Pre-Chilling:** For optimal performance, pre-chill the cooler by filling it with ice or ice packs several hours before loading it with contents. This lowers the internal temperature of the insulation.
- 3. **Loading Contents:** Place items that need to stay coldest at the bottom. Fill any empty spaces with additional ice, ice packs, or crumpled newspaper to minimize air pockets and maximize ice retention.

OPERATING INSTRUCTIONS

The Igloo Profile II 30 Quart Cooler is designed for simplicity and efficiency.

- **Lid Closure:** Ensure the lid is securely closed after each use to maintain internal temperature. The slotted lid design allows for easy stacking when not in use.
- **Drainage:** The integrated pouring channels in the liner facilitate easy draining of melted ice. Simply tilt the cooler to empty the water.
- **Portability:** Utilize the sturdy bail handle for comfortable carrying. The compact size makes it easy to transport for various activities.

CARE AND MAINTENANCE

- **Cleaning:** After each use, clean the cooler thoroughly with mild soap and warm water. For stubborn stains, a mixture of baking soda and water can be used. Avoid abrasive cleaners or harsh chemicals.
- **Drying:** Always ensure the cooler is completely dry before storing to prevent mold and mildew growth. Leave the lid slightly ajar during storage to allow for air circulation.
- **Storage:** Store the cooler in a cool, dry place away from direct sunlight or extreme temperatures to prolong its lifespan.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Poor Ice Retention	Lid not sealed properly; Cooler not pre-chilled; Too much empty space inside.	Ensure lid is tightly closed. Pre-chill cooler before use. Fill empty spaces with ice or insulation.
Difficulty Cleaning	Dried food or beverage stains.	Use a baking soda and water paste for stubborn stains. Allow it to sit for a few minutes before scrubbing.
Unpleasant Odor	Mold or mildew growth due to improper drying.	Clean thoroughly with a bleach solution (1 part bleach to 10 parts water) or vinegar solution. Air dry completely with lid open.

SPECIFICATIONS

Attribute	Detail
Model Name	Profile
Capacity	30 Quarts (28 Liters)
Item Weight	6.3 Pounds
Material	Plastic (Foam Insulation)
Color	30 Qt Blue
Special Feature	Insulated
Item Dimensions (LxWxH)	18 x 11.85 x 17 inches
UPC	034223503444
