

Xiaomi Mi Smart Projector 2 Pro

Xiaomi Mi Smart Projector 2 Pro User Manual

Model: Mi Smart Projector 2 Pro | Brand: Xiaomi

1. INTRODUCTION

This manual provides essential information for the safe and efficient operation of your Xiaomi Mi Smart Projector 2 Pro. Please read this manual thoroughly before using the product and retain it for future reference.

1.1 Package Contents

- Xiaomi Mi Smart Projector 2 Pro
- Power Cable
- Remote Control
- Cleaning Cloth
- User Manual

2. PRODUCT FEATURES

- **Full HD 1080P Resolution:** Delivers crisp and clear images.
- **Large Screen Projection:** Capable of projecting screen sizes from 60 to 120 inches.
- **Google Assistant Integration:** Control the projector and compatible smart home devices using voice commands.
- **Built-in Android TV 9.0:** Access a wide range of streaming apps, including official Netflix certification.
- **Automatic Focus (Autofocus):** Achieves sharp focus in approximately 2 seconds.
- **Keystone Correction:** Automatically adjusts image distortion for a perfectly rectangular picture.
- **Stereo Speakers:** Provides integrated audio output.
- **Bluetooth Stereo System Functionality:** Use the projector as a standalone Bluetooth speaker.
- **Eye Protection:** Designed with features to reduce eye strain.

3. SETUP

Follow these steps to set up your Xiaomi Mi Smart Projector 2 Pro.

3.1 Unpacking and Placement

Carefully remove the projector and all accessories from the packaging. Place the projector on a stable, flat surface or mount it according to the desired projection angle. Ensure adequate ventilation around the device.

Figure 3.1: Front-left view of the Xiaomi Mi Smart Projector 2 Pro.

3.2 Connecting to Power

Connect the provided power cable to the projector's power input port and then plug the other end into a suitable electrical outlet.

3.3 Connecting External Devices

The projector features various ports for connecting external devices. Refer to the diagram below for port identification.

Figure 3.2: Rear view of the projector with input/output ports.

- **HDMI Input:** Connect Blu-ray players, game consoles, laptops, or other HDMI-enabled devices.
- **USB Ports:** For connecting USB storage devices to play media files.
- **Audio Output:** Connect external audio systems or headphones.
- **Ethernet Port:** For wired network connection.

4. OPERATING INSTRUCTIONS

Once powered on, the projector will guide you through the initial setup process, including network connection and Google account login.

4.1 Initial Power On and Android TV Setup

Press the power button on the projector or remote control. Follow the on-screen instructions to connect to your Wi-Fi network, log in with your Google account, and set up Android TV. This includes installing apps like Netflix.

4.2 Image Adjustment (Autofocus & Keystone Correction)

The projector features automatic focus and keystone correction. These functions will typically activate automatically upon movement or power-on to ensure a clear and rectangular image. Manual adjustments can be made via the settings menu if needed.

4.3 Using Google Assistant

Press the Google Assistant button on your remote control and speak your commands. You can ask it to play content, control smart home devices, get information, and more.

4.4 Bluetooth Stereo Mode

To use the projector as a Bluetooth speaker, navigate to the Bluetooth settings in Android TV and pair your mobile device. The projector's display can be turned off while audio continues to play.

4.5 Official Product Video

Video 4.1: This video demonstrates the key features and operational aspects of the Xiaomi Mi Smart Projector 2 Pro, including its smart functionalities and image quality.

5. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your projector.

5.1 Cleaning

- **Lens:** Use the provided cleaning cloth or a soft, lint-free cloth specifically designed for optical lenses. Do not use abrasive cleaners or solvents.
- **Exterior:** Wipe the projector's exterior with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by a dry one.
- **Ventilation:** Ensure the ventilation grilles are free from dust and obstructions to prevent overheating.

5.2 Lamp Recycling and Disposal

For information regarding the recycling of projector lamps and the proper disposal of broken or damaged lamps, please consult local regulations and recycling centers. Projector lamps may contain hazardous materials and should not be disposed of with regular household waste.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your projector.

6.1 No Image or Poor Image Quality

- Ensure the power cable is securely connected and the projector is turned on.
- Check the input source selection. Make sure the correct HDMI or other input is selected.
- Verify that the external device (e.g., laptop, Blu-ray player) is powered on and outputting a signal.
- Clean the projector lens if the image appears blurry or dusty.
- Allow the projector to perform autofocus and keystone correction. If issues persist, try manual adjustment in settings.

6.2 Wi-Fi Connectivity Issues

- Ensure the projector is within range of your Wi-Fi router.
- Restart your Wi-Fi router and the projector.
- Check your Wi-Fi password for accuracy.
- If the issue persists, consider connecting via an Ethernet cable if possible.
- Ensure the projector's software is up to date. Check for system updates in the Android TV settings.

6.3 Remote Control Not Responding

- Check and replace the batteries in the remote control.
- Ensure there are no obstructions between the remote control and the projector.
- Re-pair the Bluetooth remote control with the projector if necessary (refer to Android TV settings).
