HAILANG 3.2 cu.ft Beverage Refrigerator Cooler User Manual

Model: c348c408-8130-46f0-bf18-4b13267db5e6
Brand: HAILANG

1. Important Safety Information

To reduce the risk of fire, electric shock, or injury when using your appliance, follow these basic precautions:

- Read all instructions before using the appliance.
- Do not touch cold surfaces, especially when the appliance is operating.
- Ensure proper ventilation around the unit. Maintain adequate space from walls and other appliances.
- Do not store explosive substances such as aerosol cans with a flammable propellant in this appliance.
- Unplug the appliance before cleaning or performing any maintenance.
- Keep children away from the appliance. Supervise children to ensure they do not play with the appliance.
- **Important:** The condenser drip tray is a crucial component. Do not discard this plastic piece during unpacking. It is located at the back of the unit and collects condensation.

2. Product Overview and Features

The HAILANG 3.2 cu.ft Beverage Refrigerator Cooler is designed for efficient cooling of beverages. Its compact design and adjustable features make it suitable for various environments.

Key Features:

- **Capacity:** 3.2 Cubic Feet, capable of holding various cans and bottles.
- **Temperature Control:** Adjustable knob with 7 custom thermostat settings, ranging from 32 °F to 54 °F.
- **Adjustable Leveling Legs:** For stability on uneven surfaces.
- **Removable Shelves:** Four adjustable shelves to customize storage space.
- **Glass Door:** Tempered glass door for clear visibility of contents.

- **Internal LED Lighting:** Blue LED light illuminates the interior.
- **Automatic Defrost:** Simplifies maintenance.

Product Dimensions:

15.75 inches (Width) × 16.73 inches (Depth) × 32.84 inches (Height)

3. Setup

3.1 Unpacking

- Remove all packaging materials, including the foam base and any adhesive tape.
- Inspect the appliance for any damage. Report any damage to the retailer immediately.
- Ensure the condenser drip tray (located at the back) is securely in place and not discarded.

3.2 Placement

- Place the appliance on a flat, stable surface strong enough to support the unit when fully loaded.
- Allow at least 5 inches (12.7 cm) of space between the back and sides of the appliance and any adjacent walls or cabinets for proper air circulation.
- Avoid placing the unit in direct sunlight or near heat sources (e.g., stoves, heaters).
- This appliance is designed for indoor use. If used outdoors, ensure it is protected from elements and has adequate ventilation.

3.3 Leveling

- The appliance is equipped with adjustable leveling legs. Turn the legs clockwise to raise the unit or counter-clockwise to lower it.
- Ensure the unit is level to prevent vibrations and ensure proper door sealing.

Figure 3: Details of the cooler, including adjustable feet.

3.4 Initial Use

- After placement, allow the appliance to stand upright for at least 2-4 hours before plugging it into a power outlet. This allows the refrigerant to settle.
- Plug the unit into a dedicated, grounded electrical outlet.
- Set the desired temperature (refer to Section 4.1). Allow the unit to cool for several hours before loading beverages.

4. Operating Instructions

4.1 Temperature Control

The beverage cooler features a control panel located inside the unit at the top. This panel allows you to adjust the internal temperature.

- Use the temperature control buttons (usually marked with '+' and '-') to set the desired temperature.
- The temperature can be adjusted from 32 °F to 54 °F.
- There are 7 custom thermostat settings. A lower number typically indicates a colder setting.
- The digital display will show the current internal temperature.

Figure 4: Temperature control panel with digital display.

4.2 Internal Lighting

The cooler is equipped with a blue LED interior light. This light can be manually turned on or off using the light button on the control panel.

- Press the light bulb icon button on the control panel to toggle the interior light.
- The blue LED light is designed to not degrade the quality of beverages like wine or beer.

4.3 Shelf Adjustment

The four removable shelves allow for flexible storage configurations.

- To adjust a shelf, carefully lift it and slide it out of its current position.
- Reinsert the shelf into the desired slot, ensuring it is securely seated.
- This allows you to accommodate taller bottles or larger quantities of cans.

5. Maintenance

5.1 Cleaning

- **Exterior:** Clean the exterior with a soft cloth and mild detergent. Avoid abrasive cleaners.
- **Interior:** Unplug the unit. Remove shelves and clean with a mild soap and water solution. Rinse thoroughly and dry completely before replacing.
- **Door Gasket:** Clean the door gasket regularly to ensure a tight seal.

5.2 Defrosting

The HAILANG Beverage Refrigerator Cooler features an automatic defrost system, minimizing the need for manual defrosting.

5.3 Condenser Drip Tray

Regularly check and clean the condenser drip tray located at the back of the unit to prevent water overflow and

maintain hygiene.

5.4 Long-Term Storage

- If the appliance will not be used for an extended period, unplug it from the power outlet.
- Clean the interior thoroughly and leave the door slightly ajar to prevent odors and mold growth.

6. Troubleshooting

Before contacting customer service, review this section for potential solutions to common issues.

Problem	Possible Cause	Solution
Appliance does not operate.	Not plugged in; circuit breaker tripped; temperature set too high.	Ensure plug is secure; reset circuit breaker; lower temperature setting.
Temperature is not cold enough.	Door opened too frequently; poor ventilation; excessive items inside.	Minimize door openings; ensure adequate clearance for ventilation; do not overfill.
Unusual noises.	Appliance is not level; loose parts; normal operating sounds.	Adjust leveling legs; check for loose components; gurgling/hissing sounds are normal.
Interior light not working.	Light is turned off.	Press the light bulb icon button on the control panel to turn on the light.

7. Specifications

Specification	Value
Brand Name	HAILANG
Model Info	c348c408-8130-46f0-bf18-4b13267db5e6
Product Dimensions	16.73 x 15.75 x 32.84 inches
Capacity	3.2 Cubic Feet
Installation Type	Tabletop
Color	Black
Defrost System	Automatic
Door Material Type	Glass
Number Of Doors	1
Shelves	4
