Setup

Follow these steps to set up your Pura Smart Home Fragrance Device:

1. **Download the Pura App:** Search for "Pura" in your smartphone's app store (iOS or Android) and download the official Pura app.
2. **Connect Your Device:** Plug your Pura device into a standard wall outlet. Open the Pura app and follow the on-screen instructions to connect your device to your home Wi-Fi network. Ensure your device is within Wi-Fi range.
3. **Insert Fragrance Refills:** Open the magnetic cover of the Pura device. Insert the fragrance vials into the designated slots until they click into place. The device is designed to hold two fragrances simultaneously. Close the cover.

Operating Instructions

The Pura device offers several customizable features through its mobile application:

- **Adjust Fragrance Intensity:** Control the strength of the scent output from 1 to 10, allowing you to customize the ambiance to your preference and room size.
- **Switch Between Two Scents:** Easily toggle between the two inserted fragrance refills directly from the app.

- **Set a Mood with LED Light:** Utilize the smart LED ambient nightlight feature to select colors and brightness, enhancing the atmosphere of your space.
- **Create Custom Schedules:** Program specific times for your device to turn on/off and adjust scent intensity based on your daily routine.
- **Use Geofencing:** Enable geofencing to automatically turn the device on or off as you enter or leave your home, conserving fragrance.
- **Control from Anywhere:** Manage your Pura device remotely through the app, ensuring your home always smells inviting.

Maintenance

Proper maintenance ensures the longevity and optimal performance of your Pura device:

- **Cleaning:** Periodically wipe the exterior of the device with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- **Fragrance Refill Replacement:** When a fragrance vial is empty, remove it by gently pulling it out of its slot. Dispose of the empty vial responsibly. Insert a new Pura fragrance refill until it clicks into place.

Troubleshooting

If you encounter issues with your Pura device, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Device not connecting to app/Wi-Fi	Incorrect Wi-Fi password, device too far from router, app glitch.	Ensure correct Wi-Fi password. Move device closer to router. Restart the Pura app or reinstall it if necessary.
No scent detected	Fragrance vial empty, intensity set too low, device not operating.	Check fragrance levels and replace if empty. Increase scent intensity in the app. Verify device is plugged in and active.

Problem	Possible Cause	Solution
Scent pods not lasting long	High intensity setting, frequent use, large room size.	Reduce scent intensity. Utilize scheduling and geofencing features to optimize usage. Consider device placement for better scent distribution.
Device light is on, but no scent	Fragrance vial not properly inserted, internal blockage.	Ensure fragrance vials are fully seated. Contact Pura support if issue persists after checking vials.
