# Hot Wheels City Nemesis Launcher Assortment Instruction Manual

Brand: Hot Wheels | Model: GVF41

## 1. INTRODUCTION

---

The Hot Wheels City Nemesis Launcher Assortment brings thrilling action to your Hot Wheels collection. This set includes two distinct launchers: the Hot Wheels Dino Launcher and the Hot Wheels Shark Launcher. Each launcher is designed to propel Hot Wheels cars through exciting obstacles, offering dynamic play scenarios. These launchers can be integrated with other Hot Wheels City sets (sold separately) or enjoyed as standalone play items.

## 2. WHAT'S INCLUDED

---

Your Hot Wheels City Nemesis Launcher Assortment package contains the following components:

- 1 x Hot Wheels Dino Launcher (Red, dinosaur-themed)
- 1 x Hot Wheels Shark Launcher (Blue, shark-themed)
- 3 x Hot Wheels Cars (assorted designs)

## 3. SETUP INSTRUCTIONS

---

Follow these steps to set up your Hot Wheels Nemesis Launchers:

### 1. Dino Launcher Assembly:

The Hot Wheels Dino Launcher features a red T-Rex design. Ensure the tail section is securely attached to the main body. The tail acts as the launching mechanism.

## 2. Shark Launcher Assembly:

The Hot Wheels Shark Launcher is blue and features a shark design. Attach any track pieces (sold separately) to the designated connection points at the front or rear of the launcher. The internal mechanism is finger-activated.

### 3. Track Connection (Optional):

Both launchers are equipped with two connection points, allowing them to be integrated into larger Hot Wheels track systems. Align the track connectors with the slots on the launcher and push firmly until they click into place.

## 4. OPERATING INSTRUCTIONS

---

Learn how to operate your Hot Wheels Nemesis Launchers for maximum fun:

### 1. Using the Dino Launcher:

Place a Hot Wheels car at the rear of the Dino Launcher, ensuring it is aligned with the track groove. Press down firmly on the T-Rex's tail to activate the launching mechanism. The car will be propelled forward, aiming to escape the T-Rex's jaws.

## 2. Using the Shark Launcher:

Position a Hot Wheels car at the rear of the Shark Launcher. Use your finger to press the designated launcher button (typically located near the shark's fin or mouth). This action will launch the car forward, attempting to clear the shark's mouth obstacle.

### 3. Optimal Performance:

For best results, ensure the car is placed correctly in the launcher and apply a swift, firm press to the launching mechanism. Experiment with different Hot Wheels cars to see how they perform with each launcher.

## 5. MAINTENANCE

---

To ensure the longevity and optimal performance of your Hot Wheels Nemesis Launchers, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the launchers with a soft, dry cloth to remove dust and debris. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Do not submerge in water.
- **Storage:** Store the launchers and cars in a cool, dry place away from direct sunlight and extreme temperatures.
- **Inspection:** Periodically check for any loose or damaged parts. Discontinue use if any significant damage is observed.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your Hot Wheels Nemesis Launchers, refer to the following common problems and solutions:

- **Car not launching effectively:**

- Ensure the car is placed correctly and fully seated in the launcher's track groove.
  - Apply a firm and swift press to the launching mechanism.
  - Check if any debris is obstructing the launching path or mechanism.
- **Launcher parts feel loose:**
    - Verify that all detachable parts, such as the Dino Launcher's tail or track connections, are securely clicked into place.
    - If parts remain loose or broken, contact customer support.
