OttLite CSA30G59

OttLite Curve LED Desk Lamp

Model: CSA30G59

INTRODUCTION

Thank you for choosing the OttLite Curve LED Desk Lamp. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new lamp. Please read these instructions thoroughly before use and retain them for future reference.

Figure 1: The OttLite Curve LED Desk Lamp, featuring a sleek black design with a flexible neck and an illuminated LED head.

IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury to persons, please observe the following:

- Do not use with a damaged cord or plug.
- Unplug from outlet before cleaning or performing any maintenance.
- Do not operate the lamp if it has been dropped or damaged.
- Do not attempt to modify the lamp. Repairs should only be performed by qualified service personnel.
- For indoor use only. Do not expose to water or excessive humidity.
- Keep the lamp away from heat sources and direct sunlight.

PACKAGE CONTENTS

Verify that all items are present in the package:

- OttLite Curve LED Desk Lamp
- A/C Adapter
- Remote Control (Note: Product specifications indicate a remote control, but the feature bullets mention touch

activation. Please refer to the product packaging for exact contents.)

ASSEMBLY AND SETUP

The OttLite Curve LED Desk Lamp requires minimal assembly.

1. Carefully remove all components from the packaging.
2. Place the lamp on a stable, flat surface.
3. Connect the A/C adapter to the power input port on the lamp base.
4. Plug the A/C adapter into a standard electrical outlet.

Figure 2: The OttLite Curve LED Desk Lamp positioned on a desk, ready for use, demonstrating its compact and elegant design.

OPERATING YOUR LAMP

Power and Brightness Control

The lamp features touch-activated controls located on the base.

- **Power On/Off:** Gently touch the power icon on the lamp base to turn the lamp on or off.
- **Adjusting Brightness:** The lamp offers 4 brightness levels. With each successive touch of the power icon, the brightness will cycle through the available levels.

4 Brightness Levels

Figure 3: Visual representation of the lamp's key features, including the touch control on the base and the four distinct brightness settings of the LED head.

Flexible Neck Adjustment

The lamp is equipped with a flexible, rubberized neck, allowing you to easily adjust the light direction and height to suit your needs.

- Gently bend the neck of the lamp to position the light head as desired.
- The height can be adjusted from 11.25 inches to 23.75 inches.

Figure 4: The lamp's flexible neck allows for versatile positioning of the light, adapting to different tasks and preferences.

CLEARSUN LED TECHNOLOGY

The OttLite Curve LED Desk Lamp features proprietary ClearSun LED technology, designed to provide a healthier way to see by closely matching the spectral output of natural daylight.

- **Reduced Eyestrain:** ClearSun LEDs reduce eyestrain by up to 51% compared to standard LEDs, which often have peaks and valleys in their light spectrum.
- **Exceptional Color Accuracy:** With a Color Rendering Index (CRI) of 97, the lamp provides smooth, uniform light that shows colors with unmatched accuracy, making colors appear more vivid and true to life.

No Other LEDs Show Color This True

Reasonable CRI

Good CRI

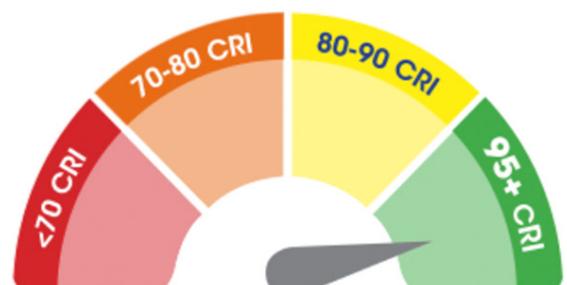

95+

ClearSun LED is BEYOND Excellent - 95+ CRI

Figure 5: This graph illustrates how ClearSun LED technology provides a balanced light spectrum, similar to natural daylight, which helps reduce eye strain compared to the uneven spectrum of standard LEDs.

Incredible Color Accuracy

The Color Rendering Index (CRI) is used to measure how accurately a light shows color on a scale of 1-100. With a **CRI score of 95+**, OttLite ClearSun LEDs show colors more vividly and true to life.

CRI of 95+

Figure 6: A visual representation of the Color Rendering Index (CRI) scale, highlighting the OttLite ClearSun LED's high CRI of 95+, indicating superior color accuracy.

CARE AND MAINTENANCE

Proper care will ensure the longevity and optimal performance of your OttLite lamp.

- Ensure the lamp is unplugged and cool before cleaning.
- Wipe the lamp with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these may damage the finish.
- Avoid getting moisture into any openings.
- The LEDs are integrated and not replaceable. Do not attempt to remove or replace them.

TROUBLESHOOTING

If you experience issues with your lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	Not plugged in; power outlet not active; adapter faulty.	Ensure the A/C adapter is securely plugged into both the lamp and a working electrical outlet. Test the outlet with another device.
Brightness levels do not change.	Incorrect touch input; internal malfunction.	Ensure you are touching the control area correctly. Unplug the lamp for 30 seconds and plug it back in to reset. If the issue persists, contact customer support.
Light flickers or is dim.	Unstable power supply; adapter issue.	Try plugging the lamp into a different outlet. Ensure the adapter is firmly connected.

PRODUCT SPECIFICATIONS

Detailed technical specifications for the OttLite Curve LED Desk Lamp:

Feature	Specification
Model Number	CSA30G59
Light Source Type	LED (ClearSun)
Brightness	374 Lumens
Color Rendering Index (CRI)	97 (as per feature bullets, 95.00 as per specs)
Color Temperature	5000 Kelvin (Daylight)
Wattage	6.8 watts
Voltage	120 Volts
Product Dimensions (D x W x H)	5.25"D x 5.25"W x 11.25"H (adjustable height up to 23.75")
Item Weight	3.2 Pounds (3.22 pounds)
Base Material	Rubber
Finish Type	Glossy
Switch Type	Touch

Feature	Specification
Power Source	Corded Electric
UPC	761712018362

Perfect for **home, office, reading, crafting, and sewing**
