

adidas SP 0001

Adidas Sport SP 0001 Sunglasses User Manual

Model: SP 0001

1. INTRODUCTION

Welcome to the user manual for your Adidas Sport SP 0001 Sunglasses. These sunglasses are designed for active individuals, featuring a durable matte blue frame and advanced photocromatic lenses that adapt to varying light conditions. This manual provides essential information for the proper setup, operation, maintenance, and care of your new eyewear.

2. SETUP AND INITIAL FIT

Upon receiving your Adidas Sport SP 0001 Sunglasses, please follow these steps for initial setup and fit adjustment:

1. **Unpacking:** Carefully remove the sunglasses from their packaging. Inspect for any visible damage.
2. **Initial Inspection:** Ensure all components, including the frame, lenses, and nose pads, are securely in place.
3. **Adjusting Fit:** The sunglasses are designed for a secure fit. Gently adjust the nose pads to ensure comfortable positioning on your nose bridge. The temples (arms) are designed to conform to your head shape for stability during activity. Avoid excessive force when adjusting.

Image 2.1: Inside view of the sunglasses, highlighting the adjustable nose pads for a customized fit.

3. OPERATING YOUR SUNGLASSES

Your Adidas Sport SP 0001 Sunglasses are equipped with photocromatic lenses, which automatically adjust their tint level based on UV light exposure. This feature provides optimal vision across various lighting conditions without needing to switch lenses.

- **Wearing:** Place the sunglasses on your face, ensuring the nose pads rest comfortably and the temples extend securely over your ears.
- **Photocromatic Function:** The lenses will darken when exposed to UV light (e.g., outdoors in sunlight) and lighten in lower UV conditions (e.g., indoors or on cloudy days). The transition time may vary depending on temperature and UV intensity.
- **Intended Use:** These sunglasses are ideal for sports and outdoor activities where light conditions can change frequently. They offer protection from harmful UV rays.

4. MAINTENANCE AND CARE

Proper care will extend the life and maintain the performance of your sunglasses:

- **Cleaning Lenses:** Use a soft, clean microfiber cloth specifically designed for eyewear. For stubborn smudges, rinse the lenses with lukewarm water and a small drop of mild, pH-neutral soap. Gently rub with your fingertips, then rinse thoroughly and dry with the microfiber cloth. Avoid paper towels or abrasive materials.
- **Cleaning Frame:** Wipe the frame with a damp cloth and mild soap if necessary. Rinse and dry thoroughly.
- **Storage:** When not in use, store your sunglasses in their protective case to prevent scratches and damage. Avoid leaving them in direct sunlight or extreme temperatures (e.g., on a car dashboard), as this can affect the frame material and lens coating.
- **General Care:** As per manufacturer guidelines, the sunglasses should be cleaned by hand. Do not machine wash or use harsh chemical cleaners.

5. TROUBLESHOOTING

If you encounter any issues with your sunglasses, refer to the following common solutions:

- **Lenses not changing color:** Ensure the sunglasses are exposed to sufficient UV light. Photocromatic lenses react to UV, not just visible light. Performance may be slightly reduced in very cold temperatures. If the issue persists, contact customer support.
- **Loose fit:** Gently adjust the nose pads for a more secure fit. If the temples feel loose, avoid attempting to bend them yourself, as this may cause damage. Consult an eyewear professional.
- **Scratched lenses:** Scratches are typically a result of improper cleaning or storage. Unfortunately, scratches on lenses cannot be repaired. Always use the provided case and microfiber cloth for cleaning.

6. SPECIFICATIONS

Feature	Detail
Model Number	SP 0001
Frame Color	Matte Blue
Frame Material	Plastic
Frame Type	Single Lens
Frame Style	Semi Rimless
Gender	Men
Lens Color	Light Blue (Photocromatic)
Lens Material	Plastic
Lens Width	135 mm
Lens Height	49 mm
Temple Length	135 mm
Polarization	Non-polarized
Product Dimensions	5.12 x 1.18 x 3.15 inches
Item Weight	2.82 ounces
Manufacturer	Adidas
Model Year	2020
