Proscenic A8 SE

Proscenic A8SE Smart Air Purifier User Manual

Model: A8 SE

INTRODUCTION

Thank you for choosing the Proscenic A8SE Smart Air Purifier. This manual provides essential information for the safe and efficient operation of your device. Please read it thoroughly before use and retain it for future reference.

The Proscenic A8SE Smart Air Purifier, a compact and efficient device designed to improve indoor air quality.

The Proscenic A8SE can be conveniently controlled via a smartphone application, offering remote access to its features.

Key Features

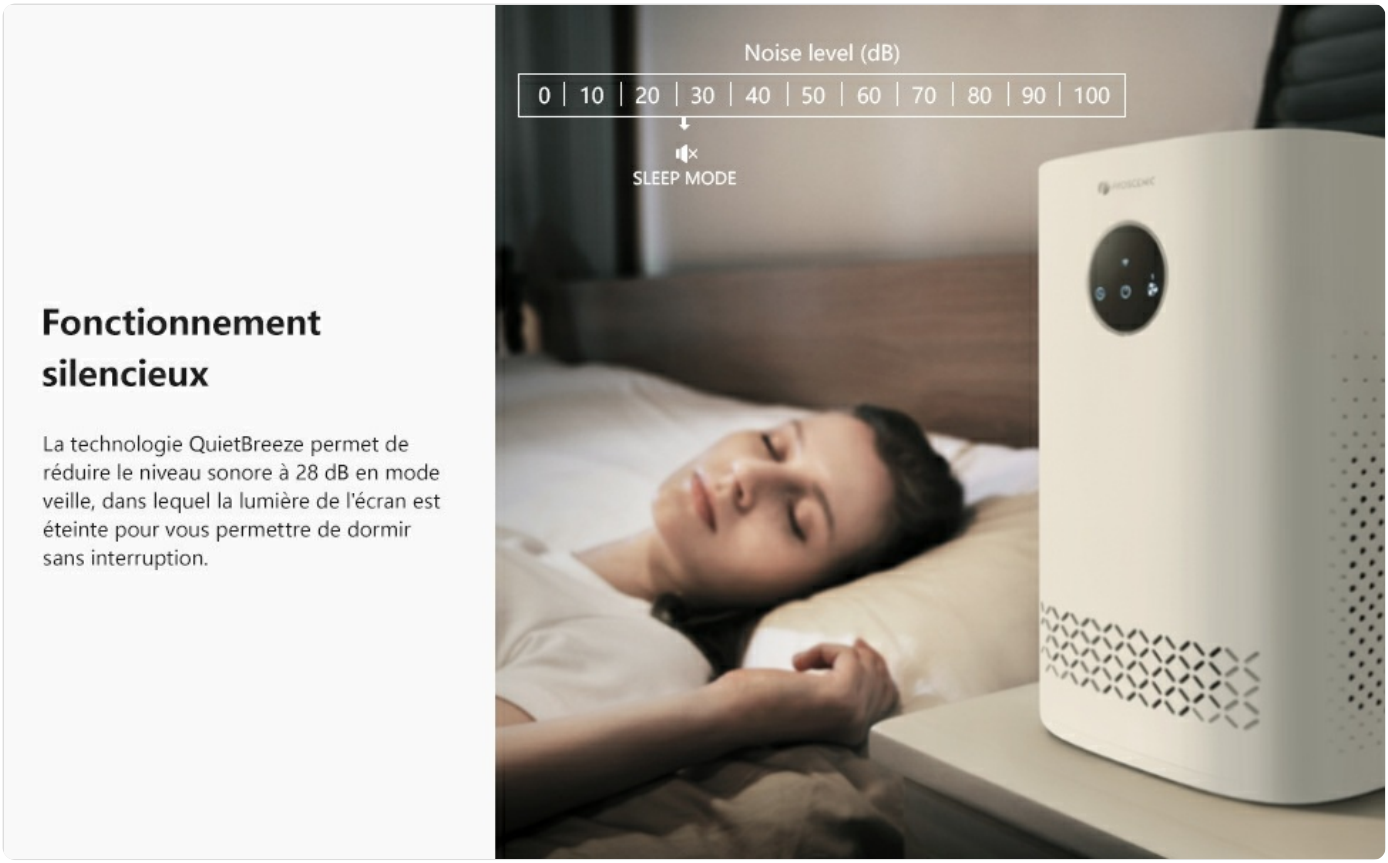

- **Wide Coverage:** CADR up to 200m³/h, ideal for rooms up to 25 square meters (approx. 269 sq ft), purifying the air five times per hour.

- **Efficient Purification:** 360° internal airflow and wavy outlets enhance purification efficiency while reducing noise and energy consumption.
- **Deep Cleaning:** Three-layer filtration system removes 99.97% of fine particles and allergens down to 0.3 microns, including dust, pet dander, and cooking odors.
- **Smart Control:** Easy operation via the Proscenic APP and touchscreen. Control functions and settings remotely. Supports 2.4 GHz Wi-Fi only.
- **Voice Control:** Compatible with Alexa and Google Home for convenient voice commands.
- **Low Energy Consumption:** Operates with low power usage (4-30 W) across all speeds.
- **Quiet Operation:** Features QuietBreeze technology, reducing noise level to 28 dB in sleep mode, with screen light off for undisturbed rest.

Product Components

Familiarize yourself with the main components of your Proscenic A8SE Air Purifier:

- Main Unit (with control panel)
- Pre-filter
- True HEPA Filter
- Activated Carbon Filter
- Power Cord

The three-layer filtration system, including a pre-filter, True HEPA filter, and activated carbon filter, ensures comprehensive air purification.

Setup Guide

1. **Unpack the Purifier:** Carefully remove the air purifier and all packaging materials from the box.
2. **Install Filters:**
    a. Open the filter compartment (refer to the diagram on the unit or quick start guide for location).

b. Remove any plastic packaging from the filters (Pre-filter, HEPA filter, Activated Carbon filter).
c. Insert the filters into the purifier in the correct order, ensuring they are securely seated.
d. Close the filter compartment cover.

3. **Placement:** Place the air purifier on a flat, stable surface, ensuring there is adequate space around it for optimal airflow (at least 20 cm from walls or furniture).
4. **Power Connection:** Plug the power cord into a standard electrical outlet.
5. **Initial Power On:** Press the power button on the control panel to turn on the device.

Operating Instructions

Control Panel Operation

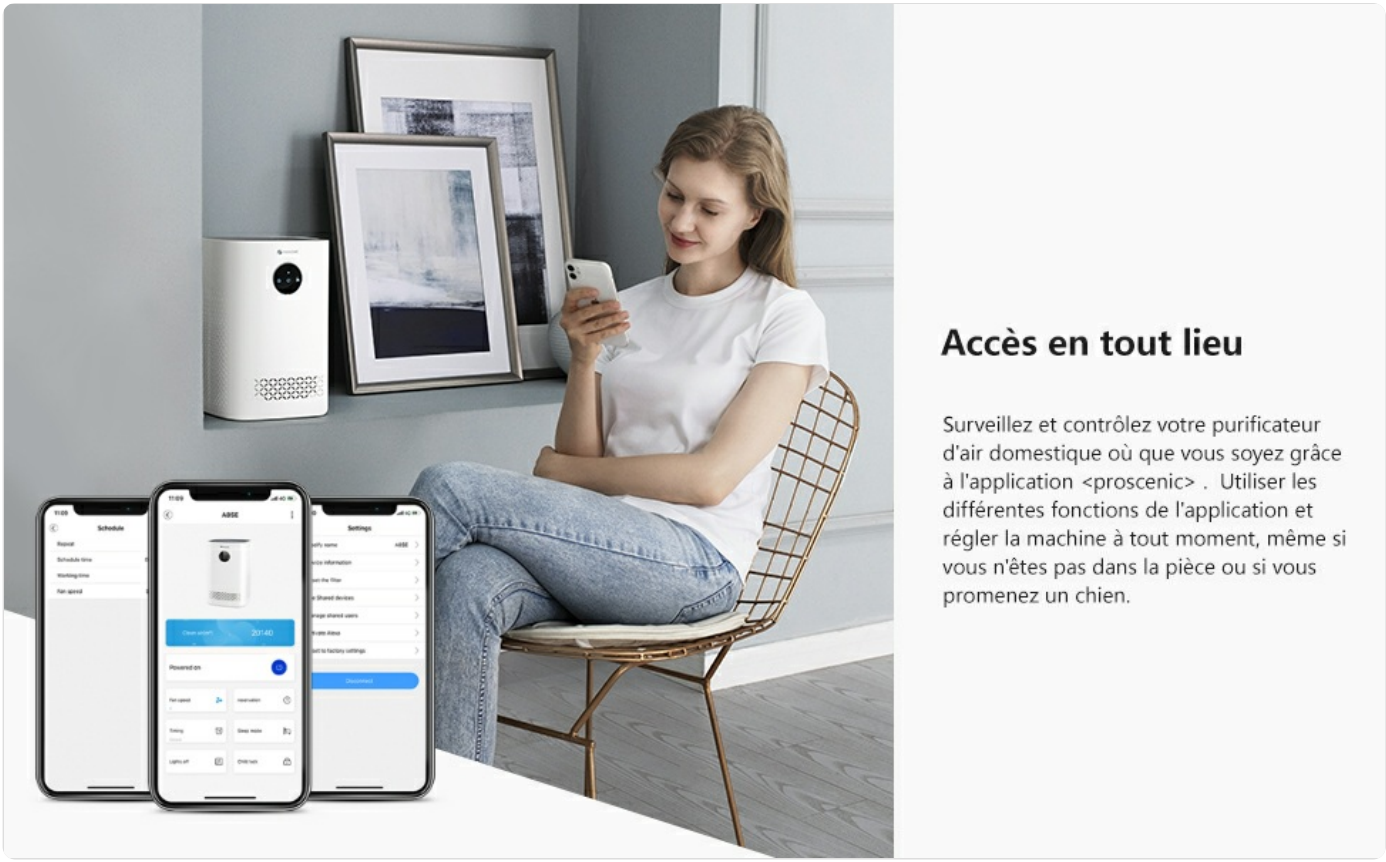

The intuitive touchscreen control panel allows for direct management of the purifier's functions.

- **Power Button:** Turns the unit On/Off.
- **Fan Speed Button:** Cycles through different fan speeds (e.g., Low, Medium, High, Auto).
- **Mode Button:** Selects operating modes (e.g., Sleep Mode, Auto Mode).
- **Timer Button:** Sets a timer for automatic shutdown.
- **Wi-Fi Indicator:** Shows Wi-Fi connection status.

Proscenic APP Control

For advanced features and remote control, download and connect to the Proscenic APP.

1. **Download the APP:** Search for "Proscenic" in your smartphone's app store (iOS or Android).
2. **Register/Log In:** Create an account or log in if you already have one.
3. **Add Device:** Follow the in-app instructions to add your A8SE Air Purifier. Ensure your phone is connected to a 2.4 GHz Wi-Fi network during setup.
4. **Control Functions:** Once connected, you can:
    - Turn the purifier On/Off.
    - Adjust fan speed.
    - Set schedules and timers.
    - Activate Sleep Mode.
    - Enable Child Lock to prevent accidental changes on the unit.
    - Monitor filter life.

The Proscenic APP allows you to monitor and control your air purifier from anywhere, providing convenient access to all features.

Voice Control (Alexa/Google Home)

Integrate your A8SE with smart home assistants for hands-free control.

1. **Enable Skill/Action:** In your Alexa or Google Home app, search for and enable the "Proscenic" skill or action.
2. **Link Account:** Link your Proscenic account to your smart assistant account.
3. **Discover Devices:** Ask your smart assistant to discover new devices.
4. **Voice Commands:** You can now use voice commands such as:
    - "Alexa, turn on the air purifier."
    - "Hey Google, set air purifier fan speed to high."

The Proscenic A8SE is designed to provide healthier air for your home, suitable for large rooms and effective against allergens and pet dander.

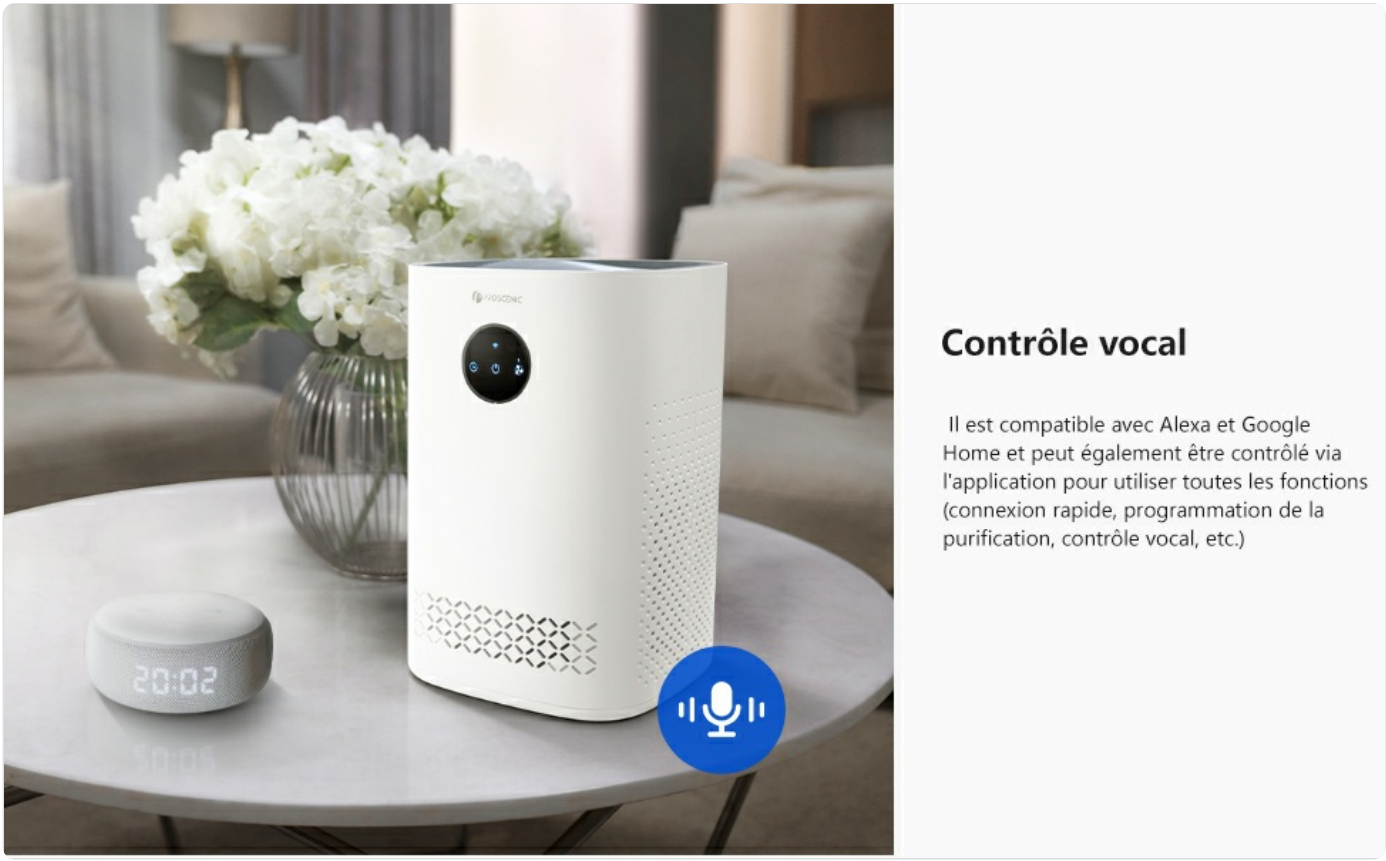

Maintenance

Regular maintenance ensures the longevity and optimal performance of your air purifier.

Filter Replacement

The filter life can be monitored via the Proscenic APP. Replace filters when indicated or every 6-8 months, depending on usage and air quality.

1. **Power Off:** Turn off and unplug the air purifier before replacing filters.
2. **Access Filter:** Open the filter compartment cover.
3. **Remove Old Filter:** Carefully remove the used filter. Dispose of it properly.
4. **Install New Filter:** Insert the new Proscenic A8SE replacement filter, ensuring it is correctly oriented and seated.
5. **Reset Filter Life:** After replacing the filter, reset the filter life indicator via the APP or by following instructions in the quick start guide (usually by pressing and holding a button on the control panel).

The 360-degree air circulation technology ensures wide coverage, purifying rooms up to 25 square meters efficiently.

Cleaning the Unit

- **Exterior:** Wipe the exterior of the air purifier with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Air Inlet/Outlet:** Gently vacuum or brush any dust from the air inlet and outlet grilles.

Troubleshooting

If you encounter issues with your Proscenic A8SE Air Purifier, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Purifier does not turn on.	Not plugged in; power outage; power button not pressed.	Ensure power cord is securely plugged in. Check power outlet. Press the power button firmly.
Weak airflow or poor purification.	Filters are dirty or clogged; filter packaging not removed; unit placed too close to obstructions.	Check and replace filters if necessary. Ensure all plastic packaging is removed from filters. Relocate the unit to an open area.
Unusual noise during operation.	Filter not installed correctly; foreign object inside; unit on uneven surface.	Ensure filter is properly seated. Turn off and unplug, then check for foreign objects. Place on a flat, stable surface.
Cannot connect to Wi-Fi/APP.	Incorrect Wi-Fi password; not 2.4 GHz network; too far from router; temporary network issue.	Double-check Wi-Fi password. Ensure you are connecting to a 2.4 GHz network. Move purifier closer to the router. Restart router and purifier. Try connecting again.

Problem	Possible Cause	Solution
Odor persists after purification.	Activated carbon filter is saturated; source of odor is still present.	Replace the activated carbon filter. Identify and remove the source of the odor.

Specifications

Feature	Detail
