# Lepro PR210002-US LED Table Lamp User Manual

Model: PR210002-US | Brand: Lepro

## 1. INTRODUCTION

This manual provides instructions for the safe and efficient operation of your Lepro PR210002-US LED Table Lamp. This versatile lamp offers a range of lighting options, including tunable white light, RGB color changing, dimming capabilities, and an auto-off timer. Please read this manual thoroughly before use and retain it for future reference.

Figure 1: Lepro PR210002-US LED Table Lamp.

## 2. PACKAGE CONTENTS

---

Before proceeding with setup, please ensure all components are present:

- 1 x Lepro PR210002-US LED Table Lamp
- 1 x US Power Adapter
- 1 x Type C USB Cable
- 1 x User Manual (this document)

## 3. SETUP

---

Follow these steps to set up your LED Table Lamp:

1. **Unpack:** Carefully remove all components from the packaging.
2. **Connect Power:** Insert the Type C USB cable into the lamp's charging port. Connect the other end of the USB cable to the provided US power adapter, then plug the adapter into a standard wall outlet.

# Touch Control LED Lamp

Simple to use, with memory function

## Short Press

To turn on/off

## Long Press

Adjust the brightness (in 2700K/4000K/5700K white light mode)

Choose from 7 colors (in RGB mode)

Select from 3-level speed (in auto color changing mode)

To select 5 modes

(2700K - 4000K - 5700K - RGB – auto color changing)

Set 30min/60min auto-off timer

▲▲, auto-off in 30 min; ▲▲, auto-off in 60 min;

▲▲, timers off

Figure 2: Connecting the lamp to power. The lamp measures 3.9 inches in diameter and 7.1 inches in height, with a 4.9 ft cable.

## 4. OPERATING INSTRUCTIONS

The Lepro LED Table Lamp features intuitive touch controls located on the top surface and the base.

Figure 3: Touch Control Overview.

#### 4.1. Power On/Off

- **Short Press:** Lightly tap the top touch area (power symbol) to turn the lamp on or off.

#### 4.2. Adjusting White Light (Tunable White Mode)

The lamp offers three white light temperatures: 2700K (Warm White), 4000K (Neutral White), and 5700K (Cool White).

- **Change Temperature:** Press the 'M' button on the lamp's base to cycle through the white light temperatures (2700K → 4000K → 5700K).
- **Adjust Brightness:** While in any white light mode, **Long Press** the top touch area to continuously adjust the brightness from 5% to 100%. Release when desired brightness is reached.

# Tunable White Table Lamp

Warm to cool white light for daily needs

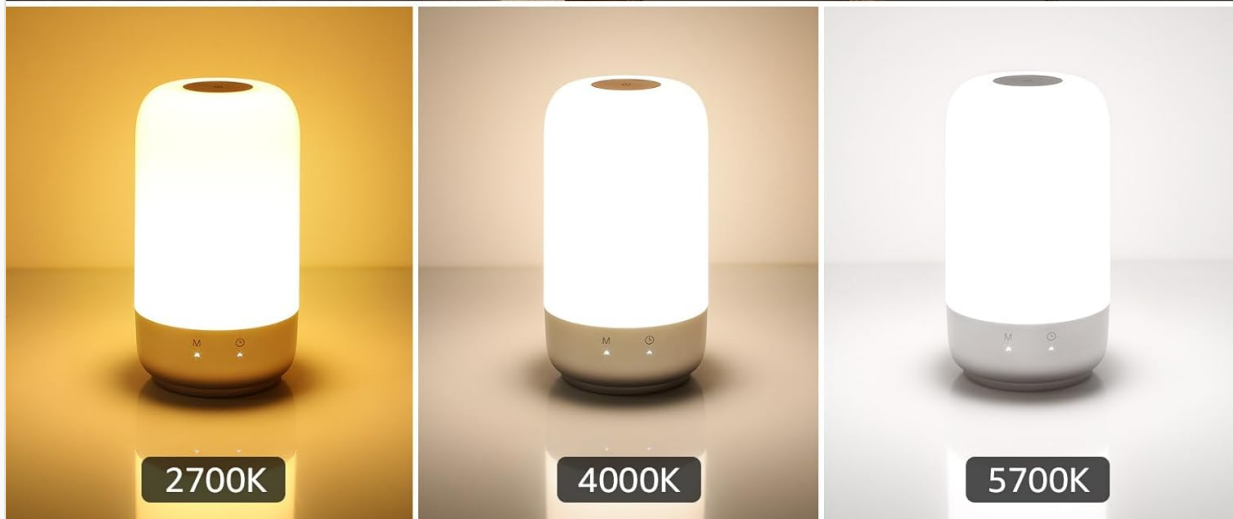

Figure 4: Tunable White Light Options (2700K, 4000K, 5700K).

## 4.3. RGB Color Changing Modes

The lamp features 7 static RGB colors and an auto-color changing mode.

- **Access RGB Modes:** Press the 'M' button repeatedly until the lamp enters RGB mode.
- **Select Static Color:** While in RGB mode, **Long Press** the top touch area to cycle through the 7 available colors. Release when your desired color is displayed.
- **Auto Color Changing:** Continue pressing the 'M' button after the static RGB colors to activate the auto-color changing mode.
- **Adjust Speed (Auto Mode):** While in auto-color changing mode, **Long Press** the top touch area to adjust the speed of the color transitions (3-level speed).

# RGB Color Changing Mood Light

Create perfect ambiance with vibrant Color

Figure 5: RGB Color Changing Mood Light.

## 4.4. Auto-Off Timer

The lamp includes a convenient auto-off timer function for 30 or 60 minutes.

- **Activate Timer:** Press the timer button (clock symbol) on the lamp's base.
- **30-Minute Timer:** One press activates the 30-minute timer (indicated by one green LED on the base).
- **60-Minute Timer:** A second press activates the 60-minute timer (indicated by two green LEDs on the base).
- **Deactivate Timer:** A third press will turn off the timer function (no green LEDs).

# 30/60 Minutes Auto Shut Off

Great night lamp for kids bedroom

Figure 6: Auto-Off Timer Function.

## 4.5. Memory Function

The lamp retains the last used brightness and color setting when turned off and on again, ensuring a consistent experience.

## 5. MAINTENANCE

---

To ensure the longevity and optimal performance of your lamp, follow these maintenance guidelines:

- **Cleaning:** Disconnect the lamp from power before cleaning. Use a soft, dry cloth to wipe the lamp's surface. Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the finish.
- **Handling:** Handle the lamp with care. Avoid dropping it or subjecting it to strong impacts.
- **Storage:** If storing the lamp for an extended period, ensure it is clean and dry. Store it in a cool, dry place away from direct sunlight.

## 6. TROUBLESHOOTING

---

If you encounter issues with your Lepro LED Table Lamp, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Lamp does not turn on.	No power connection.	Ensure the power adapter is securely plugged into a working outlet and the USB-C cable is firmly connected to the lamp.
Brightness adjustment is not smooth or lamp turns off when dimming.	Incorrect operation of touch control.	Ensure you are performing a <b>Long Press</b> on the top touch area to adjust brightness. A short press will turn the lamp off. Release your finger when the desired brightness is achieved.
Colors are not changing or cycling.	Not in RGB mode or incorrect operation.	Press the 'M' button to cycle through modes until RGB mode is active. For static colors, <b>Long Press</b> the top touch area. For auto-changing, ensure auto-color changing mode is selected via the 'M' button, then <b>Long Press</b> the top touch area to adjust speed.
Timer function is not working.	Timer not activated or incorrectly set.	Press the timer button on the base. One green LED indicates 30-minute timer, two green LEDs indicate 60-minute timer. Ensure the correct timer setting is active.

## 7. SPECIFICATIONS

Feature	Detail
Model Number	PR210002-US
Brand	Lepro
Product Dimensions	3.9"D x 3.9"W x 7.1"H
Item Weight	0.85 Pounds (13.6 ounces)
Material	Plastic
Light Source Type	LED
Brightness	350 Lumen
Wattage	7 watts
Voltage	120 Volts (AC)
Light Color Options	7 Colors + 3 White Light Temperatures (2700K-4000K-5700K)
Control Method	Touch
Power Source	Corded Electric
