6. MAINTENANCE

Proper care will extend the life and appearance of your sofa.

- **Cleaning:** The upholstery fabric is velvet (or chenille, depending on variant) and is pet-friendly. For general cleaning, use a soft brush or vacuum with an upholstery attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For deeper cleaning, refer to the upholstery cleaning code "W" which indicates water-based cleaning agents can be used. Test any cleaning solution on an inconspicuous area first.
- **Cushions:** The seat cushions are removable and have removable covers. Rotate and fluff cushions regularly to maintain their shape and even out wear.
- **Legs:** Periodically check that the solid wood legs are tight. Retighten if necessary.
