Vipack KIRB7014

Vipack Kiddy Drawer (70x140) Instruction Manual

Model: KIRB7014

1. INTRODUCTION

Thank you for choosing the Vipack Kiddy Drawer. This drawer is designed to be compatible with the Vipack Kiddy junior bed (70x140 cm) and provides a practical storage solution for toys, books, bedding, and other items. Constructed from white lacquered MDF, it offers both durability and a clean aesthetic. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

Image 1.1: The Vipack Kiddy Drawer, shown in white, designed for under-bed storage.

2. SAFETY INFORMATION

Please observe the following safety precautions during assembly and use:

- **Adult Assembly Required:** This product requires adult assembly. Keep small parts away from children during assembly.
- **Check All Parts:** Before assembly, ensure all parts are present and undamaged. Do not use if any parts are missing or broken.
- **Use Correct Tools:** Use appropriate tools for assembly as indicated in the instructions.
- **Secure Fasteners:** Ensure all screws and fasteners are tightened securely. Periodically check and re-tighten if necessary.
- **Placement:** Position the drawer on a flat, stable surface. Ensure it is fully inserted under the compatible Kiddy junior bed to prevent tripping hazards.
- **Weight Limit:** Do not overload the drawer. Distribute weight evenly.
- **Cleaning:** Use only a damp cloth for cleaning. Avoid harsh chemicals that may damage the finish.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Drawer panels (sides, front, back, bottom)
- Wheels/Castors (if applicable)
- Assembly hardware (screws, dowels, cam locks, etc.)
- Instruction manual

Note: The exact number and type of components may vary slightly. Refer to the included parts list in your package for precise details.

4. SETUP AND ASSEMBLY

Assembly of the Vipack Kiddy Drawer requires basic tools and can typically be completed by one adult. Follow these steps carefully:

1. **Prepare Workspace:** Clear a spacious, clean, and flat area for assembly. Lay down a blanket or cardboard to protect the furniture panels from scratches.
2. **Identify Parts:** Unpack all components and identify them using the parts list provided in your package. Group similar parts together.
3. **Assemble Drawer Sides:** Attach the side panels to the front and back panels using the provided screws and dowels. Ensure the pre-drilled holes align correctly.
4. **Insert Drawer Bottom:** Slide the drawer bottom panel into the grooves of the assembled side, front, and back panels. Secure it if necessary with small nails or screws.
5. **Attach Wheels/Castors:** If your drawer includes wheels or castors, attach them to the underside of the drawer bottom panel using the designated screws. Ensure they are securely fastened for smooth movement.
6. **Final Checks:** Once assembled, gently test the drawer's stability and ensure all connections are tight.

Tip: Do not overtighten screws, as this can damage the MDF material. Hand-tighten until snug.

5. OPERATING INSTRUCTIONS

The Vipack Kiddy Drawer is designed for simple and convenient use:

- **Placement:** Slide the assembled drawer under the compatible Vipack Kiddy junior bed.
- **Opening/Closing:** Gently pull the drawer out from under the bed to access its contents. Push it back in until it is fully under the bed when not in use.
- **Storage:** Use the drawer to store toys, books, bedding, clothes, or other items. Distribute the weight evenly to prevent strain on the drawer structure and wheels.

6. MAINTENANCE

To ensure the longevity and appearance of your Vipack Kiddy Drawer, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild soap solution and immediately dry with a clean cloth. Avoid abrasive cleaners, solvents, or harsh chemicals.
- **Dusting:** Regularly dust the drawer with a dry, soft cloth to prevent dust buildup.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Avoid Moisture:** Protect the drawer from excessive moisture and direct sunlight, which can cause warping or fading of the finish.

7. TROUBLESHOOTING

If you encounter any issues with your Vipack Kiddy Drawer, refer to the following common problems and solutions:

- **Drawer does not slide smoothly:**
 - Check if the wheels/castors are clean and free of debris.
 - Ensure the drawer is not overloaded or unevenly weighted.
 - Verify that the wheels/castors are securely attached and not damaged.
- **Drawer feels wobbly or unstable:**
 - Re-check all assembly screws and fasteners. Tighten any loose connections.
 - Ensure the drawer is placed on a flat and level surface.
- **Scratches or damage to the finish:**
 - For minor scratches, touch-up paint matching the white lacquered finish may be used.
 - Prevent future damage by avoiding sharp objects and using protective mats if placing items on top.

If the problem persists, please contact Vipack customer support for further assistance.
