Zing Stikbots SB100-FF Stop Motion Animation Kit User Manual

1. INTRODUCTION

The Zing Stikbots SB100-FF Stop Motion Animation Kit provides a creative platform for users to produce their own stop motion videos. This kit includes poseable action figures and a mobile phone tripod, designed to work seamlessly with the free Stikbot Studio 2.0 app. It encourages creativity, storytelling, and basic filmmaking skills.

2. WHAT'S INCLUDED

Your Stikbots SB100-FF kit contains the following components:

- 4 Clear Stikbot Poseable Action Figures (Red, Green, Blue, White)
- 1 Mobile Phone Tripod with non-slip feet

3. SETUP

1. **Unpack Components:** Carefully remove all Stikbot figures and the mobile phone tripod from their packaging.
2. **Attach Phone to Tripod:** Extend the tripod legs for stability. Securely place your mobile phone into the tripod's adjustable holder. Ensure the phone's camera lens is unobstructed.
3. **Download Stikbot Studio 2.0 App:** Download the free Stikbot Studio 2.0 app from your device's app store. This application is essential for creating stop motion animations.

4. OPERATING INSTRUCTIONS

4.1 Posing Stikbots

Stikbot figures feature fully articulating joints, allowing for a wide range of poses. Their hands and feet are equipped with suction cups for stable positioning on smooth surfaces.

4.2 Using the Stikbot Studio 2.0 App

The Stikbot Studio 2.0 app is your primary tool for creating stop motion animations. Follow these steps:

1. **Launch App:** Open the Stikbot Studio 2.0 app on your mobile device.
2. **Start New Project:** Tap to start a new stop motion project.
3. **Position Figures:** Arrange your Stikbot figures in their initial pose within the camera frame.
4. **Capture Frame:** Take a photo using the app.
5. **Adjust Pose:** Make small adjustments to your Stikbot figures' poses.
6. **Repeat:** Continue capturing frames and adjusting poses until your animation is complete.
7. **Add Sound and Music:** The app allows you to add sound effects and music to enhance your video.
8. **Share:** Once finished, you can upload and share your creations with others.

5. MAINTENANCE

To ensure the longevity of your Stikbot figures and tripod:

- **Cleaning:** Wipe figures and tripod with a damp cloth. Avoid harsh chemicals.
- **Suction Cups:** Keep suction cups clean and free of dust or debris to maintain optimal grip.
- **Storage:** Store the kit in a cool, dry place away from direct sunlight when not in use.

6. TROUBLESHOOTING

- **Stikbots not sticking:** Ensure the suction cups are clean and the surface is smooth and free of dust

or moisture.

- **App not responding:** Close and restart the Stikbot Studio 2.0 app. If the issue persists, restart your mobile device or check for app updates.
- **Tripod instability:** Ensure the tripod legs are fully extended and placed on a flat, stable surface.
