**JOUNIVO JV-808**

# JOUNIVO JV808 Omnidirectional USB Conference Microphone

User Manual

Model: JV-808 | Brand: JOUNIVO

## 1. Introduction

This manual provides instructions for the JOUNIVO JV808 Omnidirectional USB Conference Microphone. Please read this manual thoroughly before using the product to ensure proper operation and to maximize its performance. This device is designed for clear audio capture in various communication scenarios.

## 2. Product Features

The JOUNIVO JV808 microphone offers several key features designed for enhanced audio communication:

- **Plug & Play Connectivity:** No driver installation required. Simply connect via USB.
- **Omnidirectional Pickup:** Captures sound from all directions (360°) with a pickup distance of up to 10 feet (approximately 3 meters).
- **Touch-Sensitive Mute Button:** Easily mute or unmute the microphone with a soft touch.
- **LED Indicator:** A built-in blue indicator light shows the microphone's status (working, muted, or disconnected).
- **Echo Cancellation & Noise Reduction:** Designed to block noise and eliminate echo for clear sound.
- **Wide Compatibility:** Compatible with Windows and macOS operating systems, and various communication platforms like Zoom, Skype, GoToMeeting, WebEx, Hangouts, Google Meet, and VoIP.
- **Durable Design:** Constructed from sturdy ABS material with anti-slip mats on the base for stability.

Image 2.2: The JOUNIVO JV808 microphone positioned centrally on a conference table during a meeting. This image demonstrates the microphone's intended use in a professional group setting, highlighting its discreet presence.

## 3. Setup Instructions

The JOUNIVO JV808 microphone is designed for simple plug-and-play operation.

1. **Connect the Microphone:** Insert the USB connector of the microphone cable into an available USB port on your computer (PC or Laptop).
2. **System Recognition:** Your operating system (Windows or macOS) will automatically detect and install the necessary drivers. This process usually takes a few seconds.
3. **Verify Connection:** Once connected, the microphone's LED indicator will light up green, signifying it is active and ready for use.
4. **Select as Input Device:** In your computer's sound settings or within your communication application (e.g., Zoom, Skype), select "JOUNIVO JV808" or a similar name as your audio input device.

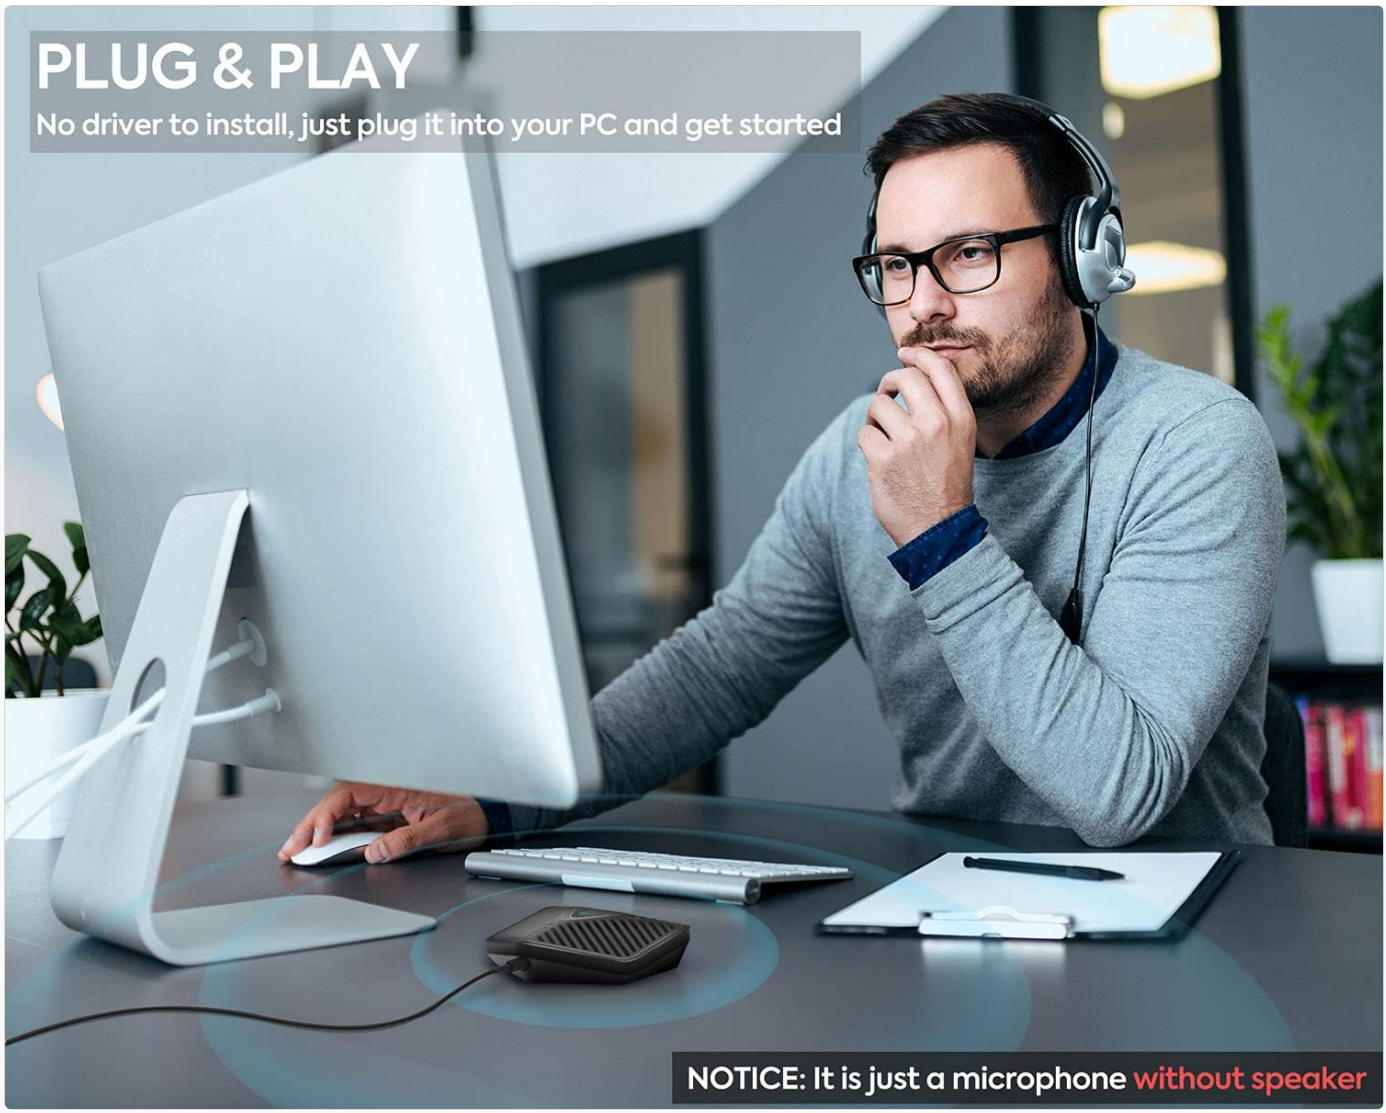

Image 3.1: A user connecting the JOUNIVO JV808 microphone to a computer. This image illustrates the simple plug-and-play setup, showing the microphone connected to a PC with a user wearing headphones, emphasizing ease of use.

## 4. Operating Instructions

Using your JOUNIVO JV808 microphone is straightforward:

### 4.1 Mute Function

- **To Mute:** Gently touch the mute button located on the top center of the microphone. The LED indicator will change from green to red, indicating the microphone is muted.
- **To Unmute:** Touch the mute button again. The LED indicator will return to green, signifying the microphone is active.

Image 4.1: Close-up of the microphone's touch-sensitive mute button and its LED indicators. This image visually explains the different LED states: green for working, red for muted, and no light for disconnected.

## 4.2 Compatibility

The microphone is compatible with a wide range of operating systems and communication software:

- **Operating Systems:** Windows, macOS.
- **Applications:** Zoom, Skype, GoToMeeting, WebEx, Hangouts, Google Meet, Fuze, VoIP, and other similar platforms.

Image 4.2: Icons representing various compatible software (Zoom, Skype, GoToMeeting, Hangouts, Google Meet, Webex) and operating systems (Windows, macOS), along with desktop and laptop computers. This image highlights the microphone's broad compatibility.

## 5. Maintenance

To ensure the longevity and optimal performance of your JOUNIVO JV808 microphone, follow these simple maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the microphone's surface. Avoid using liquid cleaners or abrasive materials, as they may damage the device.
- **Storage:** When not in use, store the microphone in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Handling:** Handle the microphone with care. Avoid dropping it or subjecting it to strong impacts, which could damage internal components.
- **Cable Care:** Do not bend or crimp the USB cable excessively. Store it loosely coiled to prevent damage.

## 6. Troubleshooting

If you encounter issues with your JOUNIVO JV808 microphone, refer to the following common solutions:

| Problem | Possible Cause | Solution |
| --- | --- | --- |

| Problem | Possible Cause | Solution |
|---|---|---|
| Microphone not detected / No sound input | ◦ Loose USB connection<br>◦ Incorrect audio input selection<br>◦ Muted microphone<br>◦ Driver issue | ◦ Ensure the USB cable is securely plugged into both the microphone and the computer.<br>◦ Check your computer's sound settings and your communication application's audio settings to ensure the JOUNIVO JV808 is selected as the input device.<br>◦ Tap the mute button to ensure the LED is green (unmuted).<br>◦ Try a different USB port. Restart your computer. |
| Poor sound quality / Echo / Background noise | ◦ Environmental noise<br>◦ Microphone placement<br>◦ Software settings | ◦ Ensure you are in a quiet environment.<br>◦ Place the microphone centrally on a flat surface, away from direct noise sources.<br>◦ Adjust microphone sensitivity or volume levels in your computer's sound settings or application settings. |
| Mute button LED stuck on red | ◦ Temporary software glitch<br>◦ Hardware malfunction | ◦ Unplug and replug the microphone.<br>◦ Restart your computer.<br>◦ If the issue persists, contact customer support. |

## 7. Specifications
