SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly. Do not use if any parts are missing or broken.
- Assemble on a soft, clean surface to prevent scratches.
- Do not overtighten screws during assembly to avoid damaging the product.
- Keep small parts away from children during assembly.
- Do not exceed the maximum load capacities: Tabletop: 30 lbs, Each Drawer: 6 lbs.
- Place the unit on a level surface to prevent tipping.

Image 2: Product dimensions and load capacities. The table measures 18 inches wide, 12 inches deep, and 24.5 inches high. Each drawer is 16 inches long, 11 inches wide, and 9.5 inches deep. The tabletop has a maximum load capacity of 30 lbs, and each drawer has a maximum load capacity of 6 lbs.

SETUP AND ASSEMBLY

This end table requires assembly. Please follow the steps below carefully.

Parts List:

- Metal Frame Components
- Engineered Wood Top Panel
- Fabric Drawers (2)
- Wooden Handles (2)
- Adjustable Feet (4)
- Assembly Hardware (screws, wrench)

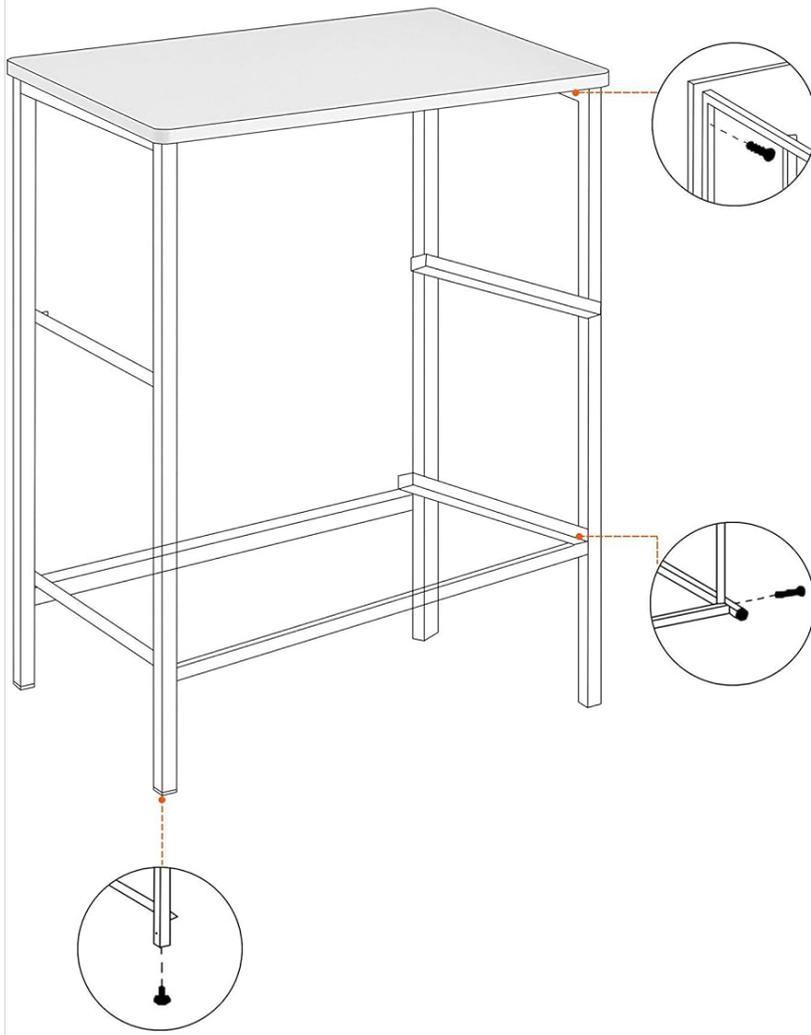

Assembly Steps:

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify all components are present against the parts list.
2. **Assemble Frame:** Connect the metal frame components using the provided screws. Ensure all connections are

secure but do not fully tighten until the entire frame is assembled.

3. **Attach Top Panel:** Place the engineered wood top panel onto the assembled metal frame and secure it with screws.
4. **Insert Drawers:** Unfold the fabric drawers. Insert the bottom panel into each drawer to give it shape. Attach the wooden handles to the front of each drawer. Slide the assembled drawers into the designated slots in the frame.
5. **Attach Adjustable Feet:** Screw the adjustable feet into the bottom of the metal frame legs. Adjust them to ensure the table is stable and level on your floor.

OPERATING INSTRUCTIONS

The Yaheetech 2-Drawer End Table is designed for convenient storage and as a functional surface.

- **Drawer Use:** Pull the wooden handles to open the fabric drawers. Push gently to close. Avoid forcing the drawers if they feel stuck.
- **Top Surface:** Use the top surface for placing lamps, books, decorative items, or other small objects. Ensure items do not exceed the 30 lbs weight limit.
- **Storage:** The fabric drawers provide ample space for organizing clothes, accessories, books, or other household items. Do not overload drawers beyond 6 lbs each.

CARE AND MAINTENANCE

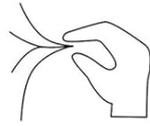

Proper care will extend the life and appearance of your Yaheetech End Table.

- **Cleaning:** Wipe the metal frame and engineered wood top with a damp cloth. For fabric drawers, spot clean with a mild detergent and allow to air dry. Do not use harsh chemicals or abrasive cleaners.
- **Dusting:** Regularly dust all surfaces with a soft, dry cloth.
- **Spills:** Clean spills immediately to prevent staining, especially on the fabric drawers.
- **Placement:** Avoid placing the table in direct sunlight or near heat sources to prevent material degradation.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
