tectake Wall Shelf Model 800860 Instruction Manual

Matte White Finish

1. PRODUCT OVERVIEW

The tectake Wall Shelf Model 800860 is a versatile and elegant storage solution designed to organize your CD, DVD, and book collections. Featuring 21 compartments and 18 height-adjustable shelves, this unit offers significant storage capacity and adaptability to your needs. Its durable MDF construction with a melamine coating ensures a scratch-resistant and easy-to-clean surface, providing both stability and a modern aesthetic for any room.

Key features include:

- **Elegant Design:** Modern aesthetic with a wood effect finish.
- **High Capacity:** Stores up to 840 CDs or a combination of books and DVDs.
- **Adjustable Shelves:** 18 shelves can be adjusted to various heights for flexible storage.
- **Durable Construction:** Made from robust MDF with a scratch-resistant melamine coating.
- **Anti-Tip Device:** Includes a safety mechanism for enhanced stability.
- **Easy Assembly:** Designed for quick and straightforward setup.

2. SAFETY INFORMATION

Please observe the following safety precautions during assembly and use of the furniture:

- Always wear **gloves and safety glasses** during assembly to protect against sharp edges and potential pressure points.
- Ensure the furniture is **correctly mounted to the wall** using the provided anti-tip device to prevent it from falling over, especially in households with children or pets.
- Exercise caution with **sharp parts or pinch points** during use and when adjusting shelves.
- Do not exceed the maximum load capacity of **3 kg per shelf** or **54 kg total** for the unit.
- Keep small parts and assembly hardware out of reach of children.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged. If any parts are missing or damaged, contact customer support.

- Wall Shelf components (MDF panels)
- 18 adjustable shelves
- Assembly hardware (screws, dowels, connectors)
- Anti-tip device
- Assembly instructions (this manual)

4. SETUP AND ASSEMBLY

The tectake Wall Shelf is designed for quick and easy assembly. Follow the step-by-step instructions provided in the included assembly guide. Ensure you have adequate space and the necessary tools (e.g., screwdriver, hammer) before starting.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
2. **Assemble Frame:** Connect the main side panels and back panels according to the diagrams in the assembly guide. Use the provided hardware to secure all connections firmly.

3. **Install Fixed Shelves:** Insert any fixed shelves into their designated slots as indicated.
4. **Attach Anti-Tip Device:** Securely fasten the anti-tip device to the top rear of the shelf and then to a sturdy wall stud or appropriate wall anchor. This step is crucial for safety.
5. **Insert Adjustable Shelves:** Place the 18 adjustable shelves into the desired positions. The shelf supports allow for customization of compartment heights.

Ensure all connections are tight and the unit is stable before loading it with items.

5. OPERATING INSTRUCTIONS

The tectake Wall Shelf is designed for straightforward use. Its primary function is to provide organized storage for various media and decorative items.

- **Adjusting Shelves:** To adjust the height of a shelf, simply remove it from its current position, reposition the shelf pins to the desired height, and reinsert the shelf. Ensure the shelf is level and securely seated on all four pins.
- **Loading Items:** Distribute weight evenly across the shelves. Avoid placing heavy items exclusively on one side or on the very top of the unit. The maximum load per shelf is 3 kg, and the total unit

capacity is 54 kg.

- **Placement:** This shelf is suitable for various rooms, including living rooms, bedrooms, and offices. Ensure it is placed on a level surface and securely anchored to the wall.

6. MAINTENANCE

To ensure the longevity and appearance of your tectake Wall Shelf, follow these simple maintenance guidelines:

- **Cleaning:** Clean the surface with a **dry cloth**. For stubborn marks, a slightly damp cloth with mild soap can be used, followed immediately by drying with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals, as these can damage the melamine coating.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary.
- **Stability:** Regularly verify that the wall mounting and anti-tip device are secure.

7. TROUBLESHOOTING

If you encounter any issues with your tectake Wall Shelf, consider the following common solutions:

- **Unit feels wobbly:** Ensure all assembly screws are fully tightened. Verify that the anti-tip device is correctly installed and securely anchored to the wall. Check that the unit is on a level surface.
- **Shelves are not level:** Remove the shelf and ensure the shelf pins are inserted correctly and fully into the corresponding holes on both sides.
- **Difficulty assembling:** Review the assembly instructions carefully. Ensure you are using the correct hardware for each step. Do not force parts together; if they don't fit, re-check the instructions.
- **Missing parts:** Double-check the packaging. If parts are genuinely missing, contact customer support with your purchase details.

8. SPECIFICATIONS

Feature	Specification
Model Number	800860
Color	Matte White
Material	Engineered Wood (MDF with Melamine Coating)
