### Sanus OLF24-B2

# SANUS Full Motion TV Wall Mount User Manual

Model: OLF24-B2

Brand: Sanus

## PRODUCT OVERVIEW

The SANUS Full Motion TV Wall Mount (Model OLF24-B2) is designed to provide optimal viewing flexibility for televisions up to 90 inches. This premium mount features dual articulating arms that allow for effortless extension, swivel, and tilt adjustments, ensuring the best view from any position in your room.

Engineered for strength and durability, it can securely hold large and heavy TVs. The design also incorporates built-in cable management channels to maintain a clean and streamlined appearance by concealing power and HDMI cables. Installation is simplified with a comprehensive kit and a user-friendly manual, allowing for a quick setup and post-installation leveling.

## PREMIUM XL Full-Motion TV Mount

37"- 90" | up to 150 lbs.

The SANUS XL Full-Motion TV Mount is designed for TVs ranging from 37" to 90" and supports up to 150 lbs.

### SETUP AND INSTALLATION

The SANUS OLF24-B2 mount is designed for a straightforward installation process, typically completed in about 20 minutes. It includes all necessary hardware for mounting to wood studs or concrete walls, along with TV hardware and a

drilling template.

## Installation Steps:

- 1. Assemble and Attach TV Brackets:** Secure the TV brackets to the back of your television using the provided hardware.
- 2. Position and Mount Wall Plate:** Use the included drilling template to accurately mark and drill holes for the wall plate. Secure the wall plate to your wall studs or concrete using the appropriate fasteners.
- 3. Hang TV on Mount:** Carefully lift and hang your TV onto the mounted wall plate. Ensure it is securely seated.

**INCLUDES**  
Fool-proof  
Drilling Template

Visual guide for the 1-2-3 installation process, including using the drilling template.

## POST-INSTALL LEVELING

The mount is designed for quick setup, often completed within 20 minutes.

### Post-Installation Adjustments:

After installation, the mount allows for leveling adjustments to ensure your TV is perfectly straight. The mount also features built-in cable channels to help organize and conceal wires for a clean look.

The mount allows for post-installation leveling to ensure your TV is perfectly aligned.

SANUS  
In-Wall  
Cable Kit

# BUILT-IN CABLE CHANNELS

## KEEP CORDS ORGANIZED

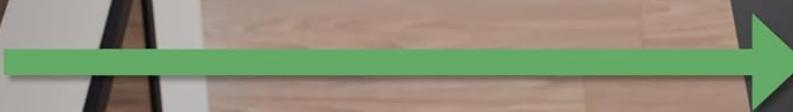

Integrated cable channels help keep your cords organized and out of sight.

### OPERATING INSTRUCTIONS

The SANUS Full Motion TV Wall Mount offers versatile positioning options to optimize your viewing experience from anywhere in the room.

#### Adjusting Your TV:

- **Extension:** Gently pull the TV away from the wall to extend the mount's arms. The mount can extend up to 24 inches, providing ample space for adjustments and access to cables.
- **Swivel:** Pivot the TV left or right to achieve the desired viewing angle. The mount allows for an 84-degree swivel range, enabling you to watch from various seating arrangements.
- **Tilt:** Adjust the vertical angle of your TV by tilting it up or down. A 15-degree tilt range helps reduce glare, alleviate neck strain, and provides easier access to rear ports.

# UNLOCK YOUR TV'S FULL POTENTIAL

EXTEND  
UP TO  
**24"**

The mount extends up to 24 inches from the wall, allowing for flexible positioning.

# WATCH FROM ANYWHERE

The mount offers an 84-degree swivel range for optimal viewing from different angles.

15°  
TILT

## TILTS TO

- ✓ FIGHT GLARE
- ✓ REDUCE  
NECK STRAIN
- ✓ EASILY ACCESS  
CABLES

A 15-degree tilt feature helps reduce glare and improve viewing comfort.

# EASILY POSITION YOUR SCREEN

**Full-Motion TV Wall Mount  
FOR TVs 37" - 90"**

Easily position your screen for the best viewing experience.

# CENTER YOUR TV AFTER INSTALLATION

**MOUNT SLIDES 16"  
LEFT & RIGHT ON WALL PLATE**

The mount allows you to center your TV horizontally even after installation.

## MAINTENANCE

To ensure the longevity and safe operation of your SANUS TV wall mount, follow these simple maintenance guidelines:

- **Cleaning:** Dust the mount regularly with a soft, dry cloth. For more stubborn marks, use a slightly damp cloth and mild detergent, then wipe dry immediately. Avoid abrasive cleaners or solvents.

- Periodic Checks:** Annually, or if you notice any changes in the mount's stability or movement, check all screws and bolts to ensure they are securely tightened. Do not overtighten.
- Movement:** If the articulating arms become stiff, a small amount of silicone-based lubricant can be applied to the pivot points. Avoid oil-based lubricants.
- Weight Limit:** Never exceed the maximum weight capacity of the mount (150 lbs) or the maximum screen size (90 inches).

## TROUBLESHOOTING

If you encounter any issues with your SANUS Full Motion TV Wall Mount, refer to the table below for common problems and their solutions.

Problem	Possible Cause	Solution
TV is not level after installation.	Minor shifting during or after hanging the TV.	Utilize the post-installation leveling feature. Refer to the installation manual for specific instructions on how to adjust the level.
Difficulty moving the TV (extending, swiveling, tilting).	Joints may be stiff or require lubrication.	Ensure no cables are obstructing movement. Apply a small amount of silicone-based lubricant to the articulating joints if necessary.
Mount feels unstable or wobbly.	Mounting hardware not fully tightened or incorrect installation.	Immediately remove the TV. Re-check all wall and TV mounting hardware for proper tightness. Ensure the mount is secured to studs or concrete as per instructions. If unsure, consult a professional installer.
Missing parts from the kit.	Packaging error.	Contact SANUS customer support with your product model and purchase details for assistance.

## PRODUCT SPECIFICATIONS

Feature	Detail
Model Number	OLF24-B2
Brand	Sanus
Mounting Type	Wall Mount
Movement Type	Articulating (Full Motion)
Maximum Compatible TV Size	90 Inches
