

STANI Rx34578

STANI Metal Storage Cabinet User Manual

Model: Rx34578 | Brand: STANI

1. INTRODUCTION AND OVERVIEW

Thank you for choosing the STANI Metal Storage Cabinet. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new storage cabinet. Designed for durability and security, this cabinet features adjustable shelves and a robust locking mechanism, making it ideal for organizing items in home offices, garages, schools, or archives.

2. SAFETY INFORMATION

Please read and understand all safety instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Assembly Safety:** Always assemble the cabinet on a soft, clean surface to prevent scratches. Ensure all parts are present and undamaged before beginning. Use appropriate tools and follow all steps carefully.
- **Tip-Over Prevention:** For enhanced stability and safety, especially in households with children or pets, it is recommended to secure the cabinet to a wall using appropriate anchoring hardware (not included).
- **Weight Distribution:** Distribute weight evenly across the shelves. Do not exceed the maximum weight capacity of 120 lbs per shelf. Place heavier items on lower shelves.
- **Sharp Edges:** Exercise caution during assembly and handling, as some metal edges may be sharp. Wear gloves if

necessary.

- **Proper Placement:** Place the cabinet on a level, stable surface. Avoid placing it in areas with high humidity or direct exposure to water to prevent corrosion.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Cabinet Panels (Top, Bottom, Sides, Back)
- 2 Adjustable Shelves
- 2 Keys for Lockable Doors
- Door Handles
- Assembly Hardware (screws, bolts, etc.)
- Assembly Instructions Manual

4. SETUP AND ASSEMBLY

Assembly of the STANI Metal Storage Cabinet is required and typically takes approximately 30 minutes to complete with the provided detailed instructions. Follow the step-by-step guide included in your package for a smooth installation process.

1. Unpack all components and lay them out on a protected surface.
2. Identify each part using the provided parts list in the separate assembly guide.
3. Follow the numerical steps in the assembly guide to connect the panels, install the door hinges, attach the handles, and secure the locking mechanism.
4. Insert the adjustable shelves into your desired positions.
5. Ensure all screws and fasteners are tightened securely before use.

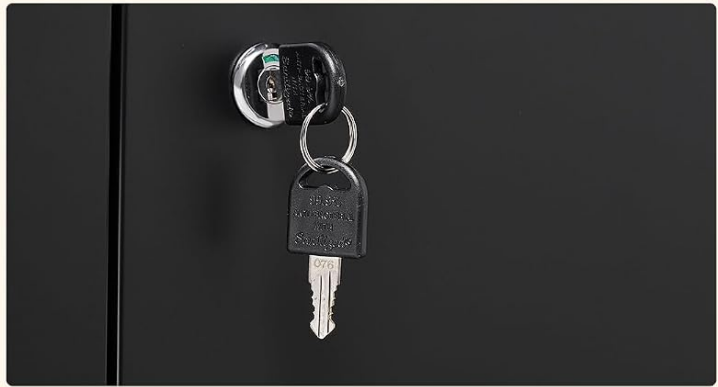

5. OPERATING INSTRUCTIONS

5.1 Using the Lockable Doors

The cabinet features lockable doors for enhanced security. Two keys are provided with your cabinet.

- To lock the cabinet, ensure both doors are fully closed. Insert one of the provided keys into the lock cylinder located on the right door. Turn the key clockwise until the locking mechanism engages.
- To unlock, insert the key and turn counter-clockwise.
- The cabinet utilizes a 3-point locking system for secure closure.

Lock with 2 Keys

5.2 Adjusting Shelves

The cabinet includes two adjustable shelves, allowing you to customize the storage space to fit items of various heights.

- To adjust a shelf, first remove all items from the shelf.
- Carefully lift the shelf and disengage it from the support pegs.
- Relocate the support pegs to the desired height along the pre-drilled holes inside the cabinet.
- Place the shelf back onto the support pegs, ensuring it is level and securely seated.

Multiple Uses

Using Adjustable Buckle

Secure Locking Mechanism

Each shelf can hold up to 120lbs

6. MAINTENANCE

Proper maintenance will ensure the longevity and appearance of your STANI Metal Storage Cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild soap solution and dry immediately. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Rust Prevention:** The cabinet is designed with resistance to chipping, corrosion, and rust. However, to maintain this, avoid prolonged exposure to moisture. Promptly wipe away any spills.
- **Lubrication:** Periodically check the door hinges and locking mechanism. Apply a small amount of silicone-based lubricant if movement becomes stiff.
- **Inspection:** Regularly inspect all fasteners and connections to ensure they remain tight. Re-tighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your STANI Metal Storage Cabinet, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Doors do not close properly or are misaligned.	Loose hinges; uneven floor; cabinet not assembled squarely.	Check and tighten all hinge screws. Ensure the cabinet is on a level surface. Re-check assembly steps for squareness.
Lock mechanism is stiff or not engaging.	Lack of lubrication; debris in lock; misalignment.	Apply a small amount of graphite or silicone lubricant to the lock cylinder. Ensure doors are fully closed and aligned before locking.
Shelves are wobbly.	Shelves not properly seated on pegs; pegs not fully inserted.	Ensure shelf support pegs are fully inserted into the holes and the shelf is resting evenly on all four pegs.
