## AuviPal G9F

# AuviPal G9F Mini Bluetooth Keyboard Remote Combo User Manual

Model: G9F

## 1. INTRODUCTION

---

The AuviPal G9F is a versatile Mini Bluetooth Keyboard Remote Combo designed to enhance your control over various media devices. It combines a remote control with a full QWERTY mini-keyboard and features infrared (IR) learning capabilities, a rechargeable battery, and backlighting for convenient use in diverse environments. This manual provides detailed instructions for setup, operation, and maintenance.

## 2. PRODUCT OVERVIEW

---

The AuviPal G9F features a dual-sided design, offering a traditional remote control layout on one side and a mini QWERTY keyboard on the other. Key features include:

- **Bluetooth Wireless Connectivity:** For seamless connection to compatible devices without a USB dongle.
- **Mini QWERTY Keyboard:** For easy text input, searching, and navigation.
- **Backlit Keys:** Improves visibility in low-light conditions.
- **Rechargeable Battery:** Built-in 200mAh lithium polymer battery.
- **11 IR Learning Buttons:** Allows programming to control basic functions of other IR-enabled devices like TVs or soundbars.

## 3. SETUP INSTRUCTIONS

### 3.1 Initial Charging

Before first use, it is recommended to fully charge the AuviPal G9F remote. Use the provided charging cable to connect the remote to a USB power source. The LED indicator will show charging status and turn off when fully charged.

### 3.2 Entering Pairing Mode

To initiate Bluetooth pairing, hold down the 'OK' button and the 'IR' button simultaneously. Release both buttons when the LED indicator begins to flash green rapidly. This indicates the remote is in pairing mode.

### 3.3 Connecting to Devices

An original remote control for your device may be required to navigate menus for the initial Bluetooth connection process.

#### 3.3.1 For Fire TV Devices (Fire TV Stick, Fire TV, Fire TV Cube)

1. Go to **Settings** on your Fire TV device.
2. Select **Controllers & Bluetooth Devices**.
3. Choose **Other Bluetooth Devices**.
4. Select **Add Bluetooth Devices**.
5. From the list of available devices, select "**AuviPal G9F**".

### 3.3.2 For Nvidia Shield Devices

1. Go to **Settings** on your Nvidia Shield device.
2. Select **Remotes & Accessories**.
3. Choose **Add Bluetooth accessories**.
4. From the list of available devices, select "**AuviPal G9F**".

## 4. OPERATING INSTRUCTIONS

### 4.1 Basic Remote Functions

The front side of the AuviPal G9F functions as a standard remote control, providing navigation, volume control, and media playback buttons.

## **4.2 Mini Keyboard Usage**

Flip the remote to access the QWERTY mini-keyboard for efficient text input. This is useful for searching, entering usernames, and passwords.

## **4.3 Backlight Control**

To turn the backlight on or off, double-click the dedicated backlight button (often represented by a light bulb icon). This feature helps with visibility in dark environments.

## **4.4 IR Learning Function**

The AuviPal G9F includes 11 infrared (IR) programmable keys. These keys can be programmed to control basic functions (e.g., Power, Channel, Volume, Mute) of your TV, soundbar, or A/V receiver. Refer to the specific IR learning instructions provided with the product for detailed programming steps. Note that IR learning compatibility may vary across different brands and models of devices.

Figure 4.1: The remote control side of the AuvIPal G9F, indicating the location of the 11 IR learning keys and the backlight toggle button.

## 5. MAINTENANCE

### 5.1 Battery Care

To maximize battery life, it is recommended to turn off the backlight during daytime use or when not needed. Recharge the remote promptly when the battery level is low to ensure continuous operation.

### 5.2 Cleaning

Wipe the remote with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.

## 6. TROUBLESHOOTING

- **Remote not connecting via Bluetooth:** Ensure the remote is in pairing mode (LED fast blinking green). Verify that the original remote was used to navigate to the Bluetooth pairing menu on your device. If previously paired to another device, unpair it first before attempting to pair with a new device.
- **IR Learning not working for certain functions:** The IR learning keys may not be compatible with all brands or models of TVs, soundbars, or A/V receivers. Ensure the original remote is functioning correctly and that the learning process is followed precisely.
- **No voice function:** The AuviPal G9F does not support voice search or voice commands. This is a design limitation of the product.
- **Backlight not working:** Double-check that the backlight feature is enabled by double-clicking the backlight button. Ensure the battery is sufficiently charged.
- **Short battery life:** Turn off the backlight when not needed to conserve battery power. Ensure the remote is fully charged before use.

## 7. SPECIFICATIONS

Feature	Specification
Brand	AuviPal
Model Number	G9F
Connectivity Technology	Bluetooth, Infrared
Colour	Black
Special Features	Backlit, Rechargeable
Battery Type	Lithium-Ion Polymer
Battery Energy Content	0.74 Watt Hours
Number of Lithium Ion Cells	1
Maximum Range	25 Meters (approx. 82 feet)
Package Dimensions	18.69 x 7.59 x 2.9 cm
Item Weight	168 g
