## Artemide A025150

# Artemide Tolomeo Wall Surface Bracket Instruction Manual

Model: A025150

## PRODUCT OVERVIEW

The Artemide Tolomeo Wall Surface Bracket (Model A025150) is an accessory designed for mounting various Artemide Tolomeo lamps directly to a wall surface. This bracket provides a stable and secure attachment point for compatible Tolomeo lamp models, allowing for flexible lighting solutions.

**Compatibility:** This bracket is compatible with Artemide Tolomeo Micro, Mini, Ordinary, and Braccio Wall lamps.

### Key Features:

- Designed for wall mounting of Artemide Tolomeo lamps.
- Constructed from durable aluminum.
- Lightweight design: approximately 0.33 lbs (0.15 kg).
- Country of Origin: Italy.

## SAFETY INFORMATION

- Read all instructions carefully before installation.
- Ensure the mounting surface is structurally sound and capable of supporting the bracket and the attached lamp.
- Use appropriate tools and fasteners for your specific wall type (e.g., drywall anchors, wood screws, masonry anchors).
- If you are unsure about installation, consult a qualified electrician or professional installer.
- Keep small parts away from children.
- Do not modify the bracket in any way.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning installation:

- Artemide Tolomeo Wall Surface Bracket (Model A025150)
- *Note: Mounting hardware (screws, anchors) and the Tolomeo lamp are sold separately and are not included with this bracket.*

---

## SETUP AND INSTALLATION

---

This section provides general guidelines for installing the Artemide Tolomeo Wall Surface Bracket. Specific installation steps may vary based on your wall material and the type of Tolomeo lamp being mounted.

1. **Prepare the Mounting Location:** Choose a suitable location on the wall that can support the weight of the bracket and the lamp. Ensure there are no electrical wires or plumbing pipes behind the drilling area.
2. **Mark Drilling Points:** Hold the bracket against the wall at the desired height and position. Use a pencil to mark the locations for the mounting screws. Ensure the bracket is level before marking.
3. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type and chosen fasteners, drill pilot holes at the marked locations. If using wall anchors, insert them now according to their instructions.
4. **Attach the Bracket:** Align the bracket with the drilled holes and secure it to the wall using suitable screws. Tighten the screws firmly but do not overtighten, which could damage the bracket or wall.

---

## OPERATING INSTRUCTIONS

---

The Artemide Tolomeo Wall Surface Bracket serves as a fixed mounting point for your Tolomeo lamp. Its operation is passive, providing structural support. The functionality and operation of the lamp itself are governed by the lamp's individual instruction manual.

---

## MAINTENANCE

---

- **Cleaning:** To clean the bracket, wipe it with a soft, dry cloth. For stubborn marks, a slightly damp cloth with mild soap can be used, followed by drying thoroughly. Avoid abrasive cleaners or solvents.
- **Inspection:** Periodically check the bracket and its mounting screws for any signs of loosening or damage. Tighten screws if necessary.
- **Environmental Conditions:** Ensure the bracket is used in dry indoor environments. Avoid exposure to excessive moisture or extreme temperatures.

---

## TROUBLESHOOTING

- **Bracket feels loose after installation:** Ensure all mounting screws are properly tightened. If using wall anchors, verify they are correctly installed and suitable for the wall material. The wall itself might not be strong enough; consider reinforcing the mounting area or choosing a different location.
- **Lamp does not fit the bracket:** Confirm that your Tolomeo lamp model is listed as compatible with this bracket (Micro, Mini, Ordinary, Braccio Wall lamps). Refer to your lamp's manual for its specific mounting requirements.
- **Scratches or damage during installation:** Handle the bracket carefully during installation. Use appropriate tools and techniques to prevent cosmetic damage.

## SPECIFICATIONS

<b>Model Number</b>	A025150
<b>Brand</b>	Artemide
<b>Material</b>	Aluminum
<b>Color</b>	Aluminum
<b>Mounting Type</b>	Wall Mount
<b>Item Weight</b>	0.33 lbs (0.15 kg) / 10.2 ounces
<b>Product Dimensions (L x W x H)</b>	14.3 x 14.5 x 75.3 inches (Note: These dimensions seem unusually large for a bracket and might refer to packaging or a different product. Please verify with product packaging.)
<b>Recommended Uses</b>	Wall mounting for compatible Tolomeo lamps
<b>Country of Origin</b>	Italy
