## 4. SAFETY INFORMATION

Safety warnings are provided with the product. Always adhere to the following general safety guidelines:

- Keep the device dry. Do not immerse in water unless specified for cleaning.
- Do not use the trimmer if the blades are damaged or bent.
- Keep out of reach of children.
- Only use the provided charging cable and adapter.
- Unplug the trimmer before cleaning.

## 5. SETUP

Before first use, ensure your VGR V-070 trimmer is fully charged.

1. **Unpack:** Carefully remove all components from the packaging.
2. **Charge the Device:** Connect the USB charging cable to the trimmer and plug it into a suitable USB power source (e.g., computer, laptop, power bank, or wall adapter). The LED display will indicate charging status. A full charge takes approximately 2 hours.
3. **Attach Guide Comb:** Select the desired guide comb (1mm, 2mm, 3mm, 4mm, or 5mm) and securely attach it to the trimmer head. Ensure it clicks into place.

**EFFORTLESS CHARGING**

**Lithium-ion Battery**

**600 mAh**  
Battery Capacity

## 6. OPERATING INSTRUCTIONS

Follow these steps for effective trimming:

1. **Prepare Hair:** Ensure hair is clean and dry for best results.
2. **Turn On:** Press the power button to turn on the trimmer.

3. **Select Mode (Optional):** Double-press the switch to activate Turbo Mode for thicker hair.
4. **Trim Hair:** Hold the trimmer against the hair, moving it slowly against the direction of hair growth. Use the guide comb to achieve the desired length.
5. **Travel Lock:** To activate the travel lock, hold the switch for 3 seconds. Repeat to unlock.
6. **Turn Off:** Once finished, press the power button to turn off the trimmer.

## 7. MAINTENANCE

Proper maintenance ensures the longevity and performance of your trimmer:

1. **Clean the Device:** After each use, remove the guide comb and use the provided cleaning brush to remove any hair clippings from the blades and trimmer body.
2. **Rinse Blades:** The blades can be rinsed under running tap water due to the waterproof design. Ensure the trimmer is turned off and unplugged before rinsing. Dry thoroughly after rinsing.
3. **Lubricate Blades:** Periodically apply a small drop of the provided lubricating oil to the blades to keep

them running smoothly and prevent rust. Turn on the trimmer for a few seconds to distribute the oil.

4. **Storage:** Store the trimmer in its travel bag or a dry, safe place away from direct sunlight and extreme temperatures.

# WATERPROOF FRAME

 **Corrosion Resistant**

 **Doesn't Scratch Skin**

## Suitable for Wet & Dry Shaving

## 8. TROUBLESHOOTING

If you encounter issues with your VGR V-070 trimmer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Trimmer does not turn on.	Battery is depleted.	Charge the device fully.
Trimmer pulls hair or cuts poorly.	Blades are dull or clogged with hair.	Clean the blades thoroughly and apply lubricating oil. If blades are dull, consider replacement.

Problem	Possible Cause	Solution
Trimmer makes unusual noise.	Lack of lubrication or foreign object.	Clean and oil the blades. Check for any obstructions.
Battery life is shorter than expected.	Battery not fully charged or aging battery.	Ensure full charge cycle. If problem persists, battery may need replacement.

If the problem persists after trying these solutions, please contact customer support.

## 9. SPECIFICATIONS
