

## Lamicall FT02

# Lamicall Tablet Floor Tripod Stand - Model FT02 Instruction Manual

Comprehensive guide for setup, operation, and maintenance.

## INTRODUCTION

---

The Lamicall Tablet Floor Tripod Stand (Model FT02) provides a stable and adjustable solution for holding your tablet or cellphone. Designed for versatility, it supports various viewing postures and device sizes, making it suitable for streaming, watching, fitness, and more. This manual will guide you through the assembly, operation, and care of your new tripod stand.

## PACKAGE CONTENTS

---

Please ensure all items are present before proceeding with assembly:

- Lamicall Tablet Floor Tripod Stand (Main Unit)
- Tablet/Phone Holder Mount
- Bluetooth Remote Control (with 1 CR2 battery included, plus 1 additional battery)
- Storage Bag
- User Manual

## SETUP INSTRUCTIONS

---

1. **Unfold the Tripod Base:** Gently spread the legs of the tripod base until they are fully extended and stable. Ensure the locking mechanism at the base is secure.

Image: The tripod stand with its legs fully extended, ready for use.

2. **Adjust Height:** Locate the quick flick locks on the main pole. Open the buckles, extend the pole to your desired height (from 16.7 inches to 64.9 inches), and then fasten the buckles securely.

# BLUETOOTH REMOTE

Free hands to take a photo or video.

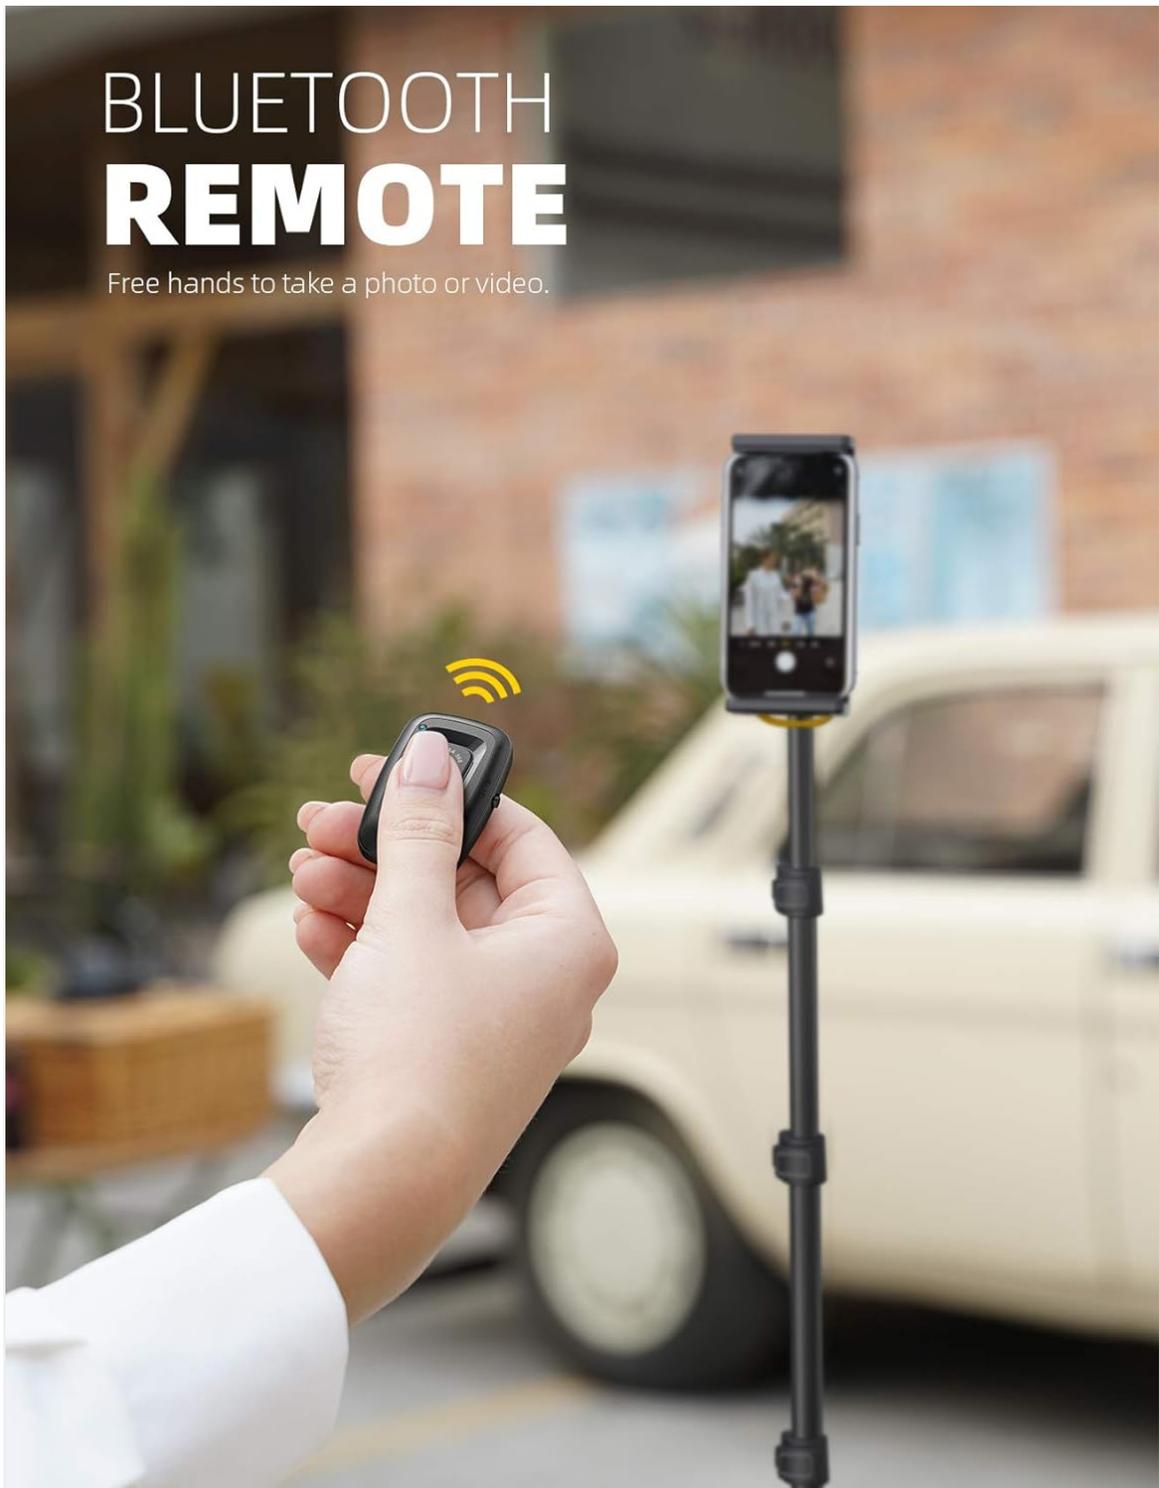

Image: A hand demonstrating the quick flick locks on the tripod pole for height adjustment.

3. **Attach Tablet Holder:** The tablet holder connects to the ball joint at the top of the main pole. First, place the small circular nut over the ball joint. Then, firmly push the tablet holder onto the ball joint until it clicks into place. Tighten the nut to secure the holder.

# CONSIDERATE **DETAILS**

360 degrees rotation.

Quick flick locks.

Sturdy base.

Image: Close-up of the tablet holder being attached to the ball joint at the top of the tripod pole.

- 4. Insert Device:** Extend the arms of the tablet holder to fit your device (4.7-13 inches). The holder features soft padding and elastic cords for secure grip. Place your tablet or cellphone into the holder.

Video: A step-by-step demonstration of how to set up the Lamicall Tablet Floor Tripod Stand, including unfolding the legs, adjusting height, and attaching the tablet holder.

## OPERATING INSTRUCTIONS

1. **360-Degree Rotation:** The tablet holder features a 360-degree rotation capability. Loosen the nut on the ball joint slightly to adjust the viewing angle of your device to portrait or landscape orientation, then tighten to secure.

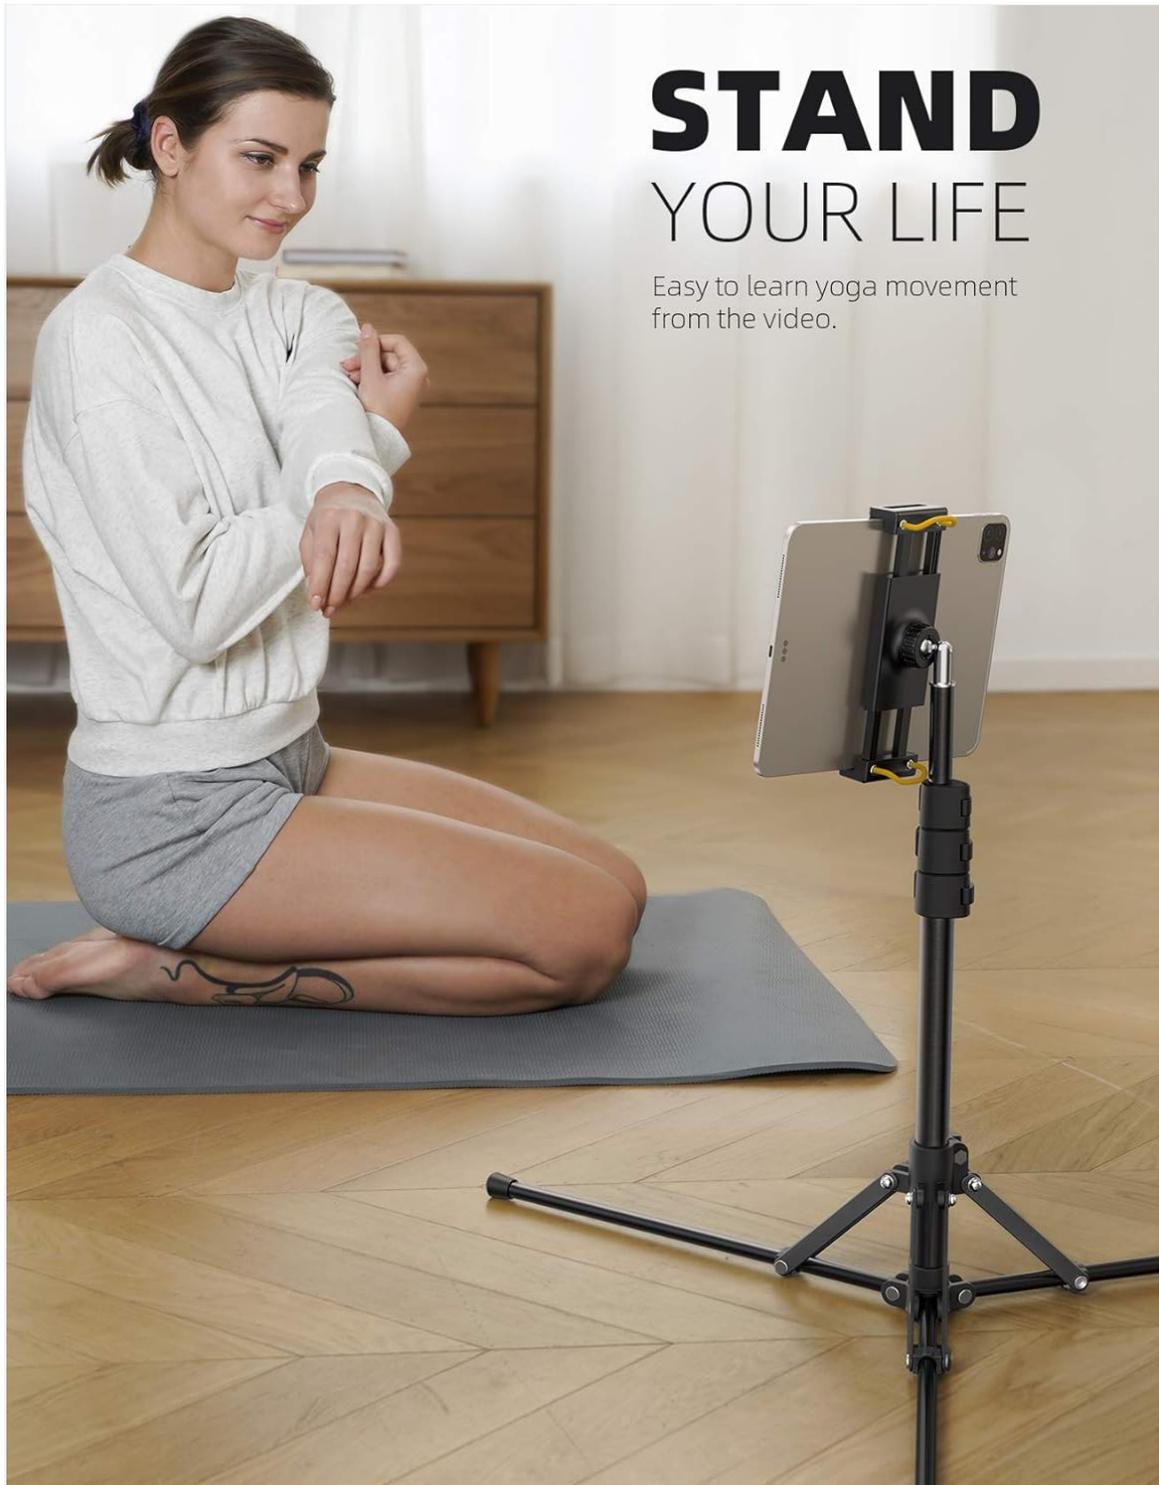

Image: A tablet in the holder demonstrating the 360-degree rotation feature for flexible viewing angles.

2. **Bluetooth Remote Control:** The included Bluetooth remote allows for hands-free photo and video capture.
  - Insert the CR2 battery into the remote.
  - Turn on the remote and pair it with your device via Bluetooth settings.
  - Use the remote to trigger your device's camera shutter or start/stop video recording.

# WIDE COMPATIBILITY

Compatible with 4.7-13 inches devices.

<b>Model Number</b>	FT02
<b>Item Weight</b>	1.65 pounds (0.75 kg)
<b>Package Dimensions</b>	17.24 x 7.05 x 4.76 inches
<b>Color</b>	Black
<b>Adjustable Height</b>	16.7 inches (42.5 cm) to 65 inches (165 cm)
<b>Device Compatibility (Width)</b>	5.6 - 8.6 inches (140-220 mm)
<b>Rotation</b>	360 Degrees
<b>Material</b>	Premium solid aluminum alloy (main pole and tripod)
<b>Batteries</b>	1 CR2 battery required (included)

## MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, dry cloth. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, fold the stand compactly and store it in the provided storage bag to protect it from dust and damage.
- **Battery Replacement:** Replace the CR2 battery in the Bluetooth remote when its performance diminishes.

## TROUBLESHOOTING

- **Stand Instability:** Ensure all quick flick locks are securely fastened and the tripod legs are fully extended on a flat, stable surface.
- **Device Not Holding Securely:** Verify that the tablet holder arms are fully extended to grip your device firmly. The elastic cords should provide additional security.
- **Bluetooth Remote Not Pairing:** Check if the CR2 battery is correctly inserted and charged. Ensure Bluetooth is enabled on your device and the remote is in pairing mode.
