

DEWINNER BD01-3

DEWINNER Bed Base 160x200cm Instruction Manual

Model: BD01-3

1. INTRODUCTION

Thank you for choosing the DEWINNER Bed Base. This manual provides essential information for the safe assembly, operation, and maintenance of your new bed base. Please read these instructions carefully before beginning assembly and keep them for future reference.

The DEWINNER 160x200cm bed base features a reinforced structure with 9 support points, including 4 wooden legs (15cm) and 5 metal legs (25cm), ensuring exceptional stability for heavy loads and frequent movement. Its optimized 25cm height provides generous space underneath for storage or robot vacuum access, while raised legs protect your mattress from humidity and facilitate cleaning. The bed base is equipped with 28 ergonomic poplar slats (2x14 arrangement) for perfect weight distribution, eliminating pressure points and offering optimal lumbar support for restorative sleep. The practical white Jacquard cover is made from high-end, stain-resistant, and breathable fabric, and is removable for easy professional dry cleaning.

2. SAFETY WARNINGS

To ensure your safety and prevent damage to the product, please observe the following warnings:

- Assemble the bed base with caution to avoid injuries.
- Do not exceed the maximum load capacity of **150 kg (approximately 330 lbs)**. Overloading can cause structural damage and personal injury.
- Be careful of sharp edges on components during assembly and use. It is recommended to wear protective gloves during assembly.
- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Ensure all screws and fasteners are securely tightened before use and periodically check them for tightness.
- Do not stand or jump on the bed base.
- Use the bed base only for its intended purpose as a mattress support.

3. PACKAGE CONTENTS

Before assembly, please verify that all components listed below are present and undamaged. If any parts are missing or

damaged, please contact customer service.

- Bed Frame (Main Structure)
- 28 Poplar Slats (arranged as 2x14)
- 4 Wooden Legs (15cm height)
- 5 Metal Legs (25cm height, including 2 central adjustable, 2 lateral with metal plates, and 1 U-shaped)
- White Jacquard Fabric Cover
- Assembly Hardware (screws, bolts, washers, Allen key, etc.)

4. SETUP AND ASSEMBLY

Assembly typically requires two adults and takes approximately 60-90 minutes. Follow these steps carefully:

1. **Unpack Components:** Lay out all parts on a clean, soft surface (like a carpet) to prevent scratches. Identify each component using the package contents list.
2. **Assemble the Frame:** Connect the main frame sections according to the diagrams provided in your specific assembly

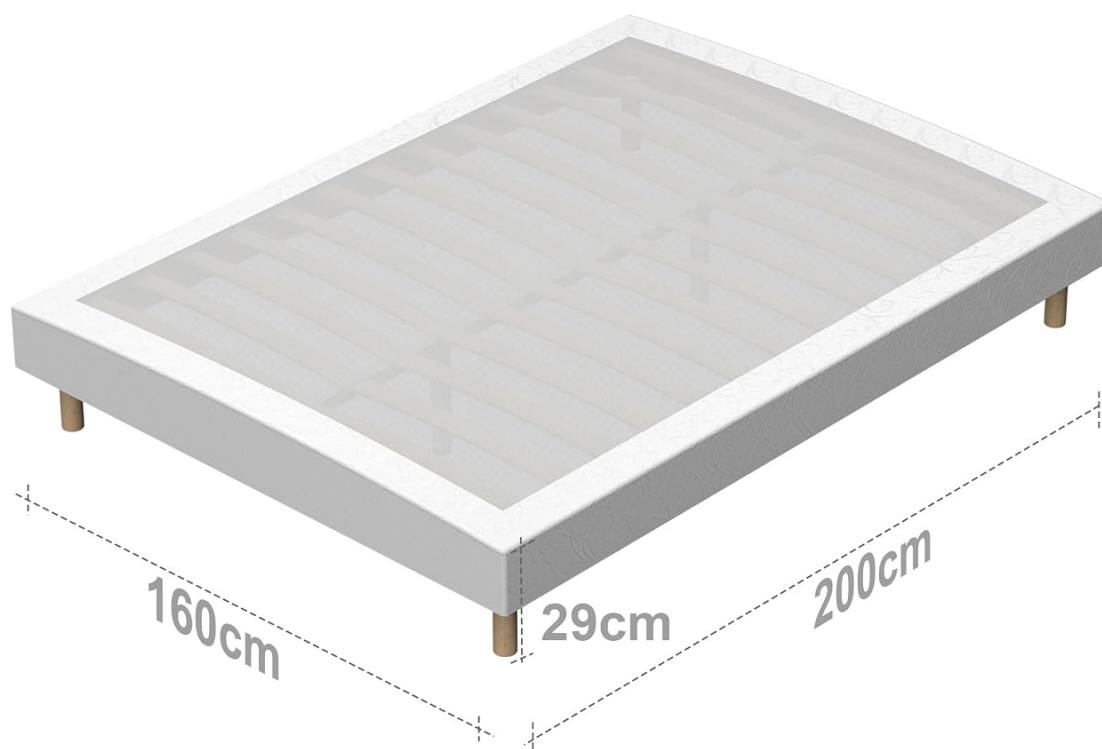

guide (not included here, refer to the physical manual). Ensure all connections are secure.

3. **Attach Legs:** Securely attach the 4 wooden legs (15cm) to the corners of the frame. Then, attach the 5 metal legs (25cm) to their designated central and lateral support points. Ensure the 2 central adjustable legs are properly positioned and adjusted for even support.
4. **Install Slats:** Insert the 28 poplar slats into their designated holders on the frame. Ensure they are evenly spaced and securely seated to provide optimal mattress support. The arrangement is 2x14 slats.
5. **Apply Fabric Cover:** Carefully stretch the white Jacquard fabric cover over the assembled bed base. Ensure it fits snugly and covers all sides. Secure it using any integrated fasteners (e.g., Velcro) if present.
6. **Final Check:** Before placing your mattress, double-check all screws and connections to ensure they are tight and the bed base is stable.

5. USAGE AND OPERATION

Once assembled, the DEWINNER Bed Base is designed to provide stable and comfortable support for your mattress. Simply place your mattress directly onto the slats. The reinforced structure and ergonomic slats work together to distribute weight evenly, providing optimal support and enhancing the lifespan of your mattress.

6. MAINTENANCE

Proper maintenance will extend the life of your DEWINNER Bed Base:

- **Cleaning the Frame:** Wipe the frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Cleaning the Fabric Cover:** The white Jacquard fabric cover is removable for easy cleaning. For best results, remove the cover and have it professionally dry cleaned. Do not machine wash or tumble dry, as this may damage the fabric or affect its fit.
- **Regular Checks:** Periodically check all screws, bolts, and leg connections to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent squeaking.
- **Under-bed Space:** Utilize the generous 25cm under-bed clearance for storage. Keep the area clean to prevent dust accumulation.

7. TROUBLESHOOTING

If you encounter any issues with your DEWINNER Bed Base, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed base is wobbly or unstable.	Loose screws or uneven leg adjustment.	Ensure all assembly hardware is securely tightened. Adjust the central adjustable legs to ensure even contact with the floor.
Squeaking noises.	Loose connections or friction between components.	Re-tighten all screws and bolts. Ensure slats are properly seated. If persistent, apply a small amount of lubricant (e.g., silicone spray) to contact points between slats and frame.
Fabric cover does not fit properly.	Incorrect positioning or manufacturing variation.	Ensure the cover is oriented correctly and stretched evenly over the frame. If the issue persists, contact customer support.

Problem	Possible Cause	Solution
Bed base sags or feels unsupported.	Exceeded weight capacity or damaged slats.	Verify that the total weight on the bed base (including mattress and occupants) does not exceed 150 kg. Inspect slats for damage and replace if necessary.

8. SPECIFICATIONS

Feature	Detail
Brand	DEWINNER
Model Number	BD01-3
Color	White
Product Dimensions (L x W x H)	200 x 160 x 12 cm (Frame only); Overall height with legs: 29 cm (approx.)
Item Weight	28.5 Kilograms
Special Feature	Ergonomic design
Included Components	4 wooden legs, 5 metal legs (2 central adjustable), 28 poplar slats, fabric cover, assembly hardware.
Compatible Mattress Size	160x200cm (Full equivalent in some regions)
Max Load Capacity	150 kg
