### 3. LED Lights

The model is equipped with front and rear LED lights, enhancing visibility and realism, especially in low-light conditions. These lights operate automatically when the truck is powered on.

### 4. Range and Speed

The remote control offers a range of up to 25 meters. The Monster Truck can achieve a maximum speed of 4 km/h.

## MAINTENANCE

---

### 1. Cleaning

For cleaning, use a soft, dry cloth. This product is designed for household use. Avoid exposure to excessive moisture or extreme temperatures, which can damage electronic components or plastic parts.

### 2. Part Replacement

Spare parts are available for a period of 1 year from the date of purchase. Refer to the official CaDA website or contact customer support for information on obtaining replacement parts.

## TROUBLESHOOTING

---

- **Model not responding:** Check battery levels in both the model's battery box and the remote control.

Ensure proper pairing between the remote control and the model as per the instruction manual.

- **Reduced performance:** Ensure all connections are secure and that no debris is obstructing moving parts. Check for any damaged components.
- **Lights not working:** Verify that the battery box is properly connected and powered.
- If issues persist, refer to the detailed assembly instructions for potential missed steps or incorrect connections during construction.
