HOMCOM 839-012V80BU

HOMCOM Elegant Velvet Fabric Accent Chair Instruction Manual

Model: 839-012V80BU

Your guide to assembly, operation, and maintenance.

1. Important Safety Information

Please read and understand all instructions before assembling and using this product. Keep this manual for future reference.

- **Weight Capacity:** Do not exceed the maximum weight capacity of 330 lbs (149 kg) to ensure the stability and safety of the chair.
- **Stable Surface:** Always place the chair on a flat, stable, and level surface to prevent tipping.
- **Regular Inspection:** Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.
- **Avoid Standing:** Do not stand on the chair. It is designed for seating only.
- **Children and Pets:** Keep children and pets away from the assembly area. Small parts can be a choking hazard.
- **Proper Use:** Use the chair only for its intended purpose as a seating furniture item.

2. Product Overview

The HOMCOM Elegant Velvet Fabric Accent Chair is designed to provide comfortable and stylish seating for various rooms in your home. Its unique lotus-shaped backrest and gold metal legs offer a blend of modern elegance and comfort.

3. Components List

Before beginning assembly, ensure all parts are present and accounted for. Refer to the packaging for a complete and detailed list of components and hardware.

- Chair Body (1)
- Gold Metal Legs (4)
- Hardware Pack (Bolts, Washers, Allen Wrench)

Note: The exact number and type of fasteners may vary. Always refer to the specific instructions included in your product packaging.

4. Setup (Assembly Instructions)

Assembly is straightforward and typically requires one person. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
2. **Identify Leg Attachment Points:** Turn the chair body upside down. Locate the pre-drilled holes or attachment points for the legs on the underside of the chair.
3. **Attach Legs:** Align each gold metal leg with its corresponding attachment point. Insert the provided bolts through the leg and into the chair body. Hand-tighten all bolts initially.
4. **Secure Legs:** Once all four legs are in place and hand-tightened, use the included Allen wrench to fully tighten all bolts. Ensure each leg is securely fastened and does not wobble. Do not overtighten.
5. **Upright the Chair:** Carefully turn the chair upright. Ensure all legs are evenly touching the floor. Adjust the self-adjusting feet if necessary to eliminate any wobbling.
6. **Final Check:** Before use, gently push down on the seat and check for stability. Ensure all connections are firm.

If you encounter any difficulties during assembly, refer to the troubleshooting section or contact customer support.

5. Operating Instructions

This accent chair is designed for comfortable seating in various indoor environments. To ensure proper use and longevity:

- **Seating:** Sit centrally on the seat cushion. Avoid sitting on the armrests or the very edge of the chair.
- **Weight Limit:** Do not exceed the maximum weight capacity of 330 lbs (149 kg). Overloading can damage the chair and pose a safety risk.
- **Movement:** When moving the chair, lift it rather than dragging it to prevent damage to the legs and your flooring.

6. Maintenance and Care

Proper care will help maintain the appearance and extend the life of your HOMCOM accent chair.

- **Cleaning Fabric:** For general cleaning, wipe the velvet fabric with a clean, damp cloth. For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, consult a professional upholstery cleaner. Avoid harsh chemicals.
- **Cleaning Legs:** Wipe the gold metal legs with a soft, dry cloth. Avoid abrasive cleaners or materials that could scratch the finish.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, as this may cause the fabric color to fade over time.
- **Heat Sources:** Keep the chair away from direct heat sources like radiators or fireplaces to prevent material degradation.
- **Regular Dusting:** Dust the chair regularly with a soft brush or vacuum with an upholstery attachment to prevent

dust buildup.

7. Troubleshooting

Problem	Possible Cause	Solution
Chair wobbles after assembly.	Legs are not evenly tightened or floor is uneven.	Ensure all leg bolts are fully tightened. Adjust the self-adjusting feet on the bottom of the legs to compensate for uneven flooring.

Problem	Possible Cause	Solution
Fabric appears flattened or matted.	Normal wear or pressure.	Gently brush the velvet pile with a soft brush in the direction of the nap to restore its texture.
Loose connections over time.	Regular use can loosen fasteners.	Periodically check and retighten all bolts and screws using the provided Allen wrench.

8. Specifications
