Umbra Hubba Arched Wall Mirror Instruction Manual

Model: 1017061-104

INTRODUCTION

The Umbra Hubba Arched Wall Mirror features a unique arch shape and a thin metallic frame, designed to enhance various living spaces. This manual provides essential information for the safe installation, proper use, and maintenance of your mirror.

The mirror measures 36 inches in length by 34 inches in width and is intended for wall-mounted installation. Its design aims to visually expand and brighten rooms by reflecting light.

SAFETY INFORMATION

- **Heavy Item:** This mirror is a heavy item. Exercise caution during unpacking, handling, and installation. It is recommended that two people handle the mirror to prevent injury or damage.
- **Secure Mounting:** Always ensure the mirror is securely mounted to a wall stud or using appropriate wall anchors for your wall type. Failure to do so may result in the mirror falling, causing injury or damage.
- **Professional Installation:** If you are unsure about the installation process, consult a qualified professional.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals on the mirror surface or frame, as this may cause damage.
- **Placement:** Avoid placing the mirror in direct sunlight for extended periods, as this may affect the mirror's longevity or cause glare.

PACKAGE CONTENTS

- 1 x Umbra Hubba Arched Wall Mirror (36" L x 34" W, Brass)
- Mounting Hardware (screws, wall anchors)

SETUP AND INSTALLATION

The Umbra Hubba Arched Wall Mirror is designed for easy wall-mounted installation. All necessary mounting hardware is included.

- 1. Unpack Carefully:** Remove the mirror from its packaging. Inspect the mirror and frame for any damage. Retain packaging materials until installation is complete.
- 2. Choose Location:** Select a suitable wall location. Consider the mirror's dimensions (36" L x 34" W) and ensure there is adequate space. The mirror can be installed in bathrooms, entryways, living rooms, or bedrooms.
- 3. Mark Mounting Points:** Hold the mirror against the wall at the desired height and position. Use a pencil to mark the locations for the mounting hardware. The mirror features a hanging loop on the back for secure attachment.
- 4. Install Hardware:** Drill pilot holes at the marked locations. Insert appropriate wall anchors if drilling into drywall. Secure the screws into the wall anchors or directly into wall studs. Ensure the screws are firmly in place and can support the mirror's weight.
- 5. Hang Mirror:** Carefully lift the mirror and align the hanging loop on the back with the installed screws. Gently lower the mirror until it is securely seated on the hardware. Ensure the mirror is level and stable.

OPERATING AND PLACEMENT

While a mirror does not have 'operations' in the traditional sense, its placement significantly impacts its functionality and aesthetic contribution to a space.

- **Light Enhancement:** Position the mirror to reflect natural light from windows or artificial light sources. This can make smaller spaces appear larger and brighter.
- **Visual Interest:** The unique arch shape and metallic frame serve as a decorative element. Consider its placement to complement existing decor and create a focal point.

Decorative metallic-finish frame for a modern look

MAINTENANCE

- **Cleaning the Mirror:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid liquid seeping behind the frame. Wipe gently until clean and streak-free.
- **Cleaning the Frame:** Wipe the metallic frame with a soft, dry cloth. Avoid using chemical cleaners that may damage the finish.
- **Regular Inspection:** Periodically check the mounting hardware to ensure it remains secure.

TROUBLESHOOTING

- **Mirror feels unstable after installation:** Re-check all mounting hardware. Ensure screws are fully tightened and appropriate wall anchors were used for your wall type. If necessary, consult a professional for secure installation.

- **Reflection appears distorted:** Ensure the mirror is mounted flat against the wall and the wall surface is even. If distortion persists, contact customer support.
- **Frame finish appears dull:** Clean the frame with a soft, dry cloth. Avoid abrasive materials or harsh chemicals that can dull the metallic finish.

SPECIFICATIONS

Brand	Umbra
Model Number	1017061-104
Product Dimensions	36"L x 34"W (86 x 91 cm)
Frame Material	Brass
Mounting Type	Wall Mount
Item Weight	15.4 pounds (7 Kilograms)
Assembly Required	No
Included Components	Mirror
