# Plantronics Poly Studio P21 Personal Meeting Display User Manual

Model: 2200-87100-001

## INTRODUCTION

---

The Plantronics Poly Studio P21 is an enterprise-grade 21-inch personal meeting display designed to enhance your video conferencing experience. It integrates a 1080p HD display, high-quality camera optics, stereo speakers, and a microphone into a single unit. This device is certified for use with Zoom and Microsoft Teams, and is compatible with other video conferencing services on both PC and Mac systems. It also functions as a secondary display when not in use for video calls.

## SETUP

---

### What's in the Box

- Poly Studio P21 personal meeting display
- 1M USB-C to USB-C/USB-A adapter cable
- Power supply (120/240V 80W)
- Country-specific power cord
- Desktop stand/base
- Safety insert
- Warranty information
- Lens Desktop Coaster

### Initial Connection

1. **Attach the Stand:** Securely attach the provided desktop stand/base to the Poly Studio P21 display.
2. **Connect Power:** Connect the power supply to the display and plug the country-specific power cord into a suitable electrical outlet.

3. **Connect to Computer:** Use the 1M USB-C to USB-C/USB-A adapter cable to connect the Poly Studio P21 to your PC or Mac. The display features a single USB port for connectivity.
4. **Driver Installation:** For optimal functionality, it is necessary to install the required drivers from the official Poly website. Refer to the included safety insert or warranty information for specific instructions on where to download these drivers.

## OPERATING INSTRUCTIONS

---

### Video Conferencing

The Poly Studio P21 is designed to streamline your video calls. Once connected to your PC or Mac and drivers are installed, it will function as your primary display, camera, microphone, and speakers for video conferencing applications such as Zoom and Microsoft Teams. The integrated camera provides 1080p HD video quality with up to 4x digital zoom for optimal framing.

### Second Display Functionality

When not actively engaged in a video call, the Poly Studio P21 can serve as a secondary monitor for your PC or Mac, expanding your workspace. Its 21-inch display offers vibrant colors and clear visuals for general computing tasks.

### Integrated Features

- **Ambient Lighting:** The display features built-in dynamic ambient lighting, optimized to properly illuminate you during video calls, ensuring you are well-lit regardless of external lighting conditions.
- **Audio Quality:** Integrated stereo speakers and a microphone ensure clear audio for both listening and speaking during calls.
- **Privacy Shutter:** An integrated privacy shutter allows you to physically cover the camera lens when not in use, enhancing security and privacy.
- **Wireless Mobile Phone Charging:** The base of the unit includes a platform for wireless mobile phone charging, providing convenience and reducing cable clutter.

## MAINTENANCE

---

To ensure the longevity and optimal performance of your Poly Studio P21, follow these maintenance guidelines:

- **Cleaning the Screen:** Use a soft, lint-free cloth specifically designed for electronics. Lightly dampen the cloth with water or a screen-safe cleaning solution. Gently wipe the screen to remove dust and smudges. Avoid harsh chemicals or abrasive materials.
- **Cleaning the Body:** Wipe the exterior surfaces with a soft, dry cloth. For stubborn marks, a slightly damp cloth can be used, followed by a dry cloth.
- **Ventilation:** Ensure that the ventilation openings on the device are not blocked to prevent overheating.
- **Storage:** When not in use for extended periods, store the display in a cool, dry place, away from direct sunlight and extreme temperatures.

## TROUBLESHOOTING

---

Issue	Possible Cause / Solution
-------	---------------------------

Issue	Possible Cause / Solution
<b>Black Screen / No Display</b>	<p>Ensure the power cable is securely connected to both the display and the power outlet.</p> <p>Verify the USB-C cable is firmly connected to both the display and your computer.</p> <p><b>Driver Issue:</b> The display requires specific drivers. If the screen remains black after connecting, visit the official Poly website to download and install the latest drivers for your operating system (PC or Mac).</p>
<b>Camera Not Working</b>	<p>Check if the integrated privacy shutter is open.</p> <p>Ensure the correct camera is selected in your video conferencing application settings.</p> <p>Verify that camera drivers are correctly installed. Reinstall if necessary.</p> <p>Check your operating system's privacy settings to ensure applications have permission to access the camera.</p>
<b>No Audio / Poor Audio Quality</b>	<p>Check the volume levels on the display, your computer, and within your video conferencing application.</p> <p>Ensure the Poly Studio P21 is selected as the default audio output and input device in your computer's sound settings and your video conferencing application.</p> <p>Verify microphone is not muted (check physical mute button on display and software mute).</p>
<b>Wireless Charging Not Functioning</b>	<p>Ensure your mobile phone supports wireless charging (Qi standard).</p> <p>Place the phone directly on the charging pad, ensuring proper alignment.</p> <p>Remove any thick phone cases that might interfere with charging.</p> <p>Verify the display is powered on and connected.</p>
