KESIEME AXLOIE S6

User Manual: AXLOIE S6 Wireless Earbuds

Model: AXLOIE S6 | Brand: KESIEME

PRODUCT OVERVIEW

The AXLOIE S6 Wireless Earbuds are designed for active lifestyles, featuring advanced Bluetooth 5.2 technology, real-time heart rate monitoring, and clear call quality with cVc 8.0 noise reduction. These earbuds offer an immersive audio experience and extended battery life, making them suitable for workouts, gym sessions, and daily use.

PACKAGE CONTENTS

Upon opening the package, ensure all components are present:

- AXLOIE S6 Wireless Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- Multiple Sizes of Ear Tips (XS, S, M, L)
- User Manual (this document)

Image: All items included in the AXLOIE S6 package: earbuds, charging case, USB-C cable, various ear tip sizes, and the user manual.

SETUP GUIDE

1. Initial Charge

Before first use, fully charge the earbuds and the charging case. Connect the provided USB-C cable to the charging case and a compatible power source. The indicator lights on the case will show charging status. A 10-minute charge provides up to 60 minutes of playtime.

Image: The quick charge feature, illustrating that a 10-minute charge provides 60 minutes of playback time.

2. Pairing with Your Device

1. Ensure the earbuds are charged and placed inside the charging case.
2. Open the charging case. The earbuds will automatically enter pairing mode.
3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for "AXLOIE S6" in the list of available Bluetooth devices and select it to connect.
5. Once connected, a voice prompt will confirm successful pairing.

OPERATING INSTRUCTIONS

Basic Controls

Function	Action
Power On/Off	Hold the multi-function button for 2-3 seconds.
Play/Pause	Single tap the multi-function button on either earbud.
Next Track	Double tap the right earbud.
Previous Track	Double tap the left earbud.
Volume Up	Triple tap the right earbud.
Volume Down	Triple tap the left earbud.
Answer/End Call	Single tap the multi-function button during a call.
Reject Call	Hold the multi-function button for 2 seconds during an incoming call.
Activate Voice Assistant	Hold the multi-function button for 2 seconds (when not on a call).

Heart Rate Monitoring

The earbuds feature a sensitive heart rate sensor for continuous real-time monitoring during dynamic activities. Ensure the earbuds are properly seated in your ears for accurate readings. Data can be viewed and tracked via the AXLOIE app.

Audio Quality and Noise Reduction

Equipped with Qualcomm chipset and 10mm composite drivers, the earbuds deliver rich audio with aptX, AAC, and SBC support. The cVc 8.0 noise reduction technology with 4 built-in microphones ensures crystal-clear calls by filtering out environmental noise.

MAINTENANCE

Cleaning

Regularly clean your earbuds and charging case with a soft, dry cloth. For ear tips, remove them and clean with mild soap and water, then dry thoroughly before reattaching. Avoid using harsh chemicals or abrasive materials.

Storage

When not in use, store the earbuds in their charging case to protect them and ensure they remain charged. Store in a cool, dry place away from extreme temperatures and direct sunlight.

Water Resistance

The earbuds are waterproof. However, prolonged submersion or exposure to saltwater/chlorinated water is not recommended. Always dry the earbuds completely before placing them back in the charging case to prevent damage.

Troubleshooting

Common Issues and Solutions

- **Earbuds not pairing:**

  - Ensure earbuds are fully charged.
  - Turn off and on your device's Bluetooth.
  - Forget "AXLOIE S6" from your device's Bluetooth list and try pairing again.
  - Place earbuds back in the case, close, wait 5 seconds, then open to reset pairing mode.

- **No sound or low volume:**

  - Check device volume and earbud volume.
  - Ensure earbuds are properly connected to your device.

- Clean ear tips and earbud mesh to remove any obstructions.

- **Heart rate reading inaccurate:**

  - Ensure earbuds are securely and correctly placed in your ears.
  - Try different sized ear tips for a better fit.
  - Ensure the heart rate sensor area on the earbud is clean.

- **Call quality issues:**

  - Ensure earbuds are fully charged.
  - Check for strong Bluetooth connection.
  - Avoid noisy environments where possible, as extreme noise may still affect clarity.
