# **BL Mini Wireless Keyboard Remote Control User Manual**

Model: B08TM6132G

## **INTRODUCTION**

---

The BL Mini Wireless Keyboard with Touchpad Mouse Combo is a versatile input device designed for seamless control across various platforms. It combines a full QWERTY keyboard, a responsive multi-touch touchpad, and multimedia control keys into a compact, portable unit. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal performance.

## SETUP

Follow these steps to set up your BL Mini Wireless Keyboard:

1. **Locate the USB Dongle:** The 2.4GHz USB dongle is typically stored in the battery compartment on the back of the keyboard. Open the battery cover and carefully remove the dongle.
2. **Charge the Keyboard:** Before first use, fully charge the keyboard using the provided USB cable. Connect the micro-USB end to the keyboard's charging port and the USB-A end to a power source (e.g., computer USB port, USB wall adapter). The charging indicator light will illuminate.
3. **Insert the USB Dongle:** Plug the USB dongle into an available USB port on your target device (e.g., Smart TV, Android TV Box, PC, PS3).
4. **Turn On the Keyboard:** Locate the power switch on the keyboard and slide it to the "ON" position. The keyboard should automatically connect to the dongle.
5. **Initial Pairing (if needed):** If the keyboard does not connect automatically, press and hold the "Fn" key and the "F1" key.

key simultaneously until the blue indicator light flashes quickly. Release the buttons. When the blue light stops flashing, the USB dongle and keyboard are successfully paired. Turn off the keyboard and turn it on again to confirm functionality.

## OPERATING INSTRUCTIONS

### Basic Operation

The keyboard functions like a standard QWERTY keyboard. Use the keys for typing text, and the touchpad for mouse control.

Image: Diagram illustrating the various parts of the multifunctional keyboard, including the USB charging port, media controls, LED indicator, touchpad, power switch, direction keys, multimedia shortcuts, mouse left/right buttons, QWERTY keyboard, and page scrolling.

### Touchpad Functionality

The integrated touchpad supports multi-finger gestures for enhanced navigation:

- **Single Finger Tap:** Left mouse click.
- **Two Finger Tap:** Right mouse click.
- **Two Finger Drag:** Scroll up/down or left/right.
- **Single Finger Drag:** Move the mouse cursor.

scrolling.

## Hotkeys and Multimedia Shortcuts

The keyboard features various hotkeys and multimedia shortcuts for quick access to functions. These are typically activated by holding the **Fn** key and pressing the corresponding function key.

Key Combination	Function
Fn + F1	Adjust mouse sensitivity
Fn + Enter	[Task Manager] shortcut (Ctrl+Alt+Del)
Fn + PrtSc	[Print Screen] shortcut
Fn + F7	Turn off / on touchpad
Fn + F8	Maximize current page
Fn + F9	Open development tools
Fn + Home	Jump to start of a text
Fn + End	Jump to end of a text
Caps	Lock caps button
Win	[Start / Menu] bar

<b>Fn</b> + 	Adjust mouse sensitivity	<b>Fn</b> + 	Jump to end of a text
<b>Fn</b> + 	[Task Manager] shortcut		Left mouse click
<b>Fn</b> + 	[Print Screen] shortcut		Right mouse click
<b>Fn</b> + 	Turn off / on touchpad		Lock caps button
<b>Fn</b> + 	Maximize current page		[Start / Menu] bar
<b>Fn</b> + 	Open development tools		
<b>Fn</b> + 	Jump to start of a text

# Multimedia Shortcuts

Quickly control the browser, email, player, etc.

<b>Fn</b> +	Adjust mouse sensitivity	<b>Fn</b> +	Jump to end of a text
<b>Fn</b> +	[Task Manager] shortcut		Left mouse click
<b>Fn</b> +	[Print Screen] shortcut		Right mouse click
<b>Fn</b> +	Turn off / on touchpad	<b>Caps</b>	Capitals lock
<b>Fn</b> +	Maximize current page	<b>Win</b>	[Start / Menu] bar
<b>Fn</b> +	Open development tools		
<b>Fn</b> +	Jump to start of a text		

Image: A graphic illustrating the multimedia shortcuts available on the keyboard, designed for quick control of browser, email, and media players.

## Backlight Functionality

The keyboard features a multi-color backlight for improved visibility in low-light conditions.

- **Activating Backlight:** The backlight typically activates automatically when the keyboard is in use.
- **Changing Backlight Colors:** To cycle through the 7 available backlight colors, hold down the **Fn** key and scroll left or right on the touchpad.

# Multi-color Backlit

Easy to use even in dark environments

## Hidden Feature - How to get 7 backlit colors?

Hold down the 'Fn' key and scroll left and right at the bottom of the touchpad for a total of 7 color backlights.

Image: A graphic demonstrating how to activate and change the 7 backlight colors by holding the 'Fn' key and scrolling on the touchpad.

To ensure the longevity and optimal performance of your keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the keyboard and touchpad. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use for extended periods, turn off the keyboard to conserve battery life. Store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** Avoid fully discharging the Li-ion battery frequently. Charge it regularly, even if not completely depleted, to maintain battery health.
- **Avoid Drops and Impacts:** The keyboard is lightweight and portable, but it is not designed to withstand significant physical impact. Handle with care.

## TROUBLESHOOTING

If you encounter issues with your BL Mini Wireless Keyboard, refer to the following common problems and solutions:

- **Keyboard is unresponsive or not connecting:**
  - Ensure the keyboard is turned on and fully charged.
  - Verify the USB dongle is securely plugged into the device's USB port.
  - Try plugging the dongle into a different USB port on your device.
  - Re-pair the keyboard with the dongle: Press and hold "Fn" + "F1" simultaneously until the blue indicator light flashes quickly. Release the buttons. Once the blue light stops flashing, the pairing is successful. Turn the keyboard off and on again.
  - Ensure there are no significant obstructions between the keyboard and the USB dongle, as the effective range is approximately 33 feet (10 meters).

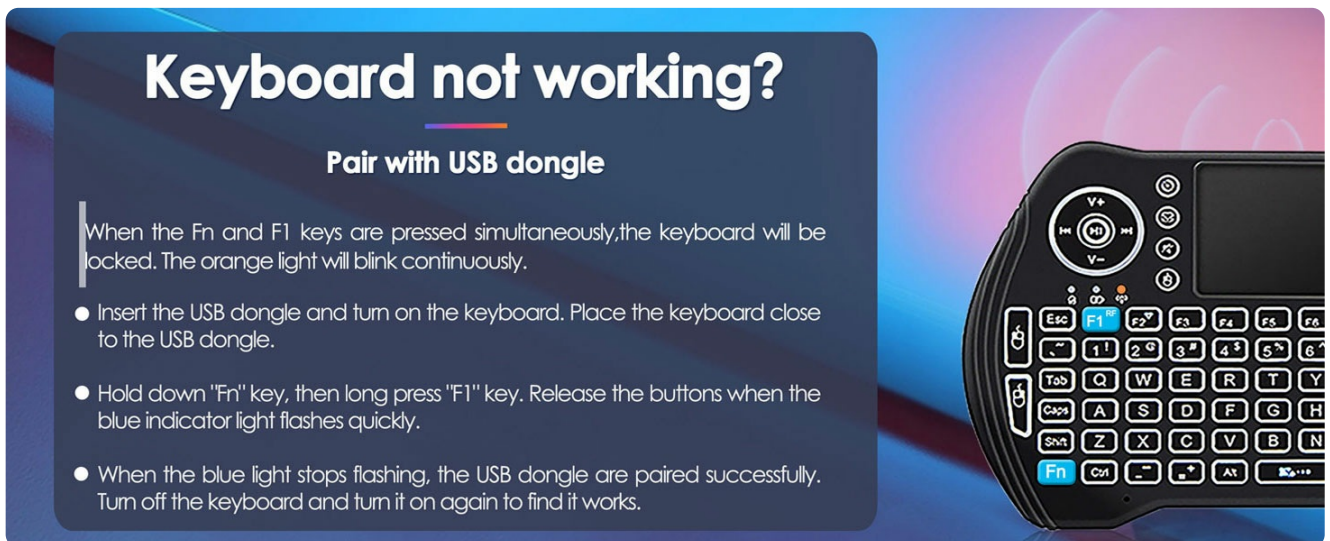

Image: A troubleshooting guide for an unresponsive keyboard, detailing steps to pair with the USB dongle, including visual cues for the indicator lights.

- **Touchpad is not working or is erratic:**
  - Ensure the touchpad is not accidentally turned off (Fn + F7).
  - Clean the touchpad surface to remove any dirt or oils that might interfere with tracking.
  - Adjust mouse sensitivity using Fn + F1.
- **Backlight is not working:**
  - Ensure the keyboard has sufficient battery charge.
  - Try cycling through the backlight colors (Fn + scroll on touchpad).

- **Short battery life:**

- Ensure the keyboard is fully charged before use.
- The auto-sleep function helps conserve battery. If the backlight is constantly on, it will drain the battery faster.
- Consider replacing the Li-ion battery if it no longer holds a charge effectively.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	5.78 x 3.84 x 0.75 inches
Item Weight	3.88 ounces
Connectivity Technology	2.4GHz USB Dongle
Battery Type	1 Lithium Ion battery (included, rechargeable)
Special Feature	Rechargeable, Backlit (7 colors), Touchpad
Color	Multi-color
Manufacturer	Amaminibox
Country of Origin	China

## Compatible Devices

The BL Mini Wireless Keyboard is widely compatible with devices that support a standard USB input:

- Android TV Box
- Smart TV
- Personal Computer (PC)
- Windows OS
- MacOS
- X-Box (specific models may vary)
- Sony PS3
- Desktop & Laptop Computers
- Smartphones (with OTG adapter, not included)
