Got2Glow Fairy Finder Instruction Manual

Model: 4952 | Brand: WowWee

INTRODUCTION

The Got2Glow Fairy Finder is an electronic jar designed for discovering and interacting with virtual fairies. This device allows users to collect over 30 unique virtual fairies within the jar, with a total of over 100 fairies available across the collection. Fairies can be found in various locations, and interaction with the jar increases the chances of discovering rare fairies. Users can also bond with their fairies through virtual hugs, greetings, and feeding, and trade fairies with friends to expand their collection. This manual provides detailed instructions for setup, operation, and maintenance of your Got2Glow Fairy Finder.

WHAT'S IN THE BOX

- 1 Got2Glow Fairies Blue Jar

SETUP

1. **Battery Installation:** The Got2Glow Fairy Finder requires 3 AAA batteries (included). Locate the battery compartment on the bottom of the jar. Using a Phillips head screwdriver, unscrew the battery compartment cover. Insert the batteries, ensuring correct polarity (+/-). Replace the cover and secure with the screw.
2. **Power On:** Locate the power switch, typically on the bottom or side of the jar. Slide the switch to the "ON" position. The jar's screen should illuminate, indicating it is ready for use.

OPERATING INSTRUCTIONS

1. Finding Fairies

To find virtual fairies, carry your Got2Glow Fairy Finder around different locations. The device uses motion and environmental cues to detect fairies. When a fairy is detected, the jar will light up and display a fairy silhouette on its screen. The more you move and explore, the higher your chances of encountering new fairies.

2. Catching Fairies

Once a fairy appears on the screen, quickly close the heart-shaped lid on top of the jar to "catch" it. A successful catch will be indicated by a special light show and sound effect. Each jar can collect over 30 unique fairies, with a total of over 100 different fairies available in the entire collection, varying in rarity.

3. Interacting with Fairies

Your collected fairies can be interacted with in several ways:

- **Hugs:** Press the buttons on the sides of the jar to give your fairy a virtual hug.
- **Greetings:** Open the heart-shaped lid and speak to your fairy; they will respond with a greeting.
- **Feeding:** The jar allows you to virtually feed your fairies. Specific button presses or interactions will trigger feeding animations.
- **Playing Games:** Engage in mini-games with your fairies, such as guiding them through clouds to achieve a high score.

4. Trading Fairies

To trade fairies with another Got2Glow Fairy Finder, ensure both jars are in trading mode. Open the heart-shaped lid on both jars and gently touch the lids together. Fairies will then transfer between the devices, allowing you to expand your collection by acquiring fairies from friends.

MAINTENANCE

- **Cleaning:** Wipe the exterior of the Got2Glow Fairy Finder with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- **Battery Replacement:** If the device's lights dim or sounds become distorted, it may be time to replace the batteries. Follow the battery installation steps in the "Setup" section.
- **Storage:** Store the device in a cool, dry place away from direct sunlight when not in use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Device does not turn on.	Batteries are dead or incorrectly installed.	Check battery polarity. Replace with new AAA batteries.
Cannot catch new fairies.	Not moving enough or in a new environment.	Try moving to different rooms or locations. Ensure the lid is closed quickly after a fairy appears.
Fairies are not responding to interactions.	Low battery or temporary glitch.	Replace batteries. Turn the device off and on again.
Cannot trade fairies.	Jars not in trading mode or not touching correctly.	Ensure both jars have their heart-shaped lids open and are touching lid-to-lid. Confirm both are in trading mode (refer to device prompts).
