## Altec Lansing IMW270

# Altec Lansing Baby Boom XL IMW270 Portable Bluetooth Speaker

User Instruction Manual

## INTRODUCTION

The Altec Lansing Baby Boom XL IMW270 is a compact and durable portable Bluetooth speaker designed for on-the-go audio. This speaker delivers clear sound with deep bass, making it suitable for various environments, including outdoor activities. Its robust construction ensures it is waterproof, snowproof, and floats, providing reliability in diverse conditions. With a long-lasting rechargeable battery and easy Bluetooth connectivity, the Baby Boom XL offers a convenient audio solution.

## SAFETY INFORMATION

Please read all safety instructions before using this product. Failure to follow these instructions may result in electric shock, fire, or other hazards.

- Do not attempt to disassemble or modify the speaker.
- Keep the speaker away from extreme temperatures, direct sunlight, and heat sources.
- Ensure the charging port cover is securely closed when not charging to maintain water resistance.
- Use only the specified charging cable and power adapter.
- Avoid dropping the speaker from excessive heights, although it is designed to be durable.
- Do not expose the speaker to corrosive liquids.

## PACKAGE CONTENTS

Verify that all items are present in your package:

- Altec Lansing Baby Boom XL IMW270 Portable Bluetooth Speaker
- USB Charging Cable
- Quick Start Guide (not included in this manual)

## PRODUCT OVERVIEW

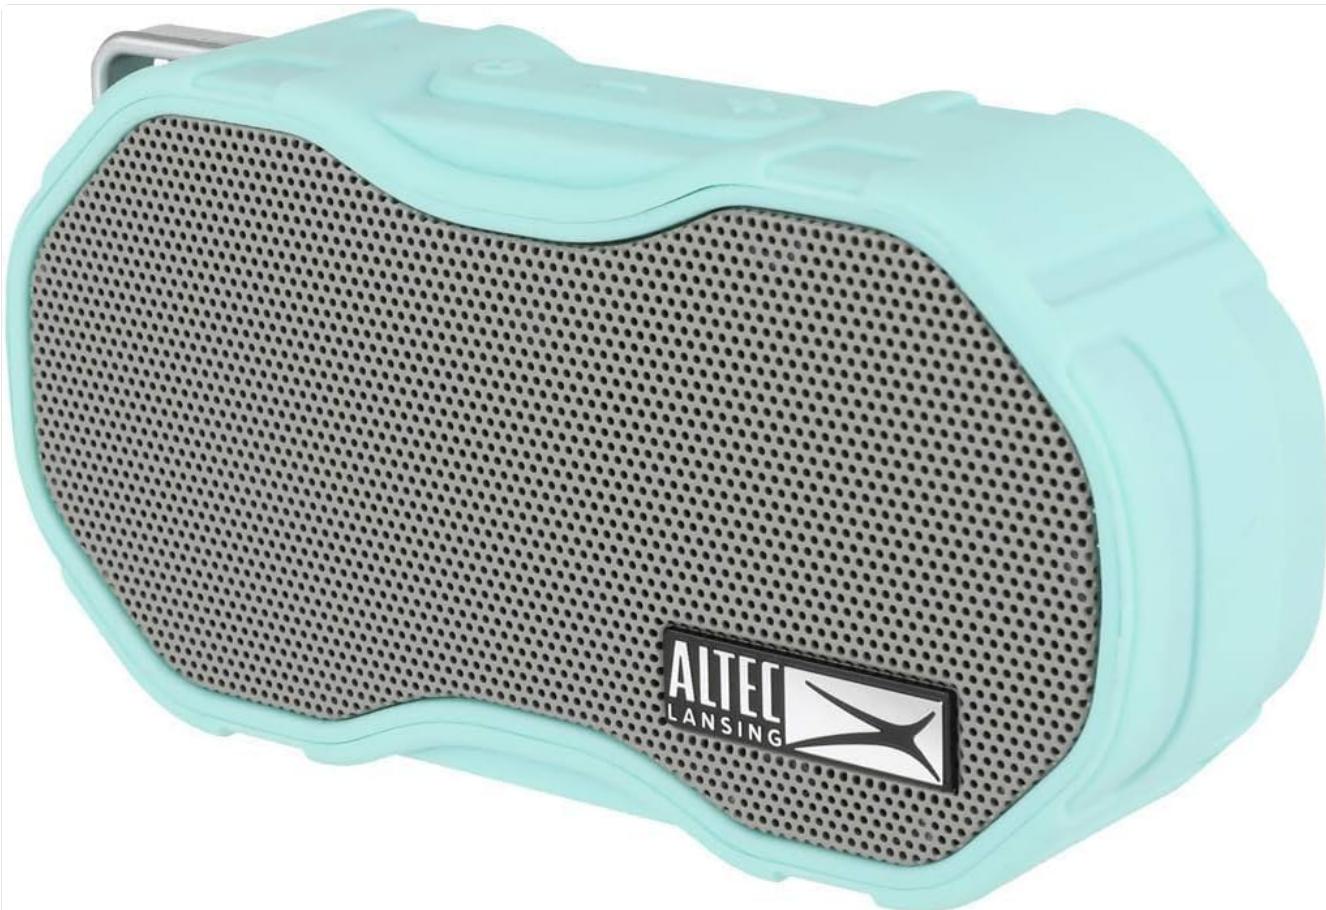

Familiarize yourself with the speaker's components and controls.

### Front View

The front features the main speaker grille and the Altec Lansing branding.

### Top Controls

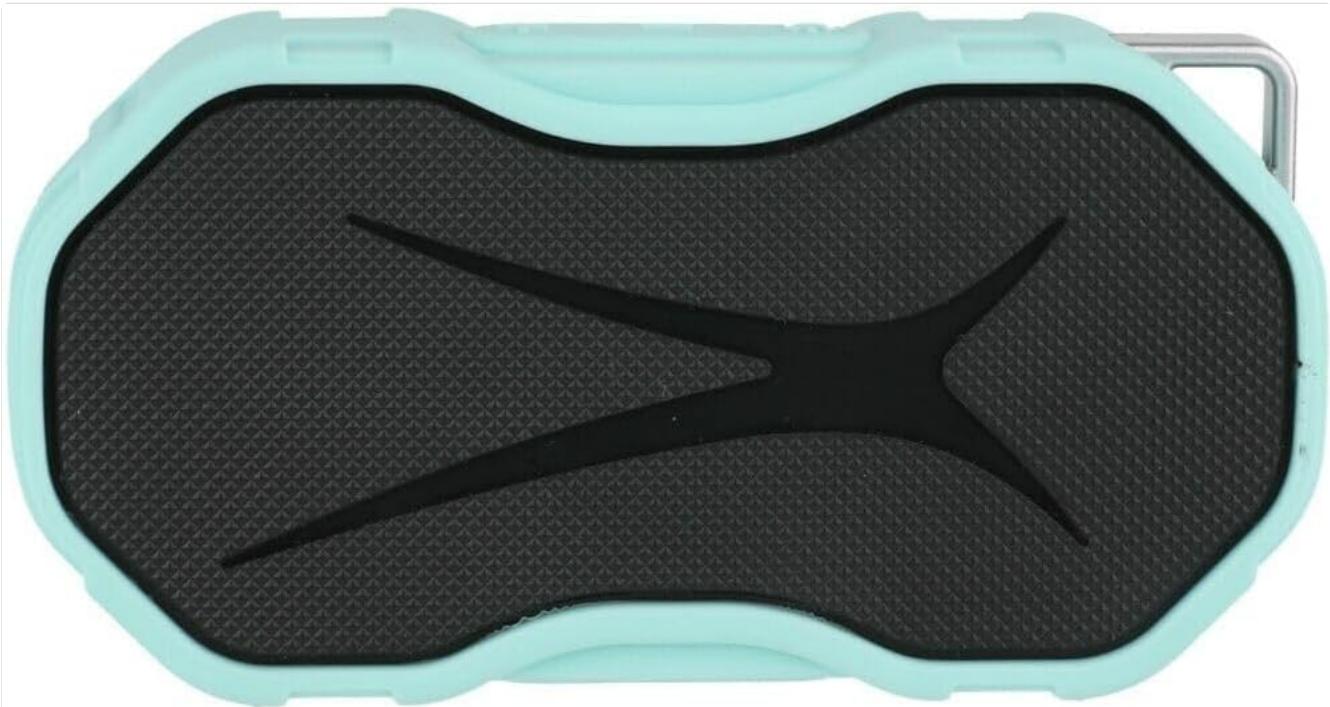

The top panel includes the Power button and Volume +/- buttons. These buttons also control track skipping when held down.

### Rear View and Charging Port

The rear of the speaker features a textured surface for grip. The charging port is located on the underside, protected by a rubber cap.

An integrated carabiner clip is present for easy attachment to bags or other items.

## SETUP

### Charging the Speaker

Before first use, fully charge your Baby Boom XL speaker. A full charge provides up to 6 hours of playback time.

1. Locate the charging port on the underside of the speaker. It is protected by a rubber cap.
2. Gently pull back the rubber cap to expose the USB charging port.
3. Connect the small end of the provided USB charging cable to the speaker's charging port.
4. Connect the larger end of the USB cable to a USB power source (e.g., computer USB port, wall adapter, power

bank).

5. The LED indicator light will illuminate during charging and turn off when fully charged.
6. Once charging is complete, securely close the rubber cap to maintain water resistance.

## Pairing with a Bluetooth Device

Follow these steps to connect your speaker to a Bluetooth-enabled device:

1. Ensure the speaker is charged.
2. Press and hold the **Power button** on the top of the speaker until you hear an audible prompt or see the LED indicator light flash, indicating it's in pairing mode.
3. On your Bluetooth device (smartphone, tablet, laptop), go to the Bluetooth settings.
4. Search for available devices. The speaker will appear as "**Baby Boom XL**".
5. Select "Baby Boom XL" from the list to initiate pairing.
6. Once successfully paired, you will hear a confirmation tone, and the LED indicator light will change (e.g., solid blue).
7. The speaker has a Bluetooth range of up to 100 feet.

## OPERATING INSTRUCTIONS

### Power On/Off

- To turn **ON**: Press and hold the **Power button**.
- To turn **OFF**: Press and hold the **Power button** again.

### Volume Control

- To **increase volume**: Press the '+' button.
- To **decrease volume**: Press the '-' button.

### Music Playback

- To play/pause: Control playback directly from your connected Bluetooth device.
- To skip to the **next track**: Press and hold the '+' button.
- To go to the **previous track**: Press and hold the '-' button.

### Waterproof and Durability Features

The Baby Boom XL is designed for outdoor use and is rated as waterproof and snowproof. It also floats when dropped in water and is built to withstand impacts.

The speaker's waterproof design makes it ideal for poolside use.

Its compact size and durable build allow for easy portability and attachment to gear.

## MAINTENANCE

- Cleaning:** Use a soft, damp cloth to clean the speaker's exterior. Do not use harsh chemicals or abrasive cleaners.
- Storage:** Store the speaker in a cool, dry place when not in use. Avoid prolonged exposure to direct sunlight or extreme temperatures.
- Charging Port:** Always ensure the rubber cap covering the charging port is sealed tightly when the speaker is not charging to prevent water ingress.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not turn on.	Low battery.	Charge the speaker fully.
Cannot pair with Bluetooth device.	Speaker not in pairing mode; device too far; Bluetooth off on device.	Ensure speaker is in pairing mode. Move device closer. Turn on Bluetooth on your device. Forget and re-pair the device.
No sound or low volume.	Volume too low on speaker or device; speaker not connected.	Increase volume on both speaker and connected device. Ensure speaker is properly paired.
Sound distortion.	Device too far from speaker; interference.	Move device closer to the speaker. Avoid obstacles between speaker and device.
