OPERATING AND USAGE

These action figures are designed for display and light play. They feature articulation points typical of retro-style figures, allowing for various poses.

- **Posing:** Gently manipulate the arms, legs, and head to achieve desired poses. Avoid excessive force to prevent damage to joints.
- **Accessory Handling:** Ensure accessories are securely placed in the figures' hands or holsters to prevent loss.
- **Age Recommendation:** This product is recommended for ages 15 years and up due to collectible nature and potential small parts.

MAINTENANCE AND CARE

- **Cleaning:** To clean the figures, gently wipe them with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store figures away from direct sunlight, extreme temperatures, and high humidity to prevent discoloration or material degradation. Keep them in a dust-free environment.
- **Handling:** Handle figures by their main body parts rather than small accessories or delicate joints to minimize stress.

TROUBLESHOOTING

Issue	Possible Cause	Solution
Figure joint is stiff	New figure, tight molding	Gently work the joint back and forth. Do not force. Applying a small amount of warm water (not hot) to the joint area for a few seconds may help loosen it.
Accessory does not fit securely	Minor manufacturing variation	Ensure the accessory is oriented correctly. If still loose, a tiny amount of non-permanent adhesive (e.g., museum putty) can be used for display purposes.
Figure falls over easily	Improper posing, uneven surface	Adjust the figure's stance to balance its weight. Ensure it is placed on a flat, stable surface.
