ORSDA T60W

ORSDA 2-in-1 Interactive Cat Toy User Manual

Model: T60W

INTRODUCTION

The ORSDA 2-in-1 Interactive Cat Toy (Model T60W) is designed to provide engaging play for indoor cats by simulating hunting and tracking experiences. This device combines an ambush feather toy with a track ball feature, offering varied entertainment to keep your cat physically and mentally active.

SAFETY INFORMATION

- This product is intended for pet use only. Keep out of reach of children.
- Always supervise your pet during play to prevent ingestion of parts.
- Inspect the toy regularly for damage. Discontinue use if any part becomes loose or detached.
- Do not expose the device to water or excessive moisture.
- Use only the specified power source (4*AA batteries or 5V/1A adapter).

PACKAGE CONTENTS

Please ensure all items are present in the package:

- ORSDA 2-in-1 Interactive Cat Toy Unit
- 6 x Replaceable Feathers (including multicolored, purple, fluffy tail, and pearl pheasant feathers)
- 2 x Track Balls (one with bell)
- User Manual

- **2-in-1 Play Modes:** Features both an unpredictable ambush feather that pops out randomly and a track with spinning balls to engage your cat's natural hunting instincts.
- **Rich & Replaceable Attachments:** Comes with 6 varied feathers to maintain your cat's interest and allow for customization.
- **Auto On-Off & Speed Modes:** Offers 3 customized speed modes and includes a built-in 10-minute automatic shut-off feature (activates every 3 hours) to conserve power.
- **Smart Mode:** Automatically enters standby mode at night to ensure undisturbed sleep for both you and your cat.
- **Dual Power Supplies:** Can be powered by 4 AA batteries (not included) or a 5V/1A adapter (not included).
- **Paws-Friendly Design:** Constructed with smooth and thick tracking edges to ensure the safety of your cat's paws during play.

SETUP

Dual Power Supplies

Image: The underside of the ORSDA 2-in-1 Interactive Cat Toy, illustrating the battery compartment for 4 AA batteries and the port for a 5V/1A power adapter.

1. Power Supply Installation:

- **Batteries:** Open the battery compartment on the underside of the toy. Insert 4 AA batteries (not included), ensuring correct polarity. Close the compartment securely.
- **Adapter:** Alternatively, connect a 5V/1A power adapter (not included) to the DC input port on the underside of the toy and plug it into a wall outlet.

2. **Attach Feathers:** Select a feather attachment and securely insert its base into the designated slot on the toy's rotating mechanism.

3. **Place Track Balls:** Place the two track balls into the circular track around the base of the toy.

4. **Position the Toy:** Place the toy on a flat, stable surface in an area accessible to your cat.

OPERATING INSTRUCTIONS

Smart Mode

Available for multicolored and light off mode

Activates for 10 minute each
4 hours during daylight

Automatically
turn off at night

Image: The top view of the ORSDA 2-in-1 Interactive Cat Toy, highlighting the central button and LED indicator lights for Smart Mode, showing activation during daylight and automatic turn-off at night.

1. **Power On/Off:** Press the central button on the top of the toy to turn it on. Press it again to cycle through modes or turn it off.
2. **Mode Selection:** Each press of the central button will cycle through the available speed modes for the ambush feather and track ball functions. There are 3 customized speed modes.
3. **Automatic Shut-off:** The toy is designed to operate for 10 minutes and then automatically shut off. It will reactivate every 3 hours to provide intermittent play sessions.
4. **Smart Mode:** The toy features a Smart Mode that detects ambient light. During daylight hours, it will activate for 10 minutes every 4 hours. At night, it will automatically turn off to avoid disturbing sleep.

MAINTENANCE

- **Cleaning:** Wipe the toy's surface with a soft, dry cloth. Do not use harsh chemicals or immerse the toy in water.
- **Feather Replacement:** If feathers become worn or damaged, gently pull them out and insert new ones. Ensure they are securely fastened.
- **Battery Replacement:** When the toy's performance diminishes, replace the 4 AA batteries with new ones,

ensuring correct polarity.

- **Storage:** When not in use for extended periods, remove batteries and store the toy in a dry, cool place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Toy does not turn on.	No power (dead batteries or adapter not connected).	Replace batteries or ensure adapter is properly connected and functional.
Feather does not move.	Feather mechanism jammed or damaged.	Check for obstructions. If damaged, discontinue use.
Cat is not interested in the toy.	Cat prefers different play styles or needs new stimulation.	Try different feather attachments. Introduce the toy during active play times. Ensure the toy is clean and functioning correctly.
Toy turns off too quickly.	Automatic shut-off feature activated.	This is normal operation (10 minutes on, then off). It will reactivate after 3 hours in regular mode, or according to Smart Mode schedule.
