Quapas! Bandit Cat Tree Instruction Manual

Model: 8718591254086

1. PRODUCT OVERVIEW

The Quapas! Bandit Cat Tree is designed to provide a multi-functional activity center for large and heavy cats. It features durable scratching surfaces, a cozy enclosed retreat, and an elevated resting platform. Constructed with high-quality plush and sisal, this cat tree offers both comfort and resilience for your pet's daily activities.

Image 1.1: Front view of the Quapas! Bandit Cat Tree, showcasing its multi-level design with a lower cave, two scratching posts, and an upper platform with a cushion.

- **Superior Quality:** Made from high-quality sisal and soft plush for durability and comfort.
- **Enhanced Stability:** Features a sturdy base and thick sisal posts, suitable for larger and heavier cats.
- **Versatile Use:** Allows cats to scratch, climb, rest, and observe from elevated positions.
- **Optimal Comfort:** Includes a spacious cave and a plush-covered upper platform with a removable, washable cushion.

2. SAFETY INSTRUCTIONS

- Place the cat tree on a flat, stable, and level surface to prevent tipping.
- Ensure all components are securely fastened during assembly and periodically check for tightness.
- Regularly inspect the cat tree for any loose parts, damage, or excessive wear. Replace or repair as

necessary.

- Keep the cat tree away from open flames, heaters, or other heat sources.
- Supervise your pet during initial use to ensure they adapt safely to the new structure.
- This product is intended for pet use only.

3. PACKAGE CONTENTS

Before assembly, please verify that all parts listed below are present and undamaged.

- Base Plate (1x)
- Sisal Scratching Posts (2x)
- Cat Cave/Condo (1x)
- Upper Platform with Raised Edges (1x)
- Removable, Washable Cushion (1x)
- Assembly Hardware (Screws, Allen Key)

4. ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps to assemble your Quapas! Bandit Cat Tree:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface. Verify against the 'Package Contents' list.
2. **Attach Scratching Posts to Base:** Securely screw the two sisal scratching posts into the designated holes on the base plate using the provided hardware. Ensure they are tightened firmly.
3. **Position Cat Cave:** Place the cat cave onto the base plate, aligning its attachment points with the base. Secure it using the appropriate screws.
4. **Mount Upper Platform:** Attach the upper platform to the top of the scratching posts. Ensure all

connections are tight and stable.

5. **Place Cushion:** Position the removable cushion onto the upper platform.
6. **Final Check:** Once assembled, gently shake the cat tree to ensure all parts are stable and secure. Retighten any loose connections.

5. USAGE

The Quapas! Bandit Cat Tree offers multiple features for your cat's enjoyment:

- **Scratching Posts:** The sisal-wrapped posts provide an ideal surface for your cat to sharpen its claws, helping to protect your furniture.
- **Cat Cave:** The enclosed cave offers a private and secure space for your cat to rest, sleep, or hide.
- **Upper Platform:** The elevated platform with a soft cushion serves as a comfortable lookout spot or an additional sleeping area.

6. MAINTENANCE

Proper maintenance will extend the life of your cat tree:

- **Cleaning Plush Surfaces:** Use a vacuum cleaner with a brush attachment to remove loose fur and dust. For spot cleaning, gently wipe with a damp cloth and mild pet-safe detergent, then air dry.

- **Cushion Care:** The removable cushion is washable. Refer to the care label on the cushion for specific washing instructions (typically machine wash cold, gentle cycle, and tumble dry low).
- **Sisal Posts:** Inspect the sisal scratching posts regularly for wear and tear. While sisal is durable, it is designed to be scratched. Replace posts if they become excessively frayed or damaged.
- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight and secure. Tighten as needed to maintain stability.

7. TROUBLESHOOTING

- **Cat Tree is Unstable:**
Solution: Ensure all screws are fully tightened. Verify the cat tree is placed on a completely flat and level surface.
- **Cat is Not Using the Tree:**
Solution: Try placing treats or catnip on different levels of the tree to encourage exploration. Position the tree in a location your cat frequently visits or enjoys observing from.
- **Sisal Posts are Fraying Quickly:**
Solution: Fraying is normal as sisal is a scratching surface. If the posts become too damaged to be effective, consider contacting the manufacturer for replacement parts.

8. SPECIFICATIONS

Brand	Quapas!
Model Number	8718591254086
ASIN	B08TZQDP4S
Color	Grey
