Mattel GTK90

Mattel Disney Pixar Cars Radiator Springs Mountain Race Playset GTK90

Instruction Manual

INTRODUCTION

Welcome to the exciting world of Disney Pixar Cars with your new Mattel Radiator Springs Mountain Race Playset (Model GTK90). This playset allows fans to recreate thrilling head-to-head races through the iconic landscapes of Radiator Springs. Featuring a dual-track design, a launch mechanism, and included Lightning McQueen and Jackson Storm vehicles, this set provides hours of imaginative play. Please read this manual carefully before assembly and use to ensure safe and optimal performance.

IMPORTANT SAFETY INFORMATION

- **WARNING:** Not suitable for children under 36 months due to small parts which may present a choking hazard.
- Adult supervision is recommended during assembly and play.
- Keep all packaging materials away from children.
- Inspect the playset regularly for any damage or loose parts. Discontinue use if any damage is found.
- Do not modify the product in any way.

PACKAGE CONTENTS

Ensure all components are present before beginning assembly:

- 1x Radiator Springs Mountain Race Playset structure
- 1x Lightning McQueen vehicle
- 1x Jackson Storm vehicle
- Assembly instructions (this manual)

Image: The two included character cars, Lightning McQueen (red) and Jackson Storm (dark blue/black).

SETUP AND ASSEMBLY

Assembly of the Radiator Springs Mountain Race Playset is designed to be straightforward. Please note that some parts are designed for one-time assembly and cannot be easily disassembled once connected. Follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, flat surface. Refer to the packaging image for an overview of the assembled playset.

Image: The complete playset, including the Wheel Well Motel, racing tracks, Flo's V8 Cafe, and the two included vehicles, shown with its retail packaging.

2. **Connect Base Sections:** Identify the main base pieces of the playset. Connect them securely according to the diagrams in the included quick-start guide (if separate) or by matching the interlocking tabs and slots.
3. **Assemble Mountain Structure:** Build the central mountain structure, which includes the Wheel Well Motel at the top and the waterfall feature. Ensure all pieces click firmly into place.
4. **Attach Racing Tracks:** Connect the dual racing tracks to the mountain structure, starting from the Wheel Well Motel and spiraling down towards Flo's V8 Cafe. Pay attention to the direction of the tracks and any track diverters.
5. **Install Flo's V8 Cafe:** Position and secure the Flo's V8 Cafe section at the bottom of the tracks, which serves as the finish line.
6. **Final Check:** Once all components are assembled, gently test the stability of the playset. Ensure there are no loose connections.

OPERATING INSTRUCTIONS

Follow these steps to enjoy head-to-head racing with your Radiator Springs Mountain Race Playset:

1. **Place Vehicles:** Position Lightning McQueen and Jackson Storm (or other compatible Cars vehicles) at the starting gates located at the top of the Wheel Well Motel.

Push button to start the race!

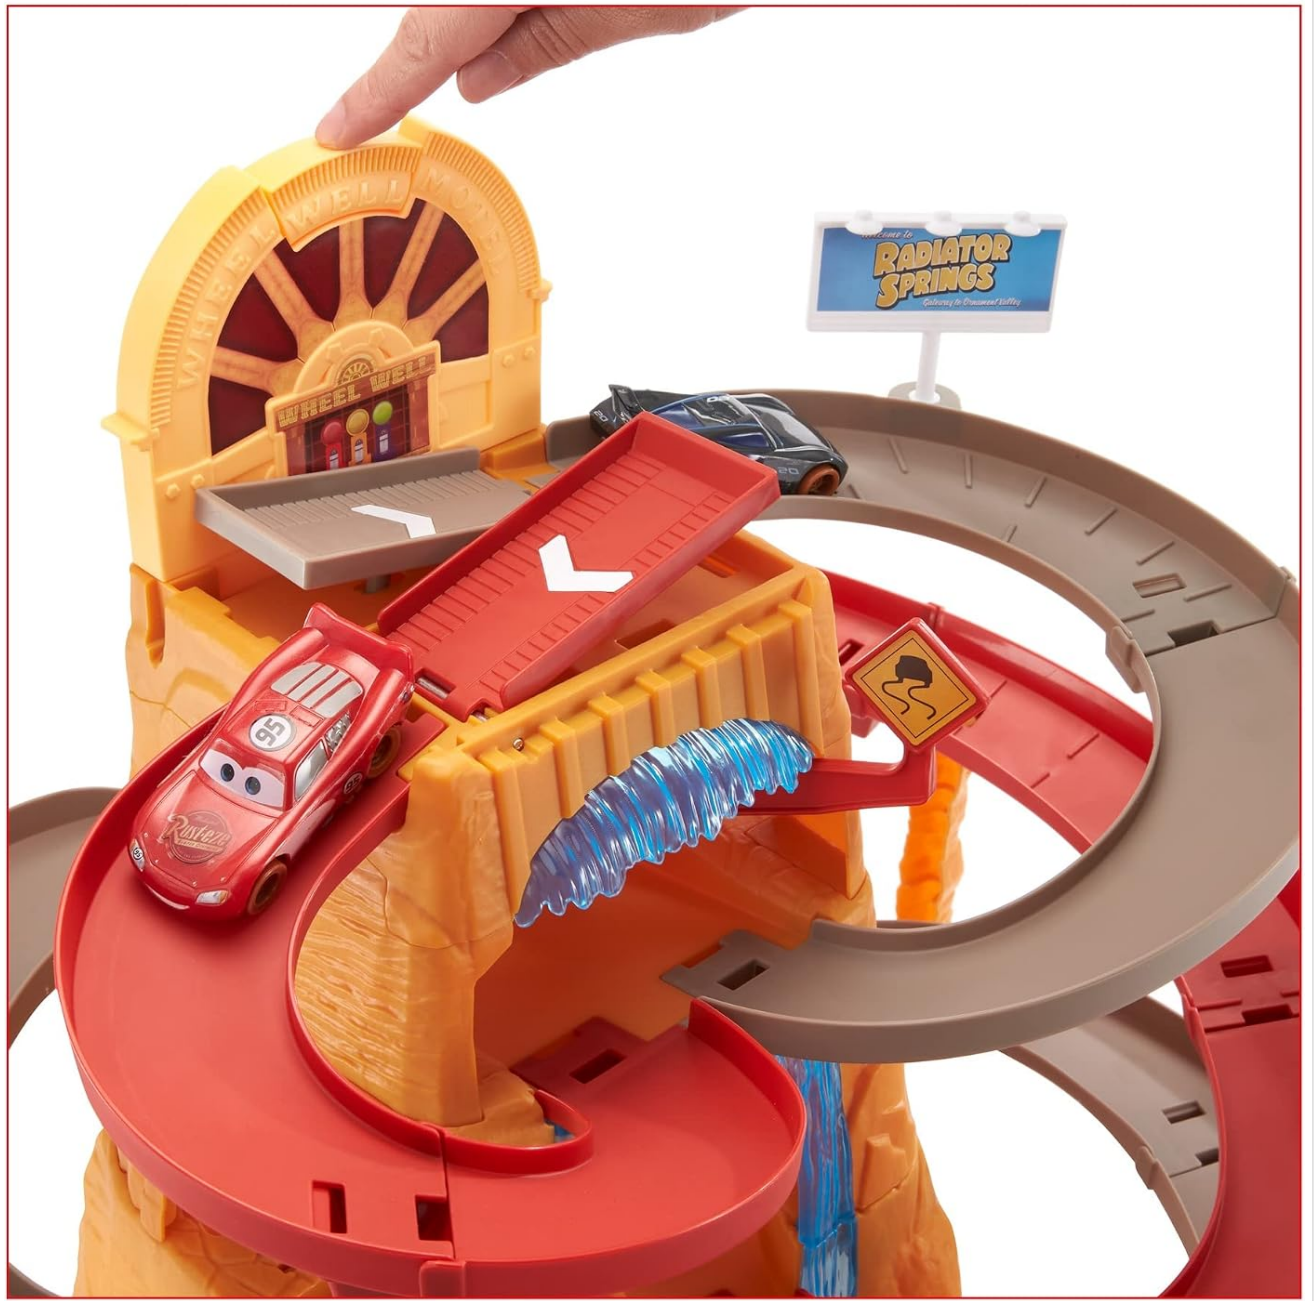

Image: A hand pressing the yellow button at the top of the Wheel Well Motel, which acts as the launch mechanism for the cars.

- 2. Launch the Race:** Press down on the Wheel Well Motel structure (or the designated launch button) to release the vehicles simultaneously. They will race down the dual spiral tracks.
- 3. Navigate the Track:** The cars will travel through various features, including a waterfall and caves, before reaching the finish line at Flo's V8 Cafe. Track diverters can be adjusted to change the race path.
- 4. Identify the Winner:** The first car to cross the finish line at Flo's V8 Cafe, indicated by the checkered flag, is the winner.

Image: A child interacting with the playset, pushing Lightning McQueen towards the gas pump at Flo's V8 Cafe, with Jackson Storm positioned on the track.

5. **Use Parking Spaces:** The playset includes parking spaces within the mountain structure for storing additional vehicles.

2 parking spaces!

Image: Two Cars vehicles, Dinoco 42 and Vitoline 24, are shown parked in the two designated parking levels within the playset's mountain structure.

6. **Refuel at Flo's V8 Cafe:** Simulate refueling your vehicles at the gas pump located at Flo's V8 Cafe.

Fill 'er up!

Image: A hand holding the gas nozzle accessory, simulating filling up Lightning McQueen at the gas pump station integrated into Flo's V8 Cafe.

MAINTENANCE

To ensure the longevity of your Radiator Springs Mountain Race Playset, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the playset with a soft, damp cloth. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** Store the playset in a cool, dry place away from direct sunlight when not in use.
- **Inspection:** Periodically check all connections and moving parts to ensure they are secure and functioning correctly.

TROUBLESHOOTING

If you encounter any issues with your playset, refer to the following common problems and solutions:

- **Cars not launching smoothly:**
 - Ensure vehicles are correctly positioned in the starting gates.
 - Verify that the launch mechanism is fully depressed.
 - Check for any obstructions on the track or in the launch area.

- **Track pieces separating:**

- Press firmly on all track connections to ensure they are securely snapped into place.
- Avoid lifting or moving the playset by individual track sections.

- **Playset instability:**

- Ensure the playset is assembled on a flat, stable surface.
- Double-check all base and support connections for proper assembly.
